

FACT SHEET

LifeLock Benefit Elite™

LifeLock Benefit Elite protection is aimed squarely at what matters to employees—helping protect their identities and helping protect their nest eggs. While most employees have a 401(k), many may set it and forget it—which means they could miss important cues that may indicate potential fraud. LifeLock Benefit Elite protection helps detect potential fraud and brings it to the attention of employees through alerts[†] with the company's network via email, text or phone.^{††}

Available only through employers, LifeLock Benefit Elite protection helps protect 401(k) and other investment accounts from fraudulent withdrawals and balance transfers. LifeLock also monitors millions of transactions per second for potential threats to its members' personal identities, including suspicious uses of name, address, phone number, birth date, and Social Security number to obtain loans, credit and services, or to commit crimes. *LifeLock Benefit Elite membership is only available as an employee payroll-deducted benefit.*

If an employee becomes a victim of identity theft while a LifeLock member, LifeLock provides a dedicated Identity Restoration Specialist and helps protect them with our Million Dollar Protection™ Package^{†††} including our Service Guarantee to provide for experts and lawyers, if needed.

FEATURES INCLUDE:

LifeLock Identity Alert® System[†]
