

# An accidental injury can seriously cost you

## Help protect yourself from unexpected medical costs

If you and your family are active, chances are, you're no stranger to a hospital emergency room. Even with medical insurance, a fall while bicycle riding or your child's sprained ankle at soccer practice can cost you a bundle in out-of-pocket expenses. Are you financially prepared for all of the medical and non-medical costs of treatment and recovery from a serious injury?

### Financial support to help get you back on your feet

- No matter what kind of medical coverage you have, you may have out-of-pocket costs that could really set you back financially.
- Guardian® pays you cash benefits based on covered injuries, treatments and services.
- Payments go directly to you, and can help pay for other expenses, like traveling to the hospital, childcare and lost income from missed work.
- "Child Organized Sport" benefit pays you an extra 25% cash benefit for each accident when the dependent child is injured while playing an organized sport.<sup>1</sup>
- Rainy Day Fund continues to pay you a benefit even when you have exhausted a frequency limitation on a particular accident benefit.<sup>2</sup>

### An example of how Accident Insurance works<sup>3</sup>

Ambulance	\$200	Knee Brace	\$100
Hospital Admission	\$1,000	X-Ray	\$40
Emergency Room Visit	\$200	Knee Cartilage Tear	\$500
Hospital Confinement (1 Day)	\$250	6 Follow-Up Visits	\$300
Medical Resonance Imaging (MRI)	\$200		

**Total cash benefit paid for covered services: \$2,790**
