## Dental Claims Provisions

---

Your right to make a claim for any dental benefits provided by this *plan*, is governed as follows:

**Notice** You must send us written notice of an *injury* or *sickness* for which a claim is being made within 20 days of the date the *injury* occurs or the *sickness* starts. You must detail the nature and extent of the loss for which the claim is being made. You must send us written proof within 90 days of the loss.

**Late Notice of Proof** We won't void or reduce your claim if you can't send us notice and proof of loss within the required time. But you must send us notice and proof as soon as reasonably possible.

When you file proof of loss, you may direct us, in writing, to pay dental benefits to the recognized provider of health care who provided the covered service for which benefits became payable. We may honor such direction at our option. But we can't tell you that a particular provider must provide such care. And you may not assign your right to take legal action under this *plan* to such provider.

**Limitations of Actions** You can't bring a legal action against this *plan* until 60 days from the date you file proof of loss. And you can't bring legal action against this *plan* after three years from the date you file proof of loss.

**An Important Notice About Continuation Rights**

The following "Federal Continuation Rights" section may not apply to the employer's plan. The employee must contact his employer to find out if: (a) the employer is subject to the "Federal Continuation Rights" section, and therefore; (b) the section applies to the employee.

## YOUR CONTINUATION RIGHTS

---

---

### Federal Continuation Rights

---

**Important Notice** This notice contains important information about the right to continue group dental coverage. In addition to the continuation rights described below, other health coverage alternatives may be available through states' Health Insurance Marketplaces. Please read the information contained in this notice very carefully.

This section applies only to any dental, out-of-network point-of-service medical, major medical, prescription drug or vision coverages which are part of this plan. In this section, these coverages are referred to as "group health benefits."

This section does not apply to any coverages which apply to loss of life, or to loss of income due to disability. These coverages can not be continued under this section.

Under this section, "qualified continuee" means any person who, on the day before any event which would qualify him or her for continuation under this section, is covered for group health benefits under this plan as: (a) an active, covered employee; (b) the spouse of an active covered employee; or (c) the dependent child of an active, covered employee. A child born to, or adopted by, the covered employee during a continuation period is also a qualified continuee. Any other person who becomes covered under this plan during a continuation provided by this section is not a qualified continuee.

**Conversion** Continuing the group health benefits does not stop a qualified continuee from converting some of these benefits when continuation ends. But, conversion will be based on any applicable conversion privilege provisions of this plan in force at the time the continuation ends.

**If Your Group Health Benefits End** If your group health benefits end due to your termination of employment or reduction of work hours, you may elect to continue such benefits for up to 18 months, if you were not terminated due to gross misconduct.

The continuation: (a) may cover you or any other qualified continuee; and (b) is subject to "When Continuation Ends".

**Extra Continuation for Disabled Qualified Continuees** If a qualified continuee is determined to be disabled under Title II or Title XVI of the Social Security Act on or during the first 60 days after the date his or her group health benefits would otherwise end due to your termination of employment or reduction of work hours, and such disability lasts at least until the end of the 18 month period of continuation coverage, he or she or any member of that person's family who is a qualified continuee may elect to extend his or her 18 month continuation period explained above for up to an extra 11 months.

## Federal Continuation Rights (Cont.)

---

To elect the extra 11 months of continuation, a qualified continuee must give your employer written proof of Social Security's determination of the disabled qualified continuee's disability as described in "The Qualified Continuee's Responsibilities". If, during this extra 11 month continuation period, the qualified continuee is determined to be no longer disabled under the Social Security Act, he or she must notify your employer within 30 days of such determination, and continuation will end, as explained in "When Continuation Ends."

This extra 11 month continuation is subject to "When Continuation Ends".

An additional 50% of the total premium charge also may be required from all qualified continuees who are members of the disabled qualified continuee's family by your employer during this extra 11 month continuation period, provided the disabled qualified continuee has extended coverage.

**If You Die While Insured** If you die while insured, any qualified continuee whose group health benefits would otherwise end may elect to continue such benefits. The continuation can last for up to 36 months, subject to "When Continuation Ends".

### All Options

**If Your Marriage Ends** If your marriage ends due to legal divorce or legal separation, any qualified continuee whose group health benefits would otherwise end may elect to continue such benefits. The continuation can last for up to 36 months, subject to "When Continuation Ends".

**If a Dependent Child Loses Eligibility** If a dependent child's group health benefits end due to his or her loss of dependent eligibility as defined in this plan, other than your coverage ending, he or she may elect to continue such benefits. However, such dependent child must be a qualified continuee. The continuation can last for up to 36 months, subject to "When Continuation Ends".

**Concurrent Continuations** If a dependent elects to continue his or her group health benefits due to your termination of employment or reduction of work hours, the dependent may elect to extend his or her 18 month or 29 month continuation period to up to 36 months, if during the 18 month or 29 month continuation period, the dependent becomes eligible for 36 months of continuation due to any of the reasons stated above.

The 36 month continuation period starts on the date the 18 month continuation period started, and the two continuation periods will be deemed to have run concurrently.

## Federal Continuation Rights (Cont.)

---

**Special Medicare Rule** If you become entitled to Medicare before a termination of employment or reduction of work hours, a special rule applies for a dependent. The continuation period for a dependent, after your later termination of employment or reduction of work hours, will be the longer of: (a) 18 months (29 months if there is a disability extension) from your termination of employment or reduction of work hours; or (b) 36 months from the date of your earlier entitlement to Medicare. If Medicare entitlement occurs more than 18 months before termination of employment or reduction of work hours, this special Medicare rule does not apply.

**The Qualified Continuee's Responsibilities** A person eligible for continuation under this section must notify your employer, in writing, of: (a) your legal divorce or legal separation from your spouse; (b) the loss of dependent eligibility, as defined in this plan, of an insured dependent child; (c) a second event that would qualify a person for continuation coverage after a qualified continuee has become entitled to continuation with a maximum of 18 or 29 months; (d) a determination by the Social Security Administration that a qualified continuee entitled to receive continuation with a maximum of 18 months has become disabled during the first 60 days of such continuation; and (e) a determination by the Social Security Administration that a qualified continuee is no longer disabled.

Notice of an event that would qualify a person for continuation under this section must be given to your employer by a qualified continuee within 60 days of the latest of: (a) the date on which an event that would qualify a person for continuation under this section occurs; (b) the date on which the qualified continuee loses (or would lose) coverage under this plan as a result of the event; or (c) the date the qualified continuee is informed of the responsibility to provide notice to your employer and this plan's procedures for providing such notice.

Notice of a disability determination must be given to your employer by a qualified continuee within 60 days of the latest of: (a) the date of the Social Security Administration determination; (b) the date of the event that would qualify a person for continuation; (c) the date the qualified continuee loses or would lose coverage; or (d) the date the qualified continuee is informed of the responsibility to provide notice to your employer and this plan's procedures for providing such notice. But such notice must be given before the end of the first 18 months of continuation coverage.

CGP-3-R-COBRA-96-3

B235.0178

## All Options

**Your Employer's Responsibilities** A qualified continuee must be notified, in writing, of: (a) his or her right to continue this plan's group health benefits; (b) the premium he or she must pay to continue such benefits; and (c) the times and manner in which such payments must be made.

Your employer must give notice of the following qualifying events to the plan administrator within 30 days of the event: (a) your death; (b) termination of employment (other than for gross misconduct) or reduction in hours of employment; (c) Medicare entitlement; or (d) if you are a retired employee, a bankruptcy proceeding under Title 11 of the United States Code with respect to the employer. Upon receipt of notice of a qualifying event from your employer or from a qualified continuee, the plan administrator must notify a qualified continuee of the right to continue this plan's group health benefits no later than 14 days after receipt of notice.

If your employer is also the plan administrator, in the case of a qualifying event for which an employer must give notice to a plan administrator, your employer must provide notice to a qualified continuee of the right to continue this plan's group health benefits within 44 days of the qualifying event.

If your employer determines that an individual is not eligible for continued group health benefits under this plan, they must notify the individual with an explanation of why such coverage is not available. This notice must be provided within the time frame described above.

If a qualified continuee's continued group health benefits under this plan are cancelled prior to the maximum continuation period, your employer must notify the qualified continuee as soon as practical following determination that the continued group health benefits shall terminate.

**Your Employer's Liability** Your employer will be liable for the qualified continuee's continued group health benefits to the same extent as, and in place of, us, if: (a) he or she fails to remit a qualified continuee's timely premium payment to us on time, thereby causing the qualified continuee's continued group health benefits to end; or (b) he or she fails to notify the qualified continuee of his or her continuation rights, as described above.

**Election of Continuation** To continue his or her group health benefits, the qualified continuee must give your employer written notice that he or she elects to continue. This must be done by the later of: (a) 60 days from the date a qualified continuee receives notice of his or her continuation rights from your employer as described above; or (b) the date coverage would otherwise end. And the qualified continuee must pay his or her first premium in a timely manner.

The subsequent premiums must be paid to your employer, by the qualified continuee, in advance, at the times and in the manner specified by your employer. No further notice of when premiums are due will be given.

The premium will be the total rate which would have been charged for the group health benefits had the qualified continuee stayed insured under the group plan on a regular basis. It includes any amount that would have been paid by your employer. Except as explained in "Extra Continuation for Disabled Qualified Continuees", an additional charge of two percent of the total premium charge may also be required by your employer.

## Federal Continuation Rights (Cont.)

---

If the qualified continuee fails to give your employer notice of his or her intent to continue, or fails to pay any required premiums in a timely manner, he or she waives his or her continuation rights.

**Grace in Payment of Premiums** A qualified continuee's premium payment is timely if, with respect to the first payment after the qualified continuee elects to continue, such payment is made no later than 45 days after such election. In all other cases, such premium payment is timely if it is made within 31 days of the specified due date. If timely payment is made to the plan in an amount that is not significantly less than the amount the plan requires to be paid for the period of coverage, then the amount paid is deemed to satisfy the requirement for the premium that must be paid; unless your employer notifies the qualified continuee of the amount of the deficiency and grants an additional 30 days for payment of the deficiency to be made. Payment is calculated to be made on the date on which it is sent to your employer.

**When Continuation Ends** A qualified continuee's continued group health benefits end on the first of the following:

- (1) with respect to continuation upon your termination of employment or reduction of work hours, the end of the 18 month period which starts on the date the group health benefits would otherwise end;
- (2) with respect to a qualified continuee who has an additional 11 months of continuation due to disability, the earlier of: (a) the end of the 29 month period which starts on the date the group health benefits would otherwise end; or (b) the first day of the month which coincides with or next follows the date which is 30 days after the date on which a final determination is made that the disabled qualified continuee is no longer disabled under Title II or Title XVI of the Social Security Act;
- (3) with respect to continuation upon your death, your legal divorce, or legal separation, or the end of an insured dependent's eligibility, the end of the 36 month period which starts on the date the group health benefits would otherwise end;
- (4) the date the employer ceases to provide any group health plan to any employee;
- (5) the end of the period for which the last premium payment is made;
- (6) the date, after the date of election, he or she becomes covered under any other group health plan which does not contain any pre-existing condition exclusion or limitation affecting him or her; or
- (7) the date, after the date of election, he or she becomes entitled to Medicare.

## Uniformed Services Continuation Rights

If you enter or return from military service, you may have special rights under this *plan* as a result of the Uniformed Services Employment and Reemployment Rights Act of 1994 ("USERRA").

If your group health benefits under this *plan* would otherwise end because you enter into active military service, this *plan* will allow you, or your dependents, to continue such coverage in accord with the provisions of USERRA. As used here, "group health benefits" means any dental, out-of-network point-of service medical, major medical, prescription drug or vision coverages which are part of this *plan*.

Coverage under this plan may be continued while you are in the military for up to a maximum period of 24 months beginning on the date of absence from work. Continued coverage will end if you fail to return to work in a timely manner after military service ends as provided under USERRA. You should contact your employer for details about this continuation provision including required premium payments.

## ELIGIBILITY FOR DENTAL COVERAGE

---

B489.0002

---

### Employee Coverage

---

**Eligible Employees** To be eligible for *employee* coverage you must be an active *full-time employee*. And you must belong to a class of *employees* covered by this *plan*.

**Other Conditions** If you must pay all or part of the cost of *employee* coverage, we won't insure you until you enroll and agree to make the required payments. If you do this: (a) more than 31 days after you first become eligible; or (b) after you previously had coverage which ended because you failed to make a required payment, we consider you to be a late entrant.

If you initially waived dental coverage under this *plan* because you were covered under another group *plan*, and you now elect to enroll in the dental coverage under this *plan*, the Penalty for Late Entrants provision will not apply to you with regard to dental coverage provided your coverage under the other *plan* ends due to one of the following events: (a) termination of your spouse's employment; (b) loss of eligibility under your spouse's *plan*; (c) divorce; (d) death of your spouse; or (e) termination of the other *plan*.

But you must enroll in the dental coverage under this *plan* within 30 days of the date that any of the events described above occur.

CGP-3-EC-90-1.0

B489.0122

**When Your Coverage Starts** *Employee* benefits are scheduled to start on your effective date.

But you must be actively at work on a *full-time* basis on the scheduled effective date. And you must have met all of the applicable conditions explained above, and any applicable waiting period. If you are not actively at work on the date your insurance is scheduled to start, we will postpone your coverage until the date you return to active *full-time* work.

Sometimes, your effective date is not a regularly scheduled work day. But coverage will still start on that date if you were actively at work on a *full-time* basis on your last regularly scheduled work day.

CGP-3-EC-90-2.0

B489.0070

## All Options

**When Your Coverage Ends** Your coverage ends on the date your active *full-time* service ends for any reason, other than disability. Such reasons include death, retirement, layoff, leave of absence and the end of employment.

It also ends on the date you stop being a member of a class of *employees* eligible for insurance under this *plan*, or when this *plan* ends for all *employees*. And it ends when this *plan* is changed so that benefits for the class of *employees* to which you belong ends.

If you are required to pay all or part of the cost of this coverage and you fail to do so, your coverage ends. It ends on the last day of the period for which you made the required payments, unless coverage ends earlier for other reasons.

Read this booklet carefully if your coverage ends. You may have the right to continue certain group benefits for a limited time.

### Your Right To Continue Group Coverage During A Family Leave Of Absence

---

**Important Notice** This section may not apply. You must contact your *employer* to find out if your *employer* must allow for a leave of absence under federal law. In that case the section applies.

**If Your Group Coverage Would End** Group coverage may normally end for an *employee* because he or she ceases work due to an approved leave of absence. But, the *employee* may continue his or her group coverage if the leave of absence has been granted: (a) to allow the *employee* to care for a seriously injured or ill spouse, child, or parent; (b) after the birth or adoption of a child; (c) due to the *employee's* own serious health condition; or (d) because of any serious injury or illness arising out of the fact that a spouse, child, parent, or next of kin, who is a covered servicemember, of the *employee* is on active duty (or has been notified of an impending call or order to active duty) in the Armed Forces in support of a contingency operation. The *employee* will be required to pay the same share of the premium as he or she paid before the leave of absence.

**When Continuation Ends** Coverage may continue until the earliest of the following:

- The date you return to active work.
- The end of a total leave period of 26 weeks in one 12 month period, in the case of an *employee* who cares for a covered servicemember. This 26 week total leave period applies to all leaves granted to the *employee* under this section for all reasons.
- The end of a total leave period of 12 weeks in: (a) any 12 month period, in the case of any other *employee*; or (b) any later 12 month period in the case of an *employee* who cares for a covered servicemember.

**Adopted Children And Step-Children** Your "dependent children" include your legally adopted children and, your step-children. We treat a child as legally adopted from the time the child is placed in your home for the purpose of adoption. We treat such a child this way whether or not a final adoption order is ever issued.

**Dependents Not Eligible** We exclude any dependent who is insured by this *plan* as an *employee*. And we exclude any dependent who is on active duty in any armed force.

**Handicapped Children** You may have an unmarried child with a mental or physical handicap, or developmental disability, who can't support himself or herself. Subject to all of the terms of this coverage and the *plan*, such a child may stay eligible for dependent benefits past this coverage's age limit.

The child will stay eligible as long as he or she stays unmarried and unable to support himself or herself, if: (a) his or her conditions started before he or she reached this coverage's age limit; (b) he or she became insured by this coverage before he or she reached the age limit, and stayed continuously insured until he or she reached such limit; and (c) he or she depends on you for most of his or her support and maintenance.

But, for the child to stay eligible, you must send us written proof that the child is handicapped and depends on you for most of his or her support and maintenance. You have 31 days from the date the child reaches the age limit to do this. We can ask for periodic proof that the child's condition continues. But, after two years, we can't ask for this proof more than once a year.

The child's coverage ends when yours does.

### Waiver Of Dental Late Entrants Penalty

If you initially waived dental coverage for your spouse or eligible dependent children under this plan because they were covered under another group plan, and you now elect to enroll them in the dental coverage under this plan, the Penalty for Late Entrants provision will not apply to them with regard to dental coverage provided their coverage under the other plan ends due to one of the following events: (a) termination of your spouse's employment; (b) loss of eligibility under your spouse's plan; (c) divorce; (d) death of your spouse; or (e) termination of the other plan.

But you must enroll your spouse or eligible dependent children in the dental coverage under this plan within 30 days of the date that any of the events described above occur.

In addition, the Penalty for Late Entrants provision for dental coverage will not apply to your spouse or eligible dependent children if: (a) you are under legal obligation to provide dental coverage due to a court-order; and (b) you enroll them in the dental coverage under this plan within 30 days of the issuance of the court-order.

### When Dependent Coverage Starts

In order for your dependent coverage to begin you must already be insured for employee coverage or enroll for employee and dependent coverage at the same time. Subject to the "Exception" stated below and to all of the terms of this *plan*, the date your dependent coverage starts depends on when you elect to enroll your *initial dependents* and agree to make any required payments.

If you do this on or before your *eligibility date*, the dependent's coverage is scheduled to start on the later of the first of the month which coincides with or next follows your *eligibility date* and the date you become insured for employee coverage.

If you do this within the *enrollment period*, the coverage is scheduled to start on the date you become insured for employee coverage.

If you do this after the *enrollment period* ends, each of your *initial dependents* is a late entrant and is subject to any applicable late entrant penalties. The dependent's coverage is scheduled to start on the first of the month which coincides with or next follows the date you sign the enrollment form.

Once you have dependent coverage for your *initial dependents*, you must notify us when you acquire any new dependents and agree to make any additional payments required for their coverage.

If you do this within 31 days of the date the *newly acquired dependent* becomes eligible, the dependent's coverage will start on the date the dependent first becomes eligible. If you fail to notify us on time, the *newly acquired dependent*, when enrolled, is a late entrant and is subject to any applicable late entrant penalties. The late entrant's coverage is scheduled to start on the date you sign the enrollment form.

**Exception** If a dependent, other than a newborn child, is confined to a *hospital* or other health care facility; or is home-confined; or is unable to carry out the normal activities of someone of like age and sex on the date his dependent benefits would otherwise start, we will postpone the effective date of such benefits until the day after his discharge from such facility; until home confinement ends; or until he resumes the normal activities of someone of like age and sex.

If you fail to do this, once the child is enrolled, the child is a late entrant, is subject to any applicable late entrant penalties, and will be covered as of the date you sign the enrollment form.

**When Dependent Coverage Ends** Dependent coverage ends for all of your dependents when your coverage ends. But if you die while insured, we'll automatically continue dependent benefits for those of your dependents who were insured when you died. We'll do this for six months at no cost, provided: (a) the group plan remains in force; (b) the dependents remain *eligible dependents*; and (c) in the case of a spouse, the spouse does not remarry.

If a surviving dependent elects to continue his or her dependent benefits under this *plan's* "Federal Continuation Rights" provision, or under any other continuation provision of this *plan*, if any, this free continuation period will be provided as the first six months of such continuation. Premiums required to be paid by, or on behalf of a surviving dependent will be waived for the first six months of continuation, subject to restrictions (a), (b) and (c) above. After the first six months of continuation, the remainder of the continuation period, if any, will be subject to the premium requirements, and all of the terms of the "Federal Continuation Rights" or other continuation provisions.

## Dependent Coverage (Cont.)

---

Dependent coverage also ends for all of your dependents when you stop being a member of a class of *employees* eligible for such coverage. And it ends when this *plan* ends, or when dependent coverage is dropped from this *plan* for all *employees* or for an *employee's* class.

If you are required to pay all or part of the cost of dependent coverage, and you fail to do so, your dependent coverage ends. It ends on the last day of the period for which you made the required payments, unless coverage ends earlier for other reasons.

An individual dependent's coverage ends when he or she stops being an *eligible dependent*. This happens to a child at 12:01 a.m. on the date the child attains this coverage's age limit.

**This Plan's Contracted Dental Provider Plan**

---

This *plan* is designed to provide high quality dental care while controlling the cost of such care. To do this, the *plan* encourages a *covered person* to seek dental care from contracted *dentists* and dental care facilities.

A contracted dental provider is a dental practitioner or dental facility that has a participatory agreement in force with us and is located in the *covered person's* geographic area.

Use of a contracted dental provider is voluntary. A *covered person* may receive dental treatment from any dental provider he chooses. And, he is free to change providers anytime. But this *plan* usually leaves the *covered person* with less *out-of-pocket expense* when a *contracted provider* is used.

When you enroll in this *plan*, you and your dependents get a dental *plan* ID card and information about current contracted dental providers. A *covered person* must present his ID card when he goes to a *contracted provider*. Most contracted providers prepare necessary claim forms for the *covered person*, and submit the forms to us. We send the *covered person* an explanation of this *plan's* benefit payments.

What we pay is based on all the terms of this *plan*. Please read this material with care, and have it available when seeking dental care. Read this booklet carefully for specific benefit levels, deductibles, payment rates and payment limits.

You can call The Guardian Group Claim Office if you have any questions after reading this material.

**Covered Charges**

---

Covered charges are reasonable and customary charges for the dental services named in this *plan's* List of Covered Dental Services. To be covered by this *plan*, a service must be: (a) necessary; (b) appropriate for a given condition; and (c) included in the List of Covered Dental Services.

We may use the professional review of a *dentist* to determine the appropriate benefit for a dental procedure or course of treatment.

## Covered Charges (Cont.)

---

By reasonable, *we* mean the charge is the *dentist's* usual charge for the service furnished. By customary, *we* mean the charge made for the given dental condition isn't more than the usual charge made by most other *dentists*. But, in no event will the covered charge be greater than the 90th percentile of the prevailing fee data for a particular service in a geographic area.

When certain comprehensive dental procedures are performed, other less extensive procedures may be performed prior to, at the same time or at a later date. For benefit purposes under this *plan*, these less extensive procedures are considered to be part of the more comprehensive procedure. Even if the *dentist* submits separate bills, the total benefit payable for all related charges will be limited to the maximum benefit payable for the more comprehensive procedure. For example, osseous surgery includes the procedure scaling and root planing. If the scaling and root planing is performed one or two weeks prior to the osseous surgery, *we* may only pay benefits for the osseous surgery.

*We* only pay benefits for covered charges incurred by a *covered person* while he or she is insured by this *plan*. A covered charge for a crown, bridge or cast restoration is incurred on the date the tooth is initially prepared. A covered charge for any other *dental prosthesis* is incurred on the date the first master impression is made. A covered charge for root canal treatment is incurred on the date the pulp chamber is opened. A covered charge for *orthodontic treatment* is incurred on the date the *active orthodontic appliance* is first placed. All other covered charges are incurred on the date the services are furnished. If a service is started while a *covered person* is insured, *we'll* only pay benefits for services which are completed within 31 days of the date his or her coverage under this *plan* ends.

## Covered Charges

Whether a *covered person* uses the services of a *contracted provider* or a *non-contracted provider*, covered charges are the charges listed in the fee schedule the *contracted provider* has agreed to accept as payment in full, for the dental services listed in this *plan's* List of Covered Dental Services.

To be covered by this *plan*, a service must be: (a) necessary; (b) appropriate for a given condition; and (c) included in the List of Covered Dental Services.

*We* may use the professional review of a *dentist* to determine the appropriate benefit for a dental procedure or course of treatment.

## Alternate Treatment

If more than one type of service can be used to treat a dental condition, we have the right to base benefits on the least expensive service which is within the range of professionally accepted standards of dental practice as determined by *us*. For example, in the case of bilateral multiple adjacent teeth, or multiple missing teeth in both quadrants of an arch, the benefit will be based on a removable partial denture. In the case of a composite filling on a *posterior tooth*, the benefit will be based on the corresponding amalgam filling benefit.

---

## Proof Of Claim

So that we may pay benefits accurately, the *covered person* or his or her *dentist* must provide *us* with information that is acceptable to *us*. This information may, at *our* discretion, consist of radiographs, study models, periodontal charting, narratives or other diagnostic materials that document *proof of claim* and support the necessity of the proposed treatment. If we don't receive the necessary information, we may pay no benefits, or minimum benefits. However, if we receive the necessary information within 15 months of the date of service, we will redetermine the *covered person's* benefits based on the new information.

## Pre-Treatment Review

When the expected cost of a proposed course of treatment is \$300.00 or more, the *covered person's dentist* should send us a treatment plan before he or she starts. This must be done on a form acceptable to *Guardian*. The treatment plan must include: (a) a list of the services to be done, using the American Dental Association Nomenclature and codes; (b) the itemized cost of each service; and (c) the estimated length of treatment. In order to evaluate the treatment plan, dental radiographs, study models and whatever else will document the necessity of the proposed course of treatment, must be sent to *us*.

A treatment plan should always be sent to us before orthodontic treatment starts.

We review the treatment plan and estimate what we will pay. We will send the estimate to the covered person and/or the covered person's dentist. If the treatment plan is not consistent with accepted standards of dental practice, or if one is not sent to us, we have the right to base our benefit payments on treatment appropriate to the covered person's condition using accepted standards of dental practice.

The covered person and his or her dentist have the opportunity to have services or a treatment plan reviewed before treatment begins. Pre-treatment review is not a guarantee of what we will pay. It tells the covered person, and his or her dentist, in advance, what we would pay for the covered dental services listed in the treatment plan. But, payment is conditioned on: (a) the services being performed as proposed and while the covered person is insured; and (b) the deductible, payment rate and payment limits provisions, and all of the other terms of this plan.

Emergency treatment, oral examinations, evaluations, dental radiographs and teeth cleaning are part of a course of treatment, but may be done before the pre-treatment review is made.

We won't deny or reduce benefits if pre-treatment review is not done. But what we pay will be based on the availability and submission of proof of claim.

## Benefits From Other Sources

Other plans may furnish benefits similar to the benefits provided by this *plan*. For instance, you may be covered by this *plan* and a similar plan through your spouse's employer. You may also be covered by this *plan* and a medical plan. In such instances, we coordinate *our* benefits with the benefits from that other plan. *We* do this so that no one gets more in benefits than the charges he or she incurs. Group I, II and III Non-Orthodontic Services**

A *covered person* may be eligible for a rollover of a portion of his or her unused *benefit year* payment limit for Group I, II and III Non-Orthodontic Services as follows:

If a *covered person* submits at least one claim for covered charges during a *benefit year* and, in that *benefit year*, receives benefits that are in excess of any deductible or co-pay fees, and that, in total, do not exceed the *Rollover Threshold*, he or she may be entitled to a *Reward*.

*Rewards* can accrue and are stored in the *covered person's Bank*. If a *covered person* reaches his or her *benefit year* payment limit for Group I, II and III Non-Orthodontic Services, we pay benefits up to the amount stored in the *covered person's Bank*. The amount of *Reward* stored in the *Bank* may not be greater than the *Bank Maximum*.

A *covered person's Bank* may be eliminated, and the accrued *Reward* lost, if he or she has a break in coverage of any length of time, for any reason.

The amounts of this plan's *Rollover Threshold*, *Reward*, and *Bank Maximum* are:

- *Rollover Threshold* . . . . . \$500.00

- *Bank Maximum* . . . . . \$1,000.00

If this plan's dental coverage first becomes effective in October, November or December, this rollover provision will not apply until January 1 of the first full *benefit year*. And, if the effective date of a *covered person's* dental coverage is in October, November or December, this rollover provision will not apply to the *covered person* until January 1 of the next full *benefit year*. In either case:

- only claims incurred on or after January 1 will count toward the *Rollover Threshold*; and
- *Rewards* will not be applied to a *covered person's Bank* until the *benefit year* that starts one year from the date the rollover provision first applies.

If charges for any dental services are not payable for a *covered person* for a period set forth in the provisions of this *plan* called Penalty for Late Entrants and Waiting Periods for Certain Services, this rollover provision will not apply to the *covered person* until the end of such period. And, if such period ends within the three months prior to the start of this plan's next *benefit year*, this rollover provision will not apply to the *covered person* until the next *benefit year*, and:

- only claims incurred on or after the start of the next *benefit year* will count toward the *Rollover Threshold*; and
- *Rewards* will not be applied to a *covered person's Bank* until the *benefit year* that starts one year from the date the rollover provision first applies.

Definitions of terms used in this provision:

*"Bank"* means the amount of a *covered person's* accrued *Reward*.

*"Bank Maximum"* means the maximum amount of *Reward* that a *covered person* can store in his or her *Bank*.

*"Reward"* means the dollar amount which may be added to a *covered person's Bank* when he or she receives benefits in a *benefit year* that do not exceed the *Rollover Threshold*.

*"Rollover Threshold"* means the maximum amount of benefits that a *covered person* can receive during a *benefit year* and still be entitled to receive a *Reward*.

## CERTIFICATE AMENDMENT

---

The plan's Dental Expense Insurance provisions are amended to include the following disclosure with respect to plans that have preferred provider provisions:

The dental PPO is made up of preferred providers in a covered person's geographic area with whom Guardian has contracted and who may provide services at a discount.

What we pay is subject to all the terms and conditions of the plan.

Except as stated in this rider, nothing contained in this rider changes or affects any other terms of this certificate.

**CERTIFICATE AMENDMENT**

---

Effective on the latter of (i) the original effective date of the Policy; or (ii) the effective date of any applicable amendment requested by the Policyholder and approved by the Insurance Company, this rider amends the Dental Expense Insurance provisions of the Group Policy as follows:

The Alternate Treatment provision is changed to read as follows when titanium or high noble metal (gold) is used in a *dental prosthesis*.

If more than one type of service can be used to treat a dental condition, we have the right to base benefits on the least expensive service which is within the range of professionally accepted standards of dental practice as determined by us. For example, in the case of bilateral multiple adjacent missing teeth, or multiple missing teeth in both quadrants of an arch the benefit will be based on a removable partial denture. In the case of titanium or high noble metal (gold) used in a *dental prosthesis*, the benefit will be based on the noble metal benefit. In the case of a composite filling on a posterior tooth, the benefit will be based on the corresponding covered amalgam filling benefit.

This rider is part of the Policy. Except as stated in this rider, nothing contained in this rider changes or affects any other terms of this Policy.

### GROUP CERTIFICATE RIDER

---

Effective immediately, this plan's insurance provisions are amended by this rider for covered persons residing in the state of Texas as follows:

The following disclaimer is added to the first page of the Group Booklet:

**"THE INSURANCE POLICY UNDER WHICH THIS CERTIFICATE IS ISSUED IS NOT A POLICY OF WORKERS' COMPENSATION INSURANCE. YOU SHOULD CONSULT YOUR EMPLOYER TO DETERMINE WHETHER YOUR EMPLOYER IS A SUBSCRIBER TO THE WORKERS' COMPENSATION SYSTEM."**

The **Dental Expense Insurance** provision is revised in its entirety to read:

#### **DENTAL EXPENSE INSURANCE**

This insurance will pay many of a *covered person's* dental expenses. *We* pay benefits for covered charges incurred by a *covered person*. What *we* pay and terms for payment are explained below.

#### **This Plan's Contracted Dental Provider Plan**

This plan is designed to provide high quality dental care while controlling the cost of such care. To do this, the plan encourages a covered person to seek dental care from contracted dentists and dental care facilities.

A contracted dental provider is a dental practitioner or dental facility that has a participatory agreement in force with us and is located in the covered person's geographic area.

Use of a contracted dental provider is voluntary. A covered person may receive dental treatment from any dental provider he chooses. And, he is free to change providers anytime. But this plan usually leaves the covered person with less out-of-pocket expense when a contracted dental provider is used.

When a covered person enrolls in this plan, he gets a dental plan ID card and information about current contracted dental providers. When he goes to a contracted provider, the covered person must present his ID card. Most providers prepare necessary claim forms for the covered person, and submit the forms to us. We send the covered person an explanation of this plan's benefit payments.

What we pay is based on all the terms of this plan. Please read this material with care, and have it available when seeking dental care. Read this plan carefully for specific benefit levels, deductibles, payment rates and payment limits.

The covered person can call The Guardian Group Claim Office if he has any questions after reading this material.

#### **Covered Charges**

Whether a covered person uses the services of a *contracted provider* or a *non-contracted provider*, covered charges are the charges listed in the fee schedule the *contracted provider* has agreed to accept as payment in full, for the dental services listed in this *plan's* List of Covered Dental Services.

To be covered by this *plan*, a service must be: (a) necessary; (b) appropriate for a given condition; and(c) included in the List of Covered Dental Services.

*We* may use the professional review of a *dentist* to determine the appropriate benefit for a dental

procedure or course of treatment.

When certain comprehensive dental procedures are performed, other less extensive procedures may be performed prior to, at the same time or at a later date. For benefit purposes under this *plan*, these less extensive procedures are considered to be part of the more comprehensive procedure. Even if the *dentist* submits separate bills, the total benefit payable for all related charges will be limited to the maximum benefit payable for the more comprehensive procedure. For example, osseous surgery includes the procedure scaling and root planing. If the scaling and root planing is performed one or two weeks prior to the osseous surgery, we may only pay benefits for the osseous surgery.

We only pay benefits for covered charges incurred by a *covered person* while he or she is insured by this *plan*. A covered charge for a crown, bridge or cast restoration is incurred on the date the tooth is initially prepared. A covered charge for any other *dental prosthesis* is incurred on the date the first master impression is made. A covered charge for root canal treatment is incurred on the date the pulp chamber is opened. All other covered charges are incurred on the date the services are furnished. If a service is started while a *covered person* is insured, we'll only pay benefits for services which are completed within 31 days of the date his or her coverage under this *plan* ends.

### **Pre-Treatment Review**

When the expected cost of a proposed course of treatment is \$300.00 or more, the *covered person's dentist* should send us a treatment plan before he or she starts. This must be done on a form acceptable to us. The treatment plan must include: (1) a list of the services to be done, using the American Dental Association Nomenclature and codes; (2) the itemized cost of each service; and (3) the estimated length of treatment. In order to evaluate the treatment plan, dental radiographs, study models and whatever else will document the necessity of the proposed course of treatment, must be sent to us.

We review the treatment plan and estimate what we will pay. We will send the estimate to the covered person and his or her dentist. If the treatment plan is not consistent with accepted standards of dental practice, or if one is not sent to us, we have the right to base our benefit payments on treatment appropriate to the covered person's condition using accepted standards of dental practice.

The covered person and his or her dentist have the opportunity to have services or a treatment plan reviewed before treatment begins. Pre-treatment review is not a guarantee of what we will pay. It tells the covered person, and his or her dentist, in advance, what we would pay for the covered dental services listed in the treatment plan. But, payment is conditioned on: (1) the services being performed as proposed and while the person is covered; and (2) the benefit provisions, and all of the other terms of this Plan. Emergency Treatment, oral exams, evaluations, dental radiographs and teeth cleaning are part of a course of treatment, but may be done before the pre-treatment review is made.

We will not deny or reduce benefits if pre-treatment review is not done. But, what we pay will be based on the availability and submission of Proof Of Claim.

The **Examination and Autopsy** provision is amended in its entirety to read:

We have the right to have a *dentist* of our choice examine the person for whom a claim is being made when and as often as reasonably required during the pendency of a claim under the *plan*. And we have the right to have an autopsy performed in the case of death, where allowed by law. We'll pay for all such examinations and autopsies.

Under the **Federal Continuation Rights Provisions** and the **Special Enrollment Period** definition contained in the Group Booklet, the term "legal separation" is deleted in its entirety.

The Group Booklet is amended to include the following:

**Texas Continuation Rights:** This section applies only to the dental coverages provided by this plan. These coverages are referred to as "group health benefits". If medical expense and prescription drug

expense coverages are both provided under this plan, they will be treated together as medical expense coverage.

This section does not apply to any coverage which provide benefits for expenses incurred because of a specific disease or accident.

A covered person or dependent is entitled to continuation of group health benefits: (a) the individual's coverage under the group policy is terminated for any reason other than involuntary termination for cause, including discontinuance of the group policy in its entirety or with respect to an insured class; and(b) the individual has been continuously insured under the group policy, or under any group policy providing similar benefits that the policy replaces, for at least three consecutive months immediately before termination.

For purposes of Subsection (a), involuntary termination for cause does not include termination for any health-related cause.

A *covered person* or dependent must provide to the employer or group policyholder a written request for continuation of group health benefits not later than the 60th day after the later of: (a) the date the group health benefits would otherwise terminate; or(b) the date the individual is given, in a format prescribed by the commissioner, notice by either the employer or the group policyholder of the right to continuation of group health benefits.

Except as provided by this section, a *covered person*, or dependent who elects to continue group coverage under this subchapter must pay to the employer or group policyholder each month the amount of contribution required by the employer or policyholder, plus two percent of the group rate for the coverage being continued under the group policy. A payment under this section must be made not later than the 45th day after the date of the initial election for coverage and on the due date of each payment thereafter. Following the first payment made after the initial election for coverage, the payment of any other premium shall be considered timely if made on or before the 30th day after the date on which the payment is due. Group health benefits continued under this subchapter may not terminate until the earliest of:

- (a) the date the maximum continuation period provided by law would end, which is:
  - (1) for any *covered person* , or dependent not eligible for continuation coverage under Title X, Consolidated Omnibus Budget Reconciliation Act of 1985 (29 U.S.C. Section 1161 et seq.) (COBRA), nine months after the date the *covered person*, or dependent elects to continue the group health benefits; or
  - (2) for covered person or dependent eligible for continuation coverage under COBRA, six additional months following any period of continuation coverage provided under COBRA;
- (b) the date failure to make timely payments would terminate the group health benefits;
- (c) the date the group health benefits terminate in its entirety;
- (d) the date the *covered person* or dependent is or could be covered under Medicare;
- (e) the date the *covered person* or dependent is covered for similar benefits by another plan or program, including:
  - (1) a hospital, surgical, medical, or major medical expense insurance policy;
  - (2) a hospital or medical service subscriber contract; or
  - (3) a medical practice or other prepayment plan;
- (f) the date the *covered person* or dependent is eligible for similar benefits, whether or not covered for those benefits, under any arrangement of coverage for individuals in a group, whether on an insured or uninsured basis; or
- (g) the date similar benefits are provided or available to the *covered person* or dependent under any state or federal law other than continuation coverage under Title X, Consolidated Omnibus

Budget Reconciliation Act of 1985(29 U.S.C. Section 1161 et seq.)(COBRA).

Not later than the 30th day before the end of the continuation period described by Subsection(a)(1) that is applicable to the *covered person* or dependent, the insurer shall:(a) notify the *covered person* or dependent that the *covered person* or dependent may be eligible for coverage under the Texas Health Insurance Risk Pool as provided by Chapter 1506; and(b) provide to the *covered person* or dependent the address for applying to that pool.

### GROUP CERTIFICATE RIDER

---

Effective immediately, this plan's insurance provisions are amended by this rider for covered persons residing in the state of Texas as follows:

The following disclaimer is added to the first page of the Group Booklet:

**"THE INSURANCE POLICY UNDER WHICH THIS CERTIFICATE IS ISSUED IS NOT A POLICY OF WORKERS' COMPENSATION INSURANCE. YOU SHOULD CONSULT YOUR EMPLOYER TO DETERMINE WHETHER YOUR EMPLOYER IS A SUBSCRIBER TO THE WORKERS' COMPENSATION SYSTEM."**

The **Dental Expense Insurance** provision is revised in its entirety to read:

#### **DENTAL EXPENSE INSURANCE**

This insurance will pay many of your and your covered dependents dental expenses. What we pay and the terms for payment are explained below. This plan is referred to as the Network Access Plan which is an indemnity plan that offers you the option to access a contracted provider. If you go to a contracted provider, the provider must accept the fee schedule amount for service and covered charges. This reduces your out of pocket expense. You are only liable for the difference up to the *dentist's* fee schedule amount for the procedure. If You go to a non-contracted provider, service benefits are issued based on reasonable and customary charges. You are liable for the difference up to the *dentist's* normal fee for the procedure. In-Network and Out-of-Network benefits are the same. With regard to deductibles, co-insurance and maximum benefits, these amounts will be handled the same for in and out of network.

#### **Covered Charges**

Covered charges are reasonable and customary charges for the dental services named in the List of Covered Dental Services.

By reasonable, we mean the charge is the *dentist's* usual charge for the service furnished. By customary, we mean the charge made for the given dental condition isn't more than the usual charge made by most other *dentists*. But, in no event will the covered charge be greater than the 90th percentile of the HIAA Prevailing Fee, or a similar standard, for a particular service in a geographic area. When routinely associated procedures are performed on the same day, the covered charge will be for the most comprehensive procedure.

We only pay for covered charges incurred by a covered person while he's insured. A covered charge for a crown, bridge or cast restoration is incurred on the date the tooth is prepared. A covered charge for any other prosthetic devise is incurred on the date the master impression is made. A covered charge for root canal treatment is incurred on the date the pulp chamber is opened. All other covered charges are incurred on the date the services are furnished.

#### **Pre-Treatment Review**

When the expected cost of a proposed course of treatment is \$300.00 or more, the *covered person's dentist* should send us a treatment plan before he or she starts. This must be done on a form acceptable to us. The treatment plan must include: (1) a list of the services to be done, using the American Dental Association Nomenclature and codes; (2) the itemized cost of each service; and (3) the estimated length of treatment. In order to evaluate the treatment plan, dental radiographs, study models and whatever else will document the necessity of the proposed course of treatment, must be

sent to us.

We review the treatment plan and estimate what we will pay. We will send the estimate to the covered person and his or her dentist. If the treatment plan is not consistent with accepted standards of dental practice, or if one is not sent to us, we have the right to base our benefit payments on treatment appropriate to the covered person's condition using accepted standards of dental practice.

The covered person and his or her dentist have the opportunity to have services or a treatment plan reviewed before treatment begins. Pre-treatment review is not a guarantee of what we will pay. It tells the covered person, and his or her dentist, in advance, what we would pay for the covered dental services listed in the treatment plan. But, payment is conditioned on: (1) the services being performed as proposed and while the person is covered; and (2) the benefit provisions, and all of the other terms of this Plan. Emergency Treatment, oral exams, evaluations, dental radiographs and teeth cleaning are part of a course of treatment, but may be done before the pre-treatment review is made.

We will not deny or reduce benefits if pre-treatment review is not done. But, what we pay will be based on the availability and submission of Proof Of Claim.

The **Examination and Autopsy** provision is amended in its entirety to read:

We have the right to have a *dentist* of our choice examine the person for whom a claim is being made when and as often as reasonably required during the pendency of a claim under the *plan*. And we have the right to have an autopsy performed in the case of death, where allowed by law. We'll pay for all such examinations and autopsies.

Under the **Federal Continuation Rights Provisions** and the **Special Enrollment Period** definition contained in the Group Booklet, the term "legal separation" is deleted in its entirety.

The Group Booklet is amended to include the following:

**Texas Continuation Rights:** This section applies only to the dental coverages provided by this plan. These coverages are referred to as "group health benefits". If medical expense and prescription drug expense coverages are both provided under this plan, they will be treated together as medical expense coverage.

This section does not apply to any coverage which provide benefits for expenses incurred because of a specific disease or accident.

A covered person or dependent is entitled to continuation of group health benefits: (a) the individual's coverage under the group policy is terminated for any reason other than involuntary termination for cause, including discontinuance of the group policy in its entirety or with respect to an insured class; and (b) the individual has been continuously insured under the group policy, or under any group policy providing similar benefits that the policy replaces, for at least three consecutive months immediately before termination.

For purposes of Subsection (a), involuntary termination for cause does not include termination for any health-related cause.

A *covered person* or dependent must provide to the employer or group policyholder a written request for continuation of group health benefits not later than the 60th day after the later of:(a) the date the group health benefits would otherwise terminate; or(b) the date the individual is given, in a format prescribed by the commissioner, notice by either the employer or the group policyholder of the right to continuation of group health benefits.

Except as provided by this section, a *covered person*, or dependent who elects to continue group coverage under this subchapter must pay to the employer or group policyholder each month the amount of contribution required by the employer or policyholder, plus two percent of the group rate for the coverage being continued under the group policy. A payment under this section must be made not later than the 45th day after the date of the initial election for coverage and on the due

date of each payment thereafter. Following the first payment made after the initial election for coverage, the payment of any other premium shall be considered timely if made on or before the 30th day after the date on which the payment is due. Group health benefits continued under this subchapter may not terminate until the earliest of:

- (a) the date the maximum continuation period provided by law would end, which is:
  - (1) for any *covered person*, or dependent not eligible for continuation coverage under Title X, Consolidated Omnibus Budget Reconciliation Act of 1985 (29 U.S.C. Section 1161 et seq.) (COBRA), nine months after the date the *covered person*, or dependent elects to continue the group health benefits; or
  - (2) for covered person or dependent eligible for continuation coverage under COBRA, six additional months following any period of continuation coverage provided under COBRA;
- (b) the date failure to make timely payments would terminate the group health benefits;
- (c) the date the group health benefits terminate in its entirety;
- (d) the date the *covered person* or dependent is or could be covered under Medicare;
- (e) the date the *covered person* or dependent is covered for similar benefits by another plan or program, including:
  - (1) a hospital, surgical, medical, or major medical expense insurance policy;
  - (2) a hospital or medical service subscriber contract; or
  - (3) a medical practice or other prepayment plan;
- (f) the date the *covered person* or dependent is eligible for similar benefits, whether or not covered for those benefits, under any arrangement of coverage for individuals in a group, whether on an insured or uninsured basis; or
- (g) the date similar benefits are provided or available to the *covered person* or dependent under any state or federal law other than continuation coverage under Title X, Consolidated Omnibus Budget Reconciliation Act of 1985(29 U.S.C. Section 1161 et seq.)(COBRA).

Not later than the 30th day before the end of the continuation period described by Subsection(a)(1) that is applicable to the *covered person* or dependent, the insurer shall:(a) notify the *covered person* or dependent that the *covered person* or dependent may be eligible for coverage under the Texas Health Insurance Risk Pool as provided by Chapter 1506; and (b) provide to the *covered person* or dependent the address for applying to that pool.

B531.0187

## All Options

**Texas Continuation Rights for Dependents:** This section applies only to the dental coverages provided by this plan if coverage under this plan ends because of: (a) the severance of a family relationship; or (b) the retirement or death of a *covered person* . These coverages are referred to as "group health benefits". If medical expense and prescription drug expense coverages are both provided under this plan, they will be treated together as medical expense coverage.

A *dependent* of an insured is eligible for continued group health benefits under this subchapter if the *dependent*: (a) has been a member of the group for a period of at least one year; or (b) is an infant under one year of age.

A *dependent* who exercises the option to continue group health benefits is not required to take and pass a physical examination as a condition to continuing coverage.

An individual covered under group continuation coverage is entitled to coverage that is identical in scope to the group health benefits provided under this plan. No additional exclusions that were not

included in this plan will be included in the group continuation coverage.

If the group policyholder replaces this plan within the period described below, a *dependent* covered under group continuation coverage may obtain group health benefits identical in scope to the group health benefits under the replacement group policy.

The premium will not be more than the premium charged under this for the *dependent* had the family relationship not been severed.

A *dependent* covered under group continuation coverage is required to pay premiums for the group health benefits directly to the group policyholder. Premiums may be paid in monthly installments with an additional administrative fee of \$5.00.

At the time this plan is issued, the group policyholder is required to give written notice of this continuation to each *covered person* and each *dependent* of a *covered person*.

We require a *covered person* to give written notice to the group policyholder not later than the 15th day after the date of any severance of the family relationship that might activate the continuation option. Written notice may be given by the *covered person's* dependent.

On receipt of notice, the group policyholder shall immediately give written notice of the continuation option to each affected *dependent* of the *covered person*.

On receipt of notice of the death or retirement of a *covered person*, the group policyholder shall immediately give written notice of the continuation option to each *dependent* of the *covered person*. The notice must state the amount of the premium to be charged and must be accompanied by any necessary enrollment forms.

Not later than the 60th day after the date of the severance of the family relationship or the retirement or death of the *covered person*, a *dependent* must give written notice to the group policyholder of his or her desire to exercise the continuation option. Coverage under this plan remains in effect during the period if the plan's premiums are paid.

If a *dependent* does not give written notice of his or her desire to exercise the continuation option within the time period, the option expires.

Any period of previous coverage under this plan, must be used in full or partial satisfaction of any required probationary or waiting periods for *dependent* coverage.

If this plan provides to a *covered person* continuation rights to cover the period between the time the *covered person* retires and the time the *covered person* is eligible for coverage by Medicare, the same continuation rights are available to the *covered person's dependents*.

The group health benefits of a *covered person* or *dependent* who exercises the continuation option continues without interruption and may not be canceled or otherwise terminated until: (a) the *covered person* or *dependent* fails to make a premium payment within the time required to make the payment;(b) the *covered person* or *dependent* becomes eligible for substantially similar coverage under another plan or program, including a group health insurance policy or contract, hospital or medical service subscriber contract, or medical practice or other prepayment plan; or(c) the third anniversary of: (1) the severance of the family relationship; or (2) the retirement or death of the *covered person*.

Under the **Dependent Coverage** section, text is amended for all benefits to read:

## **DEPENDENT COVERAGE**

### **Eligible Dependents For Dental Expense Coverage**

Your eligible dependents are Your: (a) spouse and; (b) Your dependent children who are under age 26.

### **Adopted Children, Step-Children & Grandchildren**

Your "dependent children" includes Your legally adopted children, dependent grandchildren and Your step-children. We treat a child as legally adopted from the time You are party to a suit in which You seek to adopt the child. We treat such a child this way whether or not a final adoption order is ever issued.

### **Dependents Not Eligible**

We exclude any dependent who is on active duty in any armed force. And We exclude any dependent who is covered by this Plan as an employee.

### **Newborn Children:**

**Newborn Children:** We cover an employee's newborn child for dependent benefits, from the moment of birth, if the employee is already insured for dependent coverage when the child is born. If the employee does not have dependent coverage when the child is born, we cover the newborn child, for dependent benefits, for the first 31 days from the moment of birth. To continue the child's dependent benefits past the first 31 days, the employee must notify us in writing within 31 days of the child's birth.

B531.0190

### **All Options**

Under the **Covered Dentals Services** provision the following benefit is added and the exclusion is deleted in its entirety:

**TMJ and Craniomandibular Disorders:** We pay benefits for dental services for the necessary diagnostic and surgical treatment of temporomandibular (TMJ) and craniomandibular joint disorders in a covered person. We cover charges for such conditions as a result of: (1) an accident; (2) a trauma; (3) a congenital defect; (4) a developmental defect; or (5) a pathology.

We treat such services the same way we treat any other covered charges for Group III services.

Subject to the Group III deductible and all other terms of this plan, we pay benefits for such covered charges at a payment rate of 50%. And we won't pay for TMJ or craniomandibular treatment done in the first 24 months a late entrant is insured by this plan.

Under this plan's dental expense provisions, we don't cover any charges for the medical treatment of TMJ.

Under the **Accident and Health Claims Provisions**, the Limitations of Actions provision is revised to read:

You can't bring a legal action against this plan until 60 days from the date you file proof of loss. And you can't bring legal action against this plan after three years from the date you file proof of loss. This rider is a part of this Booklet. Guardian shall amend this document from time to time as legislation is passed effecting group coverages offered. Except as stated in this rider, nothing contained in this rider changes or effects any other terms of this Booklet. In the event that there is

disagreement of terms between the group policy and the Booklet, the Booklet and this rider will prevail.

## COORDINATION OF BENEFITS

---

**Important Notice** This section applies to all group health benefits under this plan; except prescription drug coverage, if any. It does not apply to any death, dismemberment, or loss of income benefits that may be provided under this plan.

**Purpose** When a covered person has health care coverage under more than one plan, this section allows this plan to coordinate what it pays with what other plans pay. This is done so that the covered person does not collect more in benefits than he or she incurs in charges.

---

### Definitions

**Allowable Expense** This term means any necessary, reasonable, and customary item of health care expense that is covered, at least in part, by any of the plans which cover the person. This includes: (a) deductibles; (b) coinsurance; and (c) copayments. When a plan provides benefits in the form of services, the reasonable cash value of each service will be considered an allowable expense and a benefit paid. When plans have differing allowable expenses, the highest allowable expense will be used.

An expense or service that is not covered by any of the plans is not an allowable expense. Examples of other expenses or services that are not allowable expenses are:

- (1) If a person is confined in a private hospital room, the difference between the cost of a semi-private room in the hospital and the private room is not an allowable expense. This does not apply if: (a) the stay in the private room is medically necessary in terms of generally accepted medical practice; or (b) one of the plans routinely provides coverage for private hospital rooms.
- (2) The amount a benefit is reduced by the primary plan because a person does not comply with the plan's provisions is not an allowable expense. Examples of these provisions are: (a) precertification of admissions and procedures; (b) continued stay reviews; and (c) preferred provider arrangements.
- (3) If a person is covered by two or more plans that compute their benefit payments on the basis of reasonable and customary charges, any amount in excess of the highest reimbursement amount for a specific benefit is not an allowable expense.
- (4) If a person is covered by two or more plans that provide benefits or services on the basis of negotiated fees, an amount in excess of the highest of the negotiated fees for a specific benefit is not an allowable expense.

If a person is covered by one plan that computes its benefits or services on the basis of reasonable and customary charges and another plan that provides its benefits or services on the basis of negotiated fees, the primary plan's payment arrangements will be the allowable expense for all plans. However, if the provider has contracted with the secondary plan to provide the benefit or service for a specific negotiated fee or payment amount that is different than the primary plan's payment arrangement and if the provider's contract permits, the negotiated fee or payment shall be the allowable expense used by the secondary plan to determine its benefit.

**Claim** This term means a request that benefits of a plan be provided or paid.

**Closed Panel Plan** This term means a health maintenance organization(HMO), preferred provider organization(PPO), exclusive provider organization(EPO), or other plan that provides health benefits to covered persons primarily in the form of services through a panel of providers that have contracted with or are employed by the plan; and that limits or excludes benefits for services provided by other providers, except in cases of emergency or referral by a panel member.

**Claim Determination Period** This term means a calendar year. It does not include any part of a year during which a person has no coverage under this plan, or before the date this section takes effect.

**Coordination Of Benefits** This term means a provision which determines an order in which plans pay their benefits, and which permits secondary plans to reduce their benefits so that the combined benefits of all plans do not exceed total allowable expenses.

**Custodial Parent** This term means a parent awarded custody by a court decree. In the absence of a court decree, it is the parent with whom the child resides more than one half of the calendar year without regard to any temporary visitation.

**Group-Type Contracts** This term means contracts: (a) which are not available to the general public; and (b) can be obtained and maintained only because of membership in or connection with a particular organization or group.

**Hospital Indemnity Benefits** This term means benefits that are not related to expenses incurred. This term does not include reimbursement-type benefits even if they are designed or administered to give the insured the right to elect indemnity-type benefits at the time of claim.

**Plan** This term means any of the following that provides benefits or services for health care or treatment: (1) group insurance, group subscriber contracts, and non-group insurance contracts; (2) uninsured arrangements of group or group-type coverage; (3) group or group-type coverage through a health insuring corporation or other prepayment, group practice, or individual practice plan; (4) closed panel plans or other forms of group or group -type coverage whether insured or uninsured; (5) group-type contracts; (6) medical components of group long-term care contracts such as skilled nursing care; (7) medical benefits under group or individual automobile contracts; and (8) Medicare or other governmental benefits, as permitted by law.

This term does not include single or family(a) individual insurance contracts; (b) individual subscriber contracts; (c) individual coverage through a health insuring corporation; or (d) individual coverage under any other prepayment, group practice, or individual practice plan. This term also does not include: (i) amounts of group or group-type hospital indemnity benefits, or any other fixed indemnity coverage; (ii) accident only coverage; (ii) specified disease or specified accident coverage; (iii) non-medical components of group long-term care contracts; (iv) supplemental sickness and accident policies that are excluded from coordination of benefits by law; (v) school accident type coverage; or (vi) Medicare supplement policies, a state plan under Medicaid, or other plan when, by law, its benefits are in excess of those of any private insurance plan or other non-governmental plans.

This term also does not include any plan that this plan supplements. Plans that this plan supplements are named in the benefit description.

Each type of coverage listed above is treated separately. If a plan has two parts and coordination of benefits applies only to one of the two, each of the parts is treated separately.

**Primary Plan** This term means a plan that pays first without regard that another plan may cover some expenses. A plan is a primary plan if either of the following is true: (1) the plan either has no order of benefit determination rules, or its rules differ from those explained in this section; or (2) all plans that cover the person use the order of benefit determination rules explained in this section, and under those rules the plan pays its benefits first.

**Secondary Plan** This term means a plan that is not a primary plan.

**This Plan** This term means the group health benefits, except prescription drug and vision coverage, if any, provided under this group plan.

## Order Of Benefit Determination

The primary plan pays or provides its benefits as if the secondary plan or plans did not exist.

## Order of Benefit Determination (Cont.)

---

A plan may consider the benefits paid or provided by another plan to determine its benefits only when it is secondary to that other plan. If a person is covered by more than one secondary plan, the rules explained below decide the order in which secondary plan benefits are determined in relation to each other.

Except as provided in the paragraph below, a plan that does not contain a coordination of benefits provision is always primary, unless the provisions of both plans state that the complying plan is primary:

Coverage that is obtained by virtue of membership in a group that is designed to supplement a part of a basic package of benefits and provides that this supplementary coverage shall be in excess to any other parts of the plan provided by the contract holder. Examples of these types of situations are major medical coverages that are superimposed over base plan hospital and surgical benefits, and insurance type coverages that are written in connection with a closed panel plan to provide out-of-network benefits.

When all plans have coordination of benefits provisions, the rules to determine the order of payment are listed below. The first of the following rules that applies is the rule to use.

### **Non-Dependent Or Dependent**

The plan that covers the person other than as a dependent (for example, as an employee, member, subscriber, or retiree) is primary. The plan that covers the person as a dependent is secondary.

But, if the person is a Medicare beneficiary and, as a result of federal law, Medicare is secondary to the plan that covers the person as a dependent; and primary to the plan that covers the person other than as a dependent (for example, as a retiree); then the order of payment between the two plans is reversed. In that case, the plan that covers the person as an employee, member, subscriber, or retiree is secondary and the other plan is primary.

### **Child Covered Under More Than One Plan**

The order of benefit determination when a child is covered by more than one plan is:

- (1) If the parents are married, or are not separated (whether or not they ever have been married), or a court decree awards joint custody without specifying that one party must provide health care coverage, the plan of the parent whose birthday is earlier in the year is primary. If both parents have the same birthday, the plan that covered either of the parents longer is primary. If a plan does not have this birthday rule, then that plan's coordination of benefits provision will determine which plan is primary.
- (2) If the specific terms of a court decree state that one of the parents must provide health care coverage and the plan of the parent has actual knowledge of those terms, that plan is primary. This rule applies to claim determination periods that start after the plan is given notice of the court decree.

## Order of Benefit Determination (Cont.)

---

- (3) In the absence of a court decree, if the parents are not married, or are separated (whether or not they ever have been married), or are divorced, the order of benefit determination is: (a) the plan of the custodial parent; (b) the plan of the spouse of the custodial parent; (c) the plan of the noncustodial parent; and (d) the plan of the spouse of the noncustodial parent.
- (4) If the child is covered under more than one plan of individuals who are not his or her parents, the provisions of (1), (2) and (3), above, shall determine the order of benefits.

**Active Or Inactive Employee** The plan that covers a person as an active employee, or as that person's dependent, is primary. An active employee is one who is neither laid off nor retired. The plan that covers a person as a laid off or retired employee, or as that person's dependent, is secondary. If a plan does not have this rule and as a result the plans do not agree on the order of benefit determination, this rule is ignored.

**Continuation Coverage** The plan that covers a person as an active employee, member, subscriber, or retired employee, or as that person's dependent, is primary. The plan that covers a person under a right of continuation provided by federal or state law is secondary. If a plan does not have this rule and as a result the plans do not agree on the order of benefit determination, this rule is ignored.

**Length Of Coverage** The plan that covered the person longer is primary.

**Other** If the above rules do not determine the primary plan, the allowable expenses will be shared equally between the plans that meet the definition of plan under this section. But, this plan will not pay more than it would have had it been the primary plan.

### Effect On The Benefits Of This Plan

**When This Plan Is Primary** When this plan is primary, its benefits are determined before those of any other plan and without considering any other plan's benefits.

**When This Plan Is Secondary** When this plan is secondary, it may reduce its benefits so that the total benefits paid or provided by all plans during a claim determination period are not more than 100% of total allowable expenses. When the benefits of this plan are reduced, each benefit is reduced in proportion. It is then charged against the applicable benefit limit of this plan.

**Closed Panel Plans** A covered person may be covered by two or more closed panel plans. If, for any reason, including the provision of service by a non-panel provider, benefits are not payable by one closed panel plan, coordination of benefits will not apply between that plan and any other closed panel plans.

---

## **Coordination Disputes**

If you believe that Guardian has not paid a claim properly, you should first attempt to resolve the problem by contacting Guardian. If you are still not satisfied, you may call the Ohio Department of Insurance for instructions on filing a consumer complaint. You should call (614) 644-2673 or 1-800-686-1526.

---

## **Right To Receive And Release Needed Information**

Certain facts about health care coverage and services are needed to apply these rules and to determine benefits payable under this plan and other plans. This plan may get the facts it needs from, or give them to, other organizations or persons to apply these rules and determine benefits payable under this plan and other plans which cover the person claiming benefits. This plan need not tell, or get the consent of, any person to do this. Each person claiming benefits under this plan must provide any facts it needs to apply these rules and determine benefits payable.

---

## **Facility Of Payment**

A payment made under another plan may include an amount that should have been paid by this plan. If it does, this plan may pay that amount to the organization that made the payment. That amount will then be treated as though it were a benefit paid by this plan. This plan will not have to pay that amount again.

As used here, the term "payment made" includes the reasonable cash value of any benefits provided in the form of services.

---

## **Right Of Recovery**

If the amount of the payments made by this plan is more than it should have paid under this section, it may recover the excess: (a) from one or more of the persons it has paid or for whom it has paid; or (b) from any other person or organization that may be responsible for benefits or services provided for the covered person.

As used here, the term "amount of the payments made" includes the reasonable cash value of any benefits provided in the form of services.

## STATEMENT OF ERISA RIGHTS

---

As a participant, you are entitled to certain rights and protections under the Employee Retirement Income Security Act of 1974 (ERISA). ERISA provides that all plan participants shall be entitled to:

### Receive Information About Your Plan and Benefits

- (a) Examine, without charge, at the plan administrator's office and at other specified locations, such as worksites and union halls, all documents governing the plan, including insurance contracts and collective bargaining agreements, and a copy of the latest annual report (Form 5500 Series) filed by the plan with the U. S. Department of Labor and available at the Public Disclosure Room of the Employee Benefits Security Administration.
- (b) Obtain, upon written request to the plan administrator, copies of documents governing the operation of the plan, including insurance contracts, collective bargaining agreements and copies of the latest annual report (Form 5500 Series) and updated summary plan description. The administrator may make a reasonable charge for the copies.
- (c) Receive a summary of the plan's annual financial report. The plan administrator is required by law to furnish each participant with a copy of this summary annual report.

### Continue Group Health Plan Coverage

Continue health care coverage for yourself, spouse or dependents if there is a loss of coverage under the plan as a result of a qualifying event. You or your dependents may have to pay for such coverage. You should review this summary plan description and the documents governing the plan on the rules governing your COBRA continuation coverage rights.

### Prudent Actions By Plan Fiduciaries

In addition to creating rights for plan participants, ERISA imposes duties upon the people who are responsible for the operation of the employee benefit plan. The people who operate the plan, called "fiduciaries" of the plan, have a duty to do so prudently and in the interest of plan participants and beneficiaries. No one, including your employer, your union, or any other person may fire you or otherwise discriminate against you in any way to prevent you from obtaining a welfare benefit or exercising your rights under ERISA.

### Enforcement Of Your Rights

If your claim for a welfare benefit is denied or ignored, in whole or in part, you have a right to know why this was done, to obtain copies of documents relating to the decision without charge, and to appeal any denial, all within certain time schedules.

## Statement of Erisa Rights (Cont.)

---

Under ERISA, there are steps you can take to enforce the above rights. For instance, if you request a copy of plan documents or the latest annual report from the plan and do not receive them within 30 days, you may file suit in a state or Federal court. In such a case, the court may require the plan administrator to provide the materials and pay you up to \$110.00 a day until you receive the material, unless the materials were not sent because of reasons beyond the control of the administrator. If you have a claim for benefits which is denied or ignored, in whole or in part, you may file suit in a federal court. If it should happen that plan fiduciaries misuse the plan's money or if you are discriminated against for asserting your rights, you may seek assistance from the U.S. Department of Labor, or you may file suit in a Federal court. The court will decide who should pay court costs and legal fees. If you are successful, the court may order the person you sued to pay these costs and fees. If you lose, the court may order you to pay these costs and fees, for example, if it finds that your claim is frivolous.

### **Assistance with Questions**

If you have questions about the plan, you should contact the plan administrator. If you have questions about this statement or about your rights under ERISA, or if you need assistance in obtaining documents from the plan administrator, you should contact the nearest office of the Employee Benefits Security Administration, U.S. Department of Labor listed in your telephone directory or the Employee Benefits Security Administration, U.S. Department of Labor, 200 Constitution Avenue N.W., Washington D.C. 20210. You may also obtain certain publications about your rights and responsibilities under ERISA by calling the publications hotline of the Employee Benefits Security Administration.

### **Qualified Medical Child Support Order**

Federal law requires that group health plans provide medical care coverage of a dependent child pursuant to a qualified medical child support order (QMCSO). A "qualified medical child support order" is a judgment or decree issued by a state court that requires a group medical plan to provide coverage to the named dependent child(ren) of an employee pursuant to a state domestic relations order. For the order to be qualified it must include:

- The name of the group health plan to which it applies.
- The name and last known address of the employee and the child(ren).
- A reasonable description of the type of coverage or benefits to be provided by the plan to the child(ren).
- The time period to which the order applies.

A dependent enrolled due to a QMCSO will not be considered a late enrollee in the plan.

Note: A QMCSO cannot require a group health plan to provide any type or form of benefit or option not otherwise available under the plan except to the extent necessary to meet medical child support laws described in Section 90 of the Social Security Act.

If you have questions about this statement, see the plan administrator.

## Group Health Benefits Claims Procedure

If you seek benefits under the plan you should complete, execute and submit a claim form. Claim forms and instructions for filing claims may be obtained from the Plan Administrator.

Guardian is the Claims Fiduciary with discretionary authority to determine eligibility for benefits and to construe the terms of the plan with respect to claims. Guardian has the right to secure independent professional healthcare advice and to require such other evidence as needed to decide your claim.

In addition to the basic claim procedure explained in your certificate, Guardian will also observe the procedures listed below. These procedures are the minimum requirements for benefit claims procedures of employee benefit plans covered by Title 1 of the Employee Retirement Income Security Act of 1974 ("ERISA").

**Definitions** "Adverse determination" means any denial, reduction or termination of a benefit or failure to provide or make payment (in whole or in part) for a benefit. A failure to cover an item or service: (a) due to the application of any utilization review; or (b) because the item or service is determined to be experimental or investigational, or not medically necessary or appropriate, is also considered an adverse determination.

"Group Health Benefits" means any dental, out-of-network point-of-service medical, major medical, vision care or prescription drug coverages which are a part of this plan.

"Pre-service claim" means a claim for a medical care benefit with respect to which the plan conditions receipt of the benefit, in whole or in part, on approval of the benefit in advance of receipt of care.

"Post-service claim" means a claim for payment for medical care that already has been provided.

"Urgent care claim" means a claim for medical care or treatment where making a non-urgent care decision: (a) could seriously jeopardize the life or health of the claimant or the ability of the claimant to regain maximum function, as determined by an individual acting on behalf of the plan applying the judgment of a prudent layperson who possesses an average knowledge of health and medicine; or (b) in the opinion of a physician with knowledge of the claimant's medical condition, would subject the claimant to severe pain that cannot be adequately managed without the care.

Note: Any claim that a physician with knowledge of the claimant's medical condition determines is a claim involving urgent care will be treated as an urgent care claim for purposes of this section.

**Timing For Initial Benefit Determination** The benefit determination period begins when a claim is received. Guardian will make a benefit determination and notify a claimant within a reasonable period of time, but not later than the maximum time period shown below. A written or electronic notification of any adverse benefit determination must be provided.

## Group Health Benefits Claims Procedure (Cont.)

---

**Urgent Care Claims.** Guardian will make a benefit determination within 72 hours after receipt of an urgent care claim.

If a claimant fails to provide all information needed to make a benefit determination, Guardian will notify the claimant of the specific information that is needed as soon as possible but no later than 24 hours after receipt of the claim. The claimant will be given not less than 48 hours to provide the specified information.

Guardian will notify the claimant of the benefit determination as soon as possible but not later than the earlier of:

- the date the requested information is received; or
- the end of the period given to the claimant to provide the specified additional information.

The required notice may be provided to the claimant orally within the required time frame provided that a written or electronic notification is furnished to the claimant not later than 3 days after the oral notification.

**Pre-Service Claims.** Guardian will provide a benefit determination not later than 15 days after receipt of a pre-service claim. If a claimant fails to provide all information needed to make a benefit determination, Guardian will notify the claimant of the specific information that is needed as soon as possible but no later than 5 days after receipt of the claim. A notification of a failure to follow proper procedures for pre-service claims may be oral, unless a written notification is requested by the claimant.

The time period for providing a benefit determination may be extended by up to 15 days if Guardian determines that an extension is necessary due to matters beyond the control of the plan, and so notifies the claimant before the end of the initial 15-day period.

If Guardian extends the time period for making a benefit determination due to a claimant's failure to submit information necessary to decide the claim, the claimant will be given at least 45 days to provide the requested information. The extension period will begin on the date on which the claimant responds to the request for additional information.

**Post-Service Claims.** Guardian will provide a benefit determination not later than 30 days after receipt of a post-service claim. If a claimant fails to provide all information needed to make a benefit determination, Guardian will notify the claimant of the specific information that is needed as soon as possible but no later than 30 days after receipt of the claim.

The time period for completing a benefit determination may be extended by up to 15 days if Guardian determines that an extension is necessary due to matters beyond the control of the plan, and so notifies the claimant before the end of the initial 30-day period.

If Guardian extends the time period for making a benefit determination due to a claimant's failure to submit information necessary to decide the claim, the claimant will be given at least 45 days to provide the requested information. The extension period will begin on the date on which the claimant responds to the request for additional information.

## Group Health Benefits Claims Procedure (Cont.)

---

**Concurrent Care Decisions.** A reduction or termination of an approved ongoing course of treatment (other than by plan amendment or termination) will be regarded as an adverse benefit determination. This is true whether the treatment is to be provided(a) over a period of time; (b) for a certain number of treatments; or (c) without a finite end date. Guardian will notify a claimant at a time sufficiently in advance of the reduction or termination to allow the claimant to appeal.

In the case of a request by a claimant to extend an ongoing course of treatment involving urgent care, Guardian will make a benefit determination as soon as possible but no later than 24 hours after receipt of the claim.

### **Adverse Benefit Determination**

If a claim is denied, Guardian will provide a notice that will set forth:

- the specific reason(s) for the adverse determination;
- reference to the specific plan provision(s) on which the determination is based;
- a description of any additional material or information necessary to make the claim valid and an explanation of why such material or information is needed;
- a description of the plan's claim review procedures and the time limits applicable to such procedures, including a statement indicating that the claimant has the right to bring a civil action under ERISA Section 502(a) following an adverse benefit determination;
- identification and description of any specific internal rule, guideline or protocol that was relied upon in making an adverse benefit determination, or a statement that a copy of such information will be provided to the claimant free of charge upon request;
- in the case of an adverse benefit determination based on medical necessity or experimental treatment, notice will either include an explanation of the scientific or clinical basis for the determination, or a statement that such explanation will be provided free of charge upon request; and
- in the case of an urgent care adverse determination, a description of the expedited review process.

### **Appeal of Adverse Benefit Determinations**

If a claim is wholly or partially denied, the claimant will have up to 180 days to make an appeal.

A request for an appeal of an adverse benefit determination involving an urgent care claim may be submitted orally or in writing. Necessary information and communication regarding an urgent care claim may be sent to Guardian by telephone, facsimile or similar expeditious manner.

Guardian will conduct a full and fair review of an appeal which includes providing to claimants the following:

- the opportunity to submit written comments, documents, records and other information relating to the claim;

## Group Health Benefits Claims Procedure (Cont.)

---

- the opportunity, upon request and free of charge, for reasonable access to, and copies of, all documents, records and other information relating to the claim; and
- a review that takes into account all comments, documents, records and other information submitted by the claimant relating to the claim, without regard to whether such information was submitted or considered in the initial benefit determination.

In reviewing an appeal, Guardian will:

- provide for a review conducted by a named fiduciary who is neither the person who made the initial adverse determination nor that person's subordinate;
- in deciding an appeal based upon a medical judgment, consult with a health care professional who has appropriate training and experience in the field of medicine involved in the medical judgment;
- identify medical or vocational experts whose advice was obtained in connection with an adverse benefit determination; and
- ensure that a health care professional engaged for consultation regarding an appeal based upon a medical judgment shall be neither the person who was consulted in connection with the adverse benefit determination, nor that person's subordinate.

Guardian will notify the claimant of its decision regarding review of an appeal as follows:

**Urgent Care Claims.** Guardian will notify the claimant of its decision as soon as possible but not later than 72 hours after receipt of the request for review of the adverse determination.

**Pre-Service Claims.** Guardian will notify the claimant of its decision not later than 30 days after receipt of the request for review of the adverse determination.

**Post-Service Claims.** Guardian will notify the claimant of its decision not later than 60 days after receipt of the request for review of the adverse determination.

**Alternative Dispute Options** The claimant and the plan may have other voluntary alternative dispute resolution options, such as mediation. One way to find out what may be available is to contact the local U.S Department of Labor Office and the State insurance regulatory agency.

- They were previously selected in an acceptable manner and mode, such as an enrollment form or other required form; and

---

### Incontestability

---

This Certificate is incontestable after two years from its date of issue, except for non-payment of premiums.

No statement in any application, except a fraudulent statement, made by You, or any dependent, will be used to contest the validity of Your insurance or to deny a claim for a loss incurred, or for a disability which starts, after such insurance has been in force for two years during Your lifetime.

If this Certificate replaces a plan Your Employer had with another insurer, We may rescind this Certificate based on misrepresentations or omissions made by Your Employer or You in a signed application for up to two years from the Effective Date of the Policy.

You are **not** eligible for Group Term Life coverage if You are:

B400.3124

**All Options**

**When Coverage Starts**

---

For coverage to start, You must be fully capable of performing the major duties of Your regular occupation for the Employer and working the minimum required number of hours of an Employee in Your eligible class at 12:01 A.M. Standard Time for Your place of residence on Your scheduled Eligibility Date. And, for coverage to start, You must satisfy all of the Conditions of Eligibility described above, and the conditions shown below which apply to You. If You are not fully capable of performing the major duties of Your regular occupation on Your scheduled Eligibility Date, We will postpone the start of Your coverage until You are so capable and working the minimum required number of hours of an Employee in Your eligible class for one full day, with the capacity to do so for one full week.

Whether You must pay all or part of the cost of Your coverage, You must elect to enroll and agree to make the required payments before Your coverage starts. If You do this on or before Your Eligibility Date, Your coverage is scheduled to start on Your Eligibility Date. If You do this within 31 days after Your Eligibility Date, Your coverage is scheduled to start on Your Eligibility Date. Once We approve such Proof Of Insurability, Your coverage will start on the date we approve such coverage.

Your coverage will start on the scheduled Eligibility Date. However, any coverage or part of coverage for which You must elect and pay all or part of the cost, will not start if You are on an approved leave, layoff or absence and such coverage or part of coverage was not previously in force for You under a prior plan which this Certificate replaced.

Any part of Your coverage which is subject to Proof Of Insurability will not start unless You send such proof to Us, and We approve it in writing. Once We have approved it, that part of Your coverage is scheduled to start on Your approved Eligibility Date.

B400.3202

**All Options**

**Proof Of Insurability**

Part or all of Your dependent insurance amounts may be subject to proof that they are insurable. The Schedule of Benefits explains if and when We require Proof of Insurability. Your dependents will not be covered for any amount that requires Proof of Insurability until You provide that proof to Us and We approve that proof in writing.

B400.3203

**All Options**

**When Dependent Coverage Starts**

In order for Your dependent coverage to start, You must already be covered for Employee coverage, or enroll for Employee and dependent coverage at the same time.

Subject to the Exception shown below and to all of the other terms of this Certificate, the date Your dependent coverage starts depends on when You elect to enroll Your Initial Dependents and agree to make any required payments.

**Initial Dependents** If You enroll Your Initial Dependents on or before Your Eligibility Date, the dependents' coverage begins on the later of Your Eligibility Date and the date You become covered for Employee coverage.

If You enroll Your Initial Dependents within the Enrollment Period, their coverage begins on the later of Your Eligibility Date and the date You become covered for Employee coverage.

If You do not enroll Your Initial Dependents when they are first eligible, and enroll those Initial Dependents after the Enrollment Period ends, You must supply Proof Of Insurability and coverage will not start until We approve that proof in writing.

If an Initial Dependent becomes eligible after this Certificate's Effective Date, his or her coverage will start on the date We approve him or her for coverage.

**If Dependent Proof of Insurability is required** Subject to the Exception shown below, if Proof Of Insurability is required for dependent benefits, You must send Us the proof We require, and We must approve that proof in writing. Those benefits will then begin on the approved Eligibility Date.

If You must pay part of the cost of dependent coverage, We will not cover You for such coverage until You enroll each of Your dependents, agree to make the required payments, submit Proof Of Insurability and We approve that proof in writing.

**Newly Acquired Dependents** If You do not pay any part of the cost of dependent coverage, a Newly Acquired Dependent is covered from the date he or she first becomes eligible.

If You must pay part of the cost of dependent coverage, and are already enrolled for dependent child coverage for Your Initial Dependent children, any Newly Acquired Dependent children will be covered as of the date he or she is first eligible.

However, if You were previously eligible to enroll for dependent child coverage and waived coverage or failed to enroll, We will not cover any of Your dependent children until You submit Proof of Insurability and we approve that proof in writing and you make any additional required payments.

**Exception** We will postpone the Eligibility Date of a dependent's, other than a newborn child's, coverage if, on that date, he or she is unable to perform two or more Activities of Daily Living (ADLs).

In that case, We will postpone the Eligibility Date of his or her coverage until the day after the date he or she no longer requires assistance with two or more Activities of Daily Living.

If a dependent was covered under a prior plan at transfer, this language will not apply to the amount of coverage that was in force with the prior plan.

### **When Dependent Coverage Ends**

Dependent coverage ends for all of Your dependents when:

- Your Employee coverage ends;
- You stop being a member of a class of Employees eligible for such coverage;
- This Certificate ends; or
- Dependent coverage is discontinued from this Certificate for all Employees or for Your class.

If You are required to pay part of the cost of dependent coverage, and You fail to do so, Your dependent coverage ends. It ends on the last day of the period for which You made the required payments, unless coverage ends earlier for other reasons.

An individual dependent's coverage ends when he or she stops being an eligible dependent. For dependent children the coverage ends at 12:01 A.M. Standard Time for Your place of residence on the date the child attains this Certificate's age limit, or when a step-child is no longer dependent on You for at least 50% of their support and maintenance, or for Your disabled child who has reached the age limit, when he or she is no longer eligible under the Continuing Coverage for Dependent Children Past the Limiting Age provision.

Coverage ends for a Spouse when a marriage is lawfully terminated, and with respect to Voluntary life coverage, it happens at 12:01 A.M. on the date the Spouse reaches age 70.

Read this Certificate carefully if dependent coverage ends for any reason. Dependents may have the right to continue certain group benefits for a limited time. And, they may have the right to replace certain group benefits with converted policies.

## CONVERTING THIS EMPLOYEE BASIC AND VOLUNTARY TERM LIFE INSURANCE

---

**If Employment Or Eligibility Ends**

Your group life insurance ends on the date:

- Your active Full-Time employment ends; or
- You stop being a member of an eligible class.

If Your group life insurance ends, Your Employer is responsible for providing You Notice of Your Right to Convert.

If You are not Totally Disabled, You can apply to convert Your Employee group basic and voluntary life insurance to a permanent life insurance policy.

You can apply to convert up to the full amount of basic and voluntary life insurance for which You were insured under this Certificate on the date Your insurance ended, less any group life insurance for which You become eligible in the 31 days after Your insurance under this Certificate ends.

**If This Certificate Ends Or Group Life Insurance Is Discontinued**

Your group life insurance also ends:

- If this Certificate ends; or
- Life insurance is discontinued from this Certificate for all Employees or for Your class.

If Your group life insurance ends for either of these reasons, You may apply to convert Your Employee group basic and voluntary life insurance to a Converted Policy.

You can apply to convert to a permanent life insurance policy, if

- You are not Totally Disabled; and
- You have been insured by a Guardian group life insurance plan or a group plan it replaces for at least five consecutive years.

However, the amount of life insurance that You can convert in either scenario is limited to the lesser of:

- \$10,000, or
- The amount of Your basic and voluntary life insurance under this Certificate, less any group life insurance for which You become eligible in the 31 days after Your insurance under this Certificate ends.

**If You Are Totally Disabled**

Your group life insurance ends on the date:

- Your active Full-Time employment ends;
- You stop being a member of an eligible class;
- This Certificate ends; or

- Life insurance is discontinued from this Certificate for all Employees or for Your class;

and

- You are Totally Disabled; and
- You are eligible for Waiver of Premium Benefits pursuant to the Waiver of Premium Benefit Rider, but You have not yet been approved for the Waiver of Premium of Benefit,

You can apply to convert Your group term life insurance to:

- A permanent life insurance policy; or
- Interim term life insurance coverage.

You can apply to convert up to the full amount of basic and voluntary life insurance for which You are insured under this Certificate on the date Your insurance ends, less any group life insurance for which You become eligible in the 31 days after Your insurance under this Certificate ends.

However, if You have coverage under this Certificate's Exception to When Employee Coverage Starts, You may not convert if You are eligible or could become eligible under the prior plan's waiver of premium provision.

If You have converted and are later approved for this Certificate's Waiver of Premium Benefit, the Converted Policy will be cancelled as of the date You are approved for the Waiver of Premium Benefit. In this instance, Your coverage under this Certificate will continue subject to its terms, provided You remain eligible for the Waiver of Premium Benefit.

**Interim Term Life Insurance** You may choose to apply to convert to interim term life insurance coverage if:

- You are Totally Disabled; and
- You may be eligible for Waiver of Premium Benefits based upon Your age, but You have not yet been approved for the Waiver of Premium Benefit.

If interim term life insurance coverage is issued to You, it can remain in force for up to one year from the date the interim term life insurance coverage goes into force and effect.

If You are approved for this Certificate's basic and voluntary Waiver of Premium Benefit during this year, the interim term life insurance coverage will be cancelled as of the date that You are approved for the Waiver of Premium Benefit. In this instance, Your coverage under this Certificate will continue subject to its terms, provided You remain eligible for the Waiver of Premium Benefit. If You have not been approved for this Certificate's basic and voluntary Waiver of Premium Benefit, the interim term life insurance coverage will end exactly one year from the first day said coverage goes into force and effect, and Your life insurance will be converted to a permanent life insurance policy. Premiums for the permanent life insurance policy will be based on Your age as of the date You convert from the interim term life insurance coverage.

If You are Totally Disabled, but You are not eligible for the Waiver of Premium Benefit based on Your age, You can apply to convert to a permanent life insurance policy.

**How and When to Convert** To obtain a Converted Policy, We must receive a written application fully completed by You, and all required premiums within the Conversion Period. Your Employer is responsible for providing You with Notice of Your Right to Convert at least 15 days prior to the end of the Conversion Period. We will not ask for proof that You are insurable. In order to obtain a Converted Policy, You must satisfy all conditions required to convert within the Conversion Period or the Limited Extension of the Conversion Period, if You are entitled to such an extension.

Coverage will begin under the Converted Policy when We receive:

- A written application fully completed by You; and
- All required premiums during the Conversion Period, or during the Limited Extension of The Conversion Period, if You are entitled to such an extension.

**Death During The Conversion Period** We will pay a death benefit equal to the amount of life insurance that could have been converted if:

- You die within the Conversion Period, or during the Limited Extension of the Conversion Period, as stated above, if entitled to such an extension; and
- But for Your death, You would have been entitled to purchase a Converted Policy; and
- We receive Proof of Loss.

Any benefit payable under the group Certificate will be paid to the beneficiary You designate under the group Certificate. However, if the Converted Policy has already taken effect, any benefit payable under the Converted Policy will be paid to the beneficiary You designated for the individual life insurance on the application for conversion. Under no circumstances will a benefit be paid under both the group Certificate and the Converted Policy.

**SUPPLEMENTAL RIDER - Accelerated Death Benefit**

---

This Rider is effective as of the effective date of the Employee's Certificate. If this Rider is added to an inforce Certificate, the Rider becomes effective on its issue date. This Rider amends the Certificate by the addition of the following:

**Note: This benefit is not available for retirees.**

**Employee Accelerated Basic and Voluntary Death Benefit**

**IMPORTANT NOTICE: USE OF THIS BENEFIT MAY HAVE TAX IMPLICATIONS. IT MAY ALSO AFFECT GOVERNMENT BENEFITS OR CLAIMS OF CREDITORS. YOU SHOULD CONSULT YOUR TAX OR FINANCIAL ADVISOR BEFORE YOU APPLY FOR THIS BENEFIT.**

**THE AMOUNT OF YOUR GROUP TERM LIFE INSURANCE IS PERMANENTLY REDUCED BY THE GROSS AMOUNT OF THE ACCELERATED DEATH BENEFIT .**

**Accelerated Death Benefit**

You may be eligible for an Accelerated Death Benefit if you meet the following conditions:

- You have a Terminal Condition;
- You supply the required written proof of Your Terminal Condition (see "How To Apply");
- You apply for this benefit in writing while living and before You attain age 60. If You are unable to request this benefit yourself, Your legal representative may request it on Your behalf.

This benefit is a payment of part of Your Group Term Life Insurance made to You before death. You may use this benefit in any way You choose, subject to the restrictions stated below.

If You qualify for the Accelerated Death Benefit, We will subtract the Gross Amount paid to You as an Accelerated Death Benefit from the amount of Your Group Term Life Insurance under the Certificate. The remaining amount of Group Term Life Insurance is permanently reduced by the Gross Amount of this benefit.

You may only receive one Employee Accelerated Death Benefit during Your lifetime. This benefit does not have to be repaid, even if You:

- Live longer than 6 months from the date We receive Your application for this benefit; or
- Recover from the Terminal Condition.

However, the amount of this benefit will not be restored to Your remaining Group Term Life Insurance. And, You may not receive another Accelerated Death Benefit under any circumstances and even if You:

- Have a relapse; or

- You are subsequently diagnosed as having another Terminal Condition.

**Benefit Amount For The Accelerated Death Benefit** The amount of the Accelerated Death Benefit for which You may apply is based on the amount of group term life insurance for which You are insured on the day before You apply for the benefit subject to the following minimum and maximum amounts.

The minimum benefit amount is the lesser of: (1) \$10,000.00; or (2) 50% of Your amount of Group Term Life Insurance.

The maximum benefit amount is the lesser of: (1) \$250,000.00; or (2) 50% of Your amount of Group Term Life Insurance.

**Discount** The amount of the Accelerated Death Benefit which is available to You is discounted to the present value in 6 months from the date this benefit is paid. The discount is based on the maximum adjustable policy loan interest rate permitted in the state in which the group policy is delivered.

A detailed statement of the method of computing the amount of the Accelerated Death Benefit is available from Us on request.

**Payment Of The Accelerated Death Benefit** If We approve Your application for this benefit, We pay the amount You have elected, less the present value discount. We pay this benefit to You in one lump sum. This payment is subject to all of the other terms of the Certificate.

**How To Apply** You must send Us written proof from a Doctor who is operating within the scope of his or her license that You have a Terminal Condition. We must approve such proof in writing before this benefit is paid.

We may have You examined by a Doctor of Our choice to determine whether the Terminal Condition exists. We will pay the cost of such exam.

If We approve Your application to receive this benefit, We will provide You with a statement along with Your benefit payment which shows:

- The amount of the Accelerated Death Benefit You requested;
- The amount of the present value discount;
- The amount of Your Accelerated Death Benefit check; and
- The remaining amount of Your Basic and Voluntary Life Insurance coverage.

Even if You have been approved for a waiver of premium benefit under this Certificate, You may still apply for an Accelerated Death Benefit. But, if You convert Your Group Term Life Insurance, the terms of the converted life policy will apply. Any amount to which You could otherwise convert is permanently reduced by the gross amount of Your Accelerated Death Benefit.

**If You Have Assigned Your Group Term Life Insurance** If You have already assigned Your Group Term Life Insurance, or any portion thereof, You cannot apply for an Accelerated Death Benefit.

**If You Are Legally Incompetent** If You are not legally competent, Your lawful guardian, conservator, legal representative, or any person or fiduciary with the lawful authority to act on Your behalf or handle Your affairs may apply for the Accelerated Death Benefit on Your behalf.

**Your Remaining Group Term Life Insurance** The remaining amount of Your Group Term Life Insurance after You receive an Accelerated Death Benefit payment is subject to any increases or reductions that would otherwise apply to Your insurance. Applicable reductions are applied to the amount of Group Term Life Insurance for which You were insured on the day before the date You applied for the Accelerated Death Benefit.

If Your Life Benefit is scheduled to reduce within 6 months of the date You apply for the Accelerated Death Benefit, any applicable reduction will also be applied to Your Accelerated Benefit amount.

The premium cost of Your remaining insurance is based on the amount of Group Term Life Insurance for which You were insured on the day before the date You applied for the Accelerated Death Benefit .

The total amount of Group Term Life Insurance Your beneficiary would otherwise receive on Your death is reduced by the Gross Amount of the Accelerated Death Benefit.

If You die after applying, and were eligible, for the Accelerated Death Benefit, but before We send You the benefit, Your beneficiary will receive the full amount of Group Term Life Insurance for which You were insured on the day before the date You applied for the Accelerated Death Benefit.

**Restrictions** We will not pay an Accelerated Death Benefit if:

- Your coverage under the Certificate ends for any reason after You apply for the Accelerated Death Benefit, but before We pay such benefit;
- You are required by law to use the proceeds of the Group Term Life Insurance from the Certificate to meet the claims of creditors, whether or not You are in bankruptcy;
- You are required by court order to pay all or part of the proceeds of the Group Term Life Insurance from the Certificate to another person; or
- You are required by a government agency to use the payment to apply for, receive or maintain a governmental benefit or entitlement.

- **Terminal Condition:** This term means a medical condition that is expected to result in death within 6 months from the date You apply for the Accelerated Death Benefit.

**SUPPLEMENTAL RIDER - Waiver of Premium Benefit**

---

This Rider is effective as of the effective date of the Employee's Certificate. If this Rider is added to an inforce Certificate, the Rider becomes effective on its issue date. This Rider amends the Certificate by the addition of the following:

**Employee Basic and Voluntary Term Life Insurance  
Waiver Of Premium Benefit**

**Important Notice** This rider applies to Your Basic and Voluntary term life insurance. It does not apply to any of Your dependent life insurance under the Certificate. To continue dependent life insurance, You must convert Your dependent coverage. See "Converting This Dependent Term Life Insurance" for details.

**If You Are Disabled** If You are Totally Disabled, and meet the requirements in "How And When To Apply," We will extend Your Basic and Voluntary life insurance without payment of premiums from You or the Employer in an amount equal to the amount of Basic and Voluntary life insurance for which You are insured on Your last day of Active Work.

**How And When To Apply** To apply for this benefit, You must submit, while living, written medical proof of Your Total Disability satisfactory to Us within one year of the start of that disability. Any claim filed after one year from the start of Total Disability will be denied, unless We receive written proof that:

- You lacked the legal capacity to file the claim; or
- It was not reasonably possible for You to file the claim within the required period of time.

To be approved for this benefit, You must:

- Become Totally Disabled before You reach age 60 and while insured by the Certificate; and
- Remain Totally Disabled for at least 9 months in a row.

You should apply for this benefit immediately at the start of Your Total Disability.

**Continued Proof For Waiver of Premium Benefit** We may require written proof that You remain Totally Disabled and receive regular Doctor's care to maintain this benefit. This proof must be given to Us within 30 days of the date We request it.

We can also require that You take part in a medical assessment by a medical professional of Our choice as often as We feel is reasonably necessary during the first 2 years We have waived Your life insurance premiums pursuant to the Rider. After 2 years, We cannot have You examined more than once a year.

**Until You Have Been Approved For This Benefit** If Your life insurance under the Certificate ends after You have become Totally Disabled and applied for Waiver of Premium Benefits, but before We have approved You for this benefit, You may:

- Continue to pay your group premium payments, including any part which would have been paid by the Employer, until You are approved or declined for this benefit; or
- Apply to convert to an individual permanent or term life insurance policy.

Please read "Converting This Employee Basic and Voluntary Term Life Insurance" for details on how to convert.

Converting Your life insurance does not stop You from claiming Your rights under this section. But, if You apply to convert and obtain a policy, and We later approve You for this benefit, We will cancel the converted policy on the date We approve You for this Benefit. See "Converting This Employee Basic and Voluntary Term Life Insurance" for details on how We do this. Once You are approved for this benefit, Your insurance under the Certificate will be reinstated at no further cost to You or the Employer.

**If the Certificate terminates before You are approved** If this group Certificate terminates and You are Totally Disabled and eligible, but not yet approved, for this Waiver of Premium benefit, You must apply to convert to an individual permanent or term policy, and remain insured under such policy until You are approved by Us for the Waiver of Premium benefit.

**When This Waiver Begins** Once approved by Us, Your Waiver of Premium benefit will be effective on the date following the day You have been Totally Disabled for 9 months in a row.

**When This Waiver Ends** Your Waiver of Premium benefit will end on the earliest of:

- The date You are no longer Totally Disabled;
- The date We ask You to be examined by Our Doctor, and You refuse;
- The date You do not give Us the proof of Total Disability We require;
- the date you have been out of the United States and/or Canada or a country or region approved by Us for more than 2 months in a 12 month period;
- The date You are no longer receiving regular Doctor's care appropriate to the cause of Your claimed Total Disability;
- The day before the date You reach age 65.

If Your Waiver of Premium Benefit ends and You do not return to Active Work, You will have the option to convert the Employee Basic and Voluntary life insurance that was in effect on the date the Waiver of Premium Benefit ends.

Please read "Converting This Employee Basic and Voluntary Term Life Insurance" for details on how to convert.

**If You Die While Covered By This Waiver of Premium Benefit** If You die while covered for this benefit, We will pay Your beneficiary the amount of Basic and Voluntary life insurance for which You were insured as of Your last day of Active Full-Time Work. This payment is subject to all the terms of the Certificate and all reductions which would have applied had You remained an Active at Work Employee.

**If You Die Prior to Approval for This Waiver of Premium Benefit**

If You die prior to being approved for the Waiver of Premium Benefit and within 12 months of the onset date of Total Disability We'll pay Your beneficiary the amount for which You were covered as of Your last day of Active Full-Time Work, subject to all reductions which would have applied had You stayed an active Employee provided You:

- Were Totally Disabled, as defined by this Rider, through the date of death,
- Became Totally Disabled prior to age 60; and
- Became Totally Disabled while insured; and
- We received the required premiums for this coverage.

A dependent must be insured as of the date Your coverage under the Certificate ends in order to be eligible for Portability.

If You die while insured for dependent Voluntary term life insurance, Your Spouse may Port Your dependent Voluntary term life insurance as described above. Your Spouse and dependent children must be insured under the Certificate on the date of Your death. But, this option is not available if:

- There is no surviving Spouse; or
- Your surviving Spouse has reached age 70 on the date of Your death.

**The Portable Certificate Of Coverage**

If You Port, You will obtain a new Certificate of coverage, which will be issued under the Portable group policy and will describe the benefits provided. The Portable group policy has been established specifically for, and limited to, providing portability coverage for Employees and their dependents whose coverage ends under an Employer's plan. The benefits provided by the Portable certificate of coverage may not be the same as the benefits provided by the Certificate provided by your Employer. The group term life insurance provided by the Portable Certificate of coverage will not provide any of the following benefits or types of coverage:

- Accidental death or dismemberment;
- Income replacement;
- Or Waiver of Premium benefits.

The premium for the Portable certificate of coverage will be based on:

- the covered person's rate class under the Ported Policy; and
- Your or Your surviving Spouse's age bracket as shown in the Life Portability Coverage Premium Notice.

The Portable Certificate of Coverage ends at age 70.

**How To Port** You or Your surviving Spouse must:

- Apply to Us in writing; and
- Pay the required premium.

You or Your surviving Spouse must do this within 31 days from the date Your coverage under the Certificate ends. In order to port Your Voluntary term life insurance, We will not ask for proof that You or Your surviving Spouse is insurable.

**Portability And Conversion** If You or Your surviving Spouse choose to Port, the Certificate's conversion privilege will not be available. In the event that a person would be eligible to both convert and to Port, only one of these privileges may be chosen. Coverage under both a converted policy and a Portable certificate of coverage at the same time is not permitted. You or Your surviving Spouse should read the entire Certificate, as well as any related materials carefully before making a choice.

**STATEMENT OF ERISA RIGHTS**

---

**The Guardian Life Insurance Company of America**

10 Hudson Yards  
New York, New York 10001  
(212) 598-8000

Your group term life insurance benefits may be covered by the Employee Retirement Income Security Act of 1974 (ERISA). If so, you are entitled to certain rights and protections under ERISA.

ERISA provides that all plan participants shall be entitled to:

**Receive Information  
about Your Plan and  
Benefits**

- Examine, without charge, at the plan administrator's office and at other specified locations, such as worksites and union halls, all documents governing the plan, including insurance contracts and collective bargaining agreements, and a copy of the latest annual report (Form 5500 Series) filed by the plan with the U. S. Department of Labor and available at the Public Disclosure Room of the Employee Benefits Security Administration.
- Obtain, upon written request to the plan administrator, copies of documents governing the operation of the plan, including insurance contracts, collective bargaining agreements and copies of the latest annual report (Form 5500 Series) and updated summary plan description. The administrator may make a reasonable charge for the copies.
- Receive a summary of the plan's annual financial report. The plan administrator is required by law to furnish each participant with a copy of this summary annual report.

**Prudent Actions by  
Plan Fiduciaries**

In addition to creating rights for plan participants, ERISA imposes duties upon the people who are responsible for the operation of the employee benefit plan. The people who operate the plan, called "fiduciaries" of the plan, have a duty to do so prudently and in the interest of plan participants and beneficiaries. No one, including your employer, your union, or any other person may fire you or otherwise discriminate against you in any way to prevent you from obtaining a welfare benefit or exercising your rights under ERISA.

**Enforcement of  
Your Rights**

If your claim for a welfare benefit is denied or ignored, in whole or in part, you have a right to know why this was done, to obtain copies of documents relating to the decision without charge, and to appeal any denial, all within certain time schedules (see Claims Procedures below).

Under ERISA, there are steps you can take to enforce the above rights. For instance, if you request a copy of plan documents or the latest annual report from the plan and do not receive them within 30 days, you may file suit in a state or Federal court. In such a case, the court may require the plan administrator to provide the materials and pay you up to \$110.00 a day until you receive the material, unless the materials were not sent because of reasons beyond the control of the administrator. If you have a claim for benefits which is denied or ignored, in whole or in part, you may file suit in a federal court. If it should happen that plan fiduciaries misuse the plan's money or if you are discriminated against for asserting your rights, you may seek assistance from the U.S. Department of Labor, or you may file suit in a Federal court. The court will decide who should pay court costs and legal fees. If you are successful, the court may order the person you sued to pay these costs and fees. If you lose, the court may order you to pay these costs and fees, for example, if it finds that your claim is frivolous.

**Assistance with Questions** If you have questions about the plan, you should contact the plan administrator. If you have questions about this statement or about your rights under ERISA, or if you need assistance in obtaining documents from the plan administrator, you should contact the nearest office of the Employee Benefits Security Administration, U.S. Department of Labor listed in your telephone directory or the Employee Benefits Security Administration, U.S. Department of Labor, 200 Constitution Avenue N.W., Washington D.C. 20210. You may also obtain certain publications about your rights and responsibilities under ERISA by calling the publications hotline of the Employee Benefits Security Administration.

**Life Insurance Claims Procedure** If you seek benefits under the plan you should complete, execute and submit a claim form. Claim forms and instructions for filing claims may be obtained from the Guardian Life Insurance Company of America (hereinafter referenced as Guardian.)

Guardian is the Claims Fiduciary with discretionary authority to interpret and construe the terms of the Policy, the Certificate, the Schedule of Benefits, and any riders, or other documents or forms that may be attached to the Certificate or the Policy, and any other plan documents. Guardian has discretionary authority to determine eligibility for benefits and coverage under those documents. Guardian has the right to secure independent professional healthcare advice and to require such other evidence as needed to decide your claim.

In addition to the basic claim procedure explained in your certificate, Guardian will also observe the procedures listed below. These procedures are the minimum requirements for benefit claims procedures of employee benefit plans covered by Title 1 of ERISA.

**Definitions** "Adverse determination" means any denial, reduction or termination of a benefit or failure to provide or make payment (in whole or in part) for a benefit.

**Timing for Initial Benefit Determination of Life Insurance Claims** The benefit determination period begins when a claim is received. Guardian will make a benefit determination and notify a claimant within a reasonable period of time, but not later than the maximum time period shown below. A written or electronic notification of any adverse benefit determination must be provided.

Guardian will provide a benefit determination not later than 90 days from the date of receipt of a claim. This period may be extended by up to 90 days if Guardian determines that an extension is necessary due to special circumstances, and so notifies the claimant before the end of the initial 90-day period. Such notification will include the reason for the special circumstances requiring the extension and a date by which the determination is expected to be made.

A notification of an extension to the time period in which a benefit determination will be made will include an explanation of the standards upon which entitlement to a benefit is based, any unresolved issues that prevent a decision of the claim, and the additional information needed to resolve those issues.

**Adverse Benefit Determination of Life Insurance Claims**

If a claim is denied, Guardian will provide notice that will set forth:

- The specific reason(s) for the adverse determination;
- References to the specific provisions in the Policy, Certificate, plan or other documents, on which the determination is based;
- A description of any additional material or information needed to perfect the claim, and an explanation of why such material or information is necessary;
- A description of the plan's claim review procedures which a claimant may follow to have a claim for benefits reviewed and the time limits applicable to such procedures; and
- A description of the plan's review procedures and the time limits applicable to such procedures, including a statement of the claimant's right to bring a civil action under ERISA Section 502(a) following an adverse benefit determination.

B997.0364

**All Options**

**Appeals of Adverse Determinations of Life Insurance Claims**

If a claim is wholly or partially denied, you will have up to 60 days to make an appeal. Guardian will conduct a full and fair review of an appeal which includes providing to claimants the following:

- The opportunity to submit written comments, documents, records and other information relating to the claim;
- The opportunity, upon request and free of charge, for reasonable access to, and copies of, all documents, records and other information relevant to the claim; and
- A review that takes into account all comments, documents, records and other information submitted by the claimant relating to the claim, without regard to whether such information was submitted or considered in the initial benefit determination.

Guardian will notify the claimant of its decision not later than 60 days after receipt of the request for review of the adverse determination. This period may be extended by an additional period of up to 60 days if Guardian determines that special circumstances require an extension of the time period for processing and so notifies the claimant before the end of the initial 60-day period.

A notification with respect to an extension will indicate the special circumstances requiring an extension of the time period for review, and the date by which the final determination will be made.

In the event Guardian denies the appeal of an adverse benefit determination, it will:

- Provide the specific reason or reasons why the appeal was denied;
- Refer to the specific provisions in the Policy, Certificate, plan, or other documents on which the benefit determination is based;
- Provide a statement that the claimant is entitled to receive, upon request and free of charge, reasonably access to, and copies of all documents, records, and other information relevant to the claimant's claim for benefits; and
- Provide a statement describing any voluntary appeal procedures offered by the Plan, the claimant's right to obtain information about such procedures, and a statement that the claimant's right to bring an action under ERISA section 502(a).

**Waiver of Premium** If you apply for an extension of life insurance benefits due to Total Disability under the Waiver of Premium benefit under this plan, these claim procedures will apply to such request:

**Timing For Initial Benefit Determination for Waiver of Premium** The benefit determination period begins when claim is received. Guardian will make a benefit determination and notify a claimant within a reasonable period of time, but not later than the time period shown below. A written or electronic notification of any adverse determination must be provided.

Guardian will make a determination of whether the claimant meets the plan's standard for total disability not later than 45 days from the date of receipt of a claim. This period may be extended by up to 30 days if Guardian determines that an extension is necessary due to matters beyond the control of the plan, and so notifies the claimant before the end of the initial 45-day period. Such notification will include the reason for the extension and a date by which the determination will be made. If prior to the end of the 30-day period Guardian determines that an additional extension is necessary due to matters beyond the control of the plan, and so notifies the claimant, the time period for making a benefit determination may be extended for up to an additional period of up to 30 days. Such notification will include the special circumstances requiring the extension and a date by which the final determination will be made.

A notification of an extension to the time period in which a benefit determination will be made will include an explanation of the standards upon which entitlement to a benefit is based, any unresolved issues that prevent a decision of the claim, and the additional information needed to resolve those issues.

If Guardian extends the time period for making a benefit determination due to a claimant's failure to submit the information necessary to decide the claim, the claimant will be given at least 45 days to provide the requested information. The extension period will begin on the date on which the claimant responds to the request for additional information.

**Adverse Benefit Determination** If a claim for an extension of benefits is denied, Guardian will provide a notice that will set forth:

- The specific reason(s) for the adverse determination;
- References to the specific provisions in the Policy, Certificate, plan or other documents, on which the determination is based;
- A description of any additional material or information needed to perfect the claim, and an explanation of why such material or information is necessary;
- A description of the plan's claim review procedures which a claimant may follow to have a claim for benefits reviewed and the time limits applicable to such procedures;
- A description of the plan's review procedures and the time limits applicable to such procedures, including a statement of the claimant's right to bring a civil action under ERISA Section 502(a) following an adverse benefit determination; and
- In the case of adverse benefit determination based on medical necessity or experimental treatment, notice will either include an explanation of the scientific or clinical basis for the determination, or a statement that such explanation will be provided free of charge upon request.

- The opportunity, upon request and free of charge, for reasonable access to, and copies of, all documents, records and other information relevant to the claim; and
- A review that takes into account all comments, documents, records and other information submitted by the claimant relating to the claim, without regard to whether such information was submitted or considered in the initial benefit determination.

In reviewing an appeal, Guardian will:

- Provide for a review conducted by a named fiduciary who is neither the person who made the initial adverse determination nor that person's subordinate;

- In deciding an appeal based upon a medical judgment, consult with a health care professional who has appropriate training and experience in the field of medicine involved in the medical judgment;
- Identify medical or vocational experts whose advice was obtained in connection with an adverse benefit determination; and
- Ensure that a health care professional engaged for consultation regarding an appeal based upon a medical judgment shall be neither the person who was consulted in connection with the adverse benefit determination, nor that person's subordinate.

Guardian will notify the claimant of its decision not later than 45 days after receipt of the request for review of the adverse determination. This period may be extended by an additional period of up to 45 days if Guardian determines that special circumstances require an extension of the time period for processing and so notifies the claimant before the end of the initial 45-day period.

A notification with respect to an extension will indicate the special circumstances requiring an extension of the time period for review, and the date by which the final determination will be made.

In the event Guardian denies the appeal of an adverse benefit determination, it will:

- Provide the specific reason or reasons why the appeal was denied;
- Refer to the specific provisions in the Policy, Certificate, plan, or other documents on which the benefit determination is based;
- Provide a statement that the claimant is entitled to receive, upon request and free of charge, reasonably access to, and copies of all documents, records, and other information relevant to the claimant's claim for benefits;
- Provide a statement disclosing any internal rule, guideline, protocol or similar criterion relied on in making the adverse benefit determination (or a statement that such information will be provided free of charge upon request); or a statement that no internal rule, guideline, protocol or similar criterion was relied upon in making the adverse benefit determination;
- If applicable, provide an explanation of the basis of disagreement with or not following the views presented by you, of health care professionals who treated you, and vocational professionals who evaluated you;
- If applicable, provide an explanation of the basis for disagreeing with or not following the views of any medical or vocational expert whose advice was obtained on our behalf in connection with the adverse benefit determination, without regard to whether the advice was relied upon in making the determination;
- If applicable, provide an explanation of the basis for disagreeing with or not following a disability determination made by the Social Security Administration that you present to us;

- Provide a statement describing the claimant's right to bring a civil suit under Section 502(a) of the Employee Retirement Income Security Act of 1974 which shall also describe any applicable contractual limitations period that applies the claimant's right to bring such an action, including the calendar date on which the contractual limitations period expires for the claim, and;
- In the event the adverse benefit determination is based on a medical necessity or experimental treatment or similar exclusion or limit, provide either an explanation of the scientific or clinical judgment for the determination, applying the terms of the plan to the claimant's medical circumstances, or a statement that such explanation will be provided free of charge upon request.

**Alternative Dispute Options** The claimant and the plan may have other voluntary alternative dispute resolution options, such as mediation. One way to find out what may be available is to contact the local U.S. Department of Labor Office and the State insurance regulatory agency.

In addition to any legal rights you may have under section 502(a), if you believe that we have violated ERISA's procedural requirements, you may request that we review any claimed violation(s) and we will respond to you within ten days.

This requirement is called Proof of Insurability. For purposes of this section, any person applying for coverage requiring Proof of Insurability is referred to as "Applicant."

To determine if the Applicant is required to submit Proof of Insurability for the type and amount of coverage sought, please see below.

Any applicant required to submit Proof of Insurability is required to complete and submit to Us an Enrollment/Change form. We may also require the completion of additional forms so that We may determine whether the Applicant is insurable, according to Our underwriting standards for the amount and type of coverage applied for. To determine if the Applicant is insurable, We may also need to obtain and review the Applicant's health and medical history; prescription history; records relating to treatment, diagnostic testing, hospitalization and the like; and records pertaining to Applicant's driving and motor vehicle history.

No coverage requiring Proof of Insurability will become effective unless and until it is approved by Us in writing. In the event that any premiums are overpaid, Our only obligation is to return the amount of overpaid premiums.

The Policyholder, or its designee, must give Us complete and accurate information so that we may determine:

- The type and amount of coverage for which someone is insured; and
- Any other information required so that Guardian may meet its obligations under the Policy.

**The following notice applies if Your plan is governed by the Employee Retirement Income Security Act of 1974 and its amendments. This notice is not part of the Guardian plan of insurance or any employer funded benefits, not insured by Guardian.**

**STATEMENT OF ERISA RIGHTS**

---

**The Guardian Life Insurance Company of America**

10 Hudson Yards  
New York, New York 10001  
(212) 598-8000

Your group term accidental death and dismemberment insurance benefits may be covered by the Employee Retirement Income Security Act of 1974 (ERISA). If so, you are entitled to certain rights and protections under ERISA.

ERISA provides that all plan participants shall be entitled to:

**Receive Information  
about Your Plan and  
Benefits**

- Examine, without charge, at the plan administrator's office and at other specified locations, such as worksites and union halls, all documents governing the plan, including insurance contracts and collective bargaining agreements, and a copy of the latest annual report (Form 5500 Series) filed by the plan with the U. S. Department of Labor and available at the Public Disclosure Room of the Employee Benefits Security Administration.
- Obtain, upon written request to the plan administrator, copies of documents governing the operation of the plan, including insurance contracts, collective bargaining agreements and copies of the latest annual report (Form 5500 Series) and updated summary plan description. The administrator may make a reasonable charge for the copies.
- Receive a summary of the plan's annual financial report. The plan administrator is required by law to furnish each participant with a copy of this summary annual report.

**Prudent Actions by  
Plan Fiduciaries**

In addition to creating rights for plan participants, ERISA imposes duties upon the people who are responsible for the operation of the employee benefit plan. The people who operate the plan, called "fiduciaries" of the plan, have a duty to do so prudently and in the interest of plan participants and beneficiaries. No one, including your employer, your union, or any other person may fire you or otherwise discriminate against you in any way to prevent you from obtaining a welfare benefit or exercising your rights under ERISA.

**Enforcement of  
Your Rights**

If your claim for a welfare benefit is denied or ignored, in whole or in part, you have a right to know why this was done, to obtain copies of documents relating to the decision without charge, and to appeal any denial, all within certain time schedules (see Claims Procedures below).

Under ERISA, there are steps you can take to enforce the above rights. For instance, if you request a copy of plan documents or the latest annual report from the plan and do not receive them within 30 days, you may file suit in a state or Federal court. In such a case, the court may require the plan administrator to provide the materials and pay you up to \$110.00 a day until you receive the material, unless the materials were not sent because of reasons beyond the control of the administrator. If you have a claim for benefits which is denied or ignored, in whole or in part, you may file suit in a federal court. If it should happen that plan fiduciaries misuse the plan's money or if you are discriminated against for asserting your rights, you may seek assistance from the U.S. Department of Labor, or you may file suit in a Federal court. The court will decide who should pay court costs and legal fees. If you are successful, the court may order the person you sued to pay these costs and fees. If you lose, the court may order you to pay these costs and fees, for example, if it finds that your claim is frivolous.

**Assistance with Questions** If you have questions about the plan, you should contact the plan administrator. If you have questions about this statement or about your rights under ERISA, or if you need assistance in obtaining documents from the plan administrator, you should contact the nearest office of the Employee Benefits Security Administration, U.S. Department of Labor listed in your telephone directory or the Employee Benefits Security Administration, U.S. Department of Labor, 200 Constitution Avenue N.W., Washington D.C. 20210. You may also obtain certain publications about your rights and responsibilities under ERISA by calling the publications hotline of the Employee Benefits Security Administration.

**Accidental Death and Dismemberment Insurance Claims Procedure** If you seek benefits under the plan you should complete, execute and submit a claim form. Claim forms and instructions for filing claims may be obtained from the Guardian Life Insurance Company of America (hereinafter referenced as Guardian.)

Guardian is the Claims Fiduciary with discretionary authority to interpret and construe the terms of the Policy, the Certificate, the Schedule of Benefits, and any riders, or other documents or forms that may be attached to the Certificate or the Policy, and any other plan documents. Guardian has discretionary authority to determine eligibility for benefits and coverage under those documents. Guardian has the right to secure independent professional healthcare advice and to require such other evidence as needed to decide your claim.

In addition to the basic claim procedure explained in your certificate, Guardian will also observe the procedures listed below. These procedures are the minimum requirements for benefit claims procedures of employee benefit plans covered by Title 1 of ERISA.

**Definitions** "Adverse determination" means any denial, reduction or termination of a benefit or failure to provide or make payment (in whole or in part) for a benefit.

**Timing for Initial  
Benefit  
Determination of  
Accidental Death  
and  
Dismemberment  
Insurance Claims**

The benefit determination period begins when a claim is received. Guardian will make a benefit determination and notify a claimant within a reasonable period of time, but not later than the maximum time period shown below. A written or electronic notification of any adverse benefit determination must be provided.

Guardian will provide a benefit determination not later than 90 days from the date of receipt of a claim. This period may be extended by up to 90 days if Guardian determines that an extension is necessary due to special circumstances, and so notifies the claimant before the end of the initial 90-day period. Such notification will include the reason for the special circumstances requiring the extension and a date by which the determination is expected to be made.

A notification of an extension to the time period in which a benefit determination will be made will include an explanation of the standards upon which entitlement to a benefit is based, any unresolved issues that prevent a decision of the claim, and the additional information needed to resolve those issues.

**Adverse Benefit  
Determination of  
Accidental Death  
and  
Dismemberment  
Insurance Claims**

If a claim is denied, Guardian will provide notice that will set forth:

- The specific reason(s) for the adverse determination;
- References to the specific provisions in the Policy, Certificate, plan or other documents, on which the determination is based;
- A description of any additional material or information needed to perfect the claim, and an explanation of why such material or information is necessary;
- A description of the plan's claim review procedures which a claimant may follow to have a claim for benefits reviewed and the time limits applicable to such procedures;
- Identification and description of any specific internal rule, guideline or protocol that was relied upon in making an adverse benefit determination, or a statement, that a copy of such information will be provided to the claimant free of charge upon request;
- A description of the plan's review procedures and the time limits applicable to such procedures, including a statement of the claimant's right to bring a civil action under ERISA Section 502(a) following an adverse benefit determination; and
- In the case of adverse benefit determination based on medical necessity or experimental treatment, notice will either include an explanation of the scientific or clinical basis for the determination, or a statement that such explanation will be provided free of charge upon request.

### **Appeals of Adverse Determinations of Accidental Death and Dismemberment Insurance Claims**

If a claim is wholly or partially denied, you will have up to 60 days to make an appeal. Guardian will conduct a full and fair review of an appeal which includes providing to claimants the following:

- The opportunity to submit written comments, documents, records and other information relating to the claim;
- The opportunity, upon request and free of charge, for reasonable access to, and copies of, all documents, records and other information relevant to the claim; and
- A review that takes into account all comments, documents, records and other information submitted by the claimant relating to the claim, without regard to whether such information was submitted or considered in the initial benefit determination.

In reviewing an appeal, Guardian will:

- Provide for a review conducted by a named fiduciary who is neither the person who made the initial adverse determination nor that person's subordinate;
- In deciding an appeal based upon a medical judgment, consult with a health care professional who has appropriate training and experience in the field of medicine involved in the medical judgment;
- Identify medical or vocational experts whose advice was obtained in connection with an adverse benefit determination; and
- Ensure that a health care professional engaged for consultation regarding an appeal based upon a medical judgment shall be neither the person who was consulted in connection with the adverse benefit determination, nor that person's subordinate.

Guardian will notify the claimant of its decision not later than 60 days after receipt of the request for review of the adverse determination. This period may be extended by an additional period of up to 60 days if Guardian determines that special circumstances require an extension of the time period for processing and so notifies the claimant before the end of the initial 60-day period.

A notification with respect to an extension will indicate the special circumstances requiring an extension of the time period for review, and the date by which the final determination will be made.

In the event Guardian denies the appeal of an adverse benefit determination, it will:

- Provide the specific reason or reasons why the appeal was denied;
- Refer to the specific provisions in the Policy, Certificate, plan, or other documents on which the benefit determination is based;
- Provide a statement that the claimant is entitled to receive, upon request and free of charge, reasonable access to, and copies of all documents, records, and other information relevant to the claimant's claim for benefits;

- In the event the adverse benefit determination is based on a medical necessity or experimental treatment or similar exclusion or limit, provide either an explanation of the scientific or clinical judgment for the determination, applying the terms of the plan to the claimant's medical circumstances, or a statement that such explanation will be provided free of charge upon request.

**Waiver of Premium** If you apply for an extension of accidental death and dismemberment insurance benefits due to Total Disability under the Waiver of Premium benefit under this plan, these claim procedures will apply to such request:

**Timing For Initial Benefit Determination for Waiver of Premium** The benefit determination period begins when a claim is received. Guardian will make a benefit determination and notify a claimant within a reasonable period of time, but not later than the time period shown below. A written or electronic notification of any adverse determination must be provided.

Guardian will make a determination of whether the claimant meets the plan's standard for total disability not later than 45 days from the date of receipt of a claim. This period may be extended by up to 30 days if Guardian determines that an extension is necessary due to matters beyond the control of the plan, and so notifies the claimant before the end of the initial 45-day period. Such notification will include the reason for the extension and a date by which the determination will be made. If prior to the end of the 30-day period Guardian determines that an additional extension is necessary due to matters beyond the control of the plan, and so notifies the claimant, the time period for making a benefit determination may be extended for up to an additional period of up to 30 days. Such notification will include the special circumstances requiring the extension and a date by which the final determination will be made.

A notification of an extension to the time period in which a benefit determination will be made will include an explanation of the standards upon which entitlement to a benefit is based, any unresolved issues that prevent a decision on the claim, and the additional information needed to resolve those issues.

If Guardian extends the time period for making a benefit determination due to a claimant's failure to submit the information necessary to decide the claim, the claimant will be given at least 45 days to provide the requested information. The extension period will begin on the date on which the claimant responds to the request for additional information.

**Adverse Benefit Determination** If a claim for an extension of benefits is denied, Guardian will provide a notice that will set forth:

- The specific reason(s) for the adverse determination;
- References to the specific provisions in the Policy, Certificate, plan or other documents, on which the determination is based;
- A description of any additional material or information needed to perfect the claim, and an explanation of why such material or information is necessary;
- A description of the plan's claim review procedures which a claimant may follow to have a claim for benefits reviewed and the time limits applicable to such procedures;

- A statement disclosing any internal rule, guideline, protocol or similar criterion relied on in making the adverse benefit determination (or a statement that such information will be provided free of charge upon request); or a statement that no internal rule, guideline, protocol or similar criterion was relied upon in making the adverse benefit determination;
- If applicable, an explanation of the basis of disagreement with or not following the views presented by you, of health care professionals who treated you and vocational professionals who evaluated you;
- If applicable, an explanation of the basis for disagreeing with or not following the views of any medical or vocational expert whose advice was obtained on our behalf in connection with the adverse benefit determination, without regard to whether the advice was relied upon in making the determination;
- If applicable, an explanation of the basis for disagreeing with or not following a disability determination made by the Social Security Administration that you present to us;
- A description of the plan's review procedures and the time limits applicable to such procedures, including a statement of the claimant's right to bring a civil action under ERISA Section 502(a) following an adverse benefit determination; and

### **Appeals of Adverse Determinations for Waiver of Premium**

If a claim for Waiver of Premium is denied, the claimant will have up to 180 days to make an appeal. Guardian will conduct a full and fair review of an appeal which includes providing to claimants the following:

- The opportunity to submit written comments, documents, records and other information relating to the claim;
- The opportunity, upon request and free of charge, for reasonable access to, and copies of, all documents, records and other information relevant to the claim; and
- A review that takes into account all comments, documents, records and other information submitted by the claimant relating to the claim, without regard to whether such information was submitted or considered in the initial benefit determination.

In reviewing an appeal, Guardian will:

- Provide for a review conducted by a named fiduciary who is neither the person who made the initial adverse determination nor that person's subordinate;

- In deciding an appeal based upon a medical judgment, consult with a health care professional who has appropriate training and experience in the field of medicine involved in the medical judgment;
- Identify medical or vocational experts whose advice was obtained in connection with an adverse benefit determination; and
- Ensure that a health care professional engaged for consultation regarding an appeal based upon a medical judgment shall be neither the person who was consulted in connection with the adverse benefit determination, nor that person's subordinate.

Guardian will notify the claimant of its decision not later than 45 days after receipt of the request for review of the adverse determination. This period may be extended by an additional period of up to 45 days if Guardian determines that special circumstances require an extension of the time period for processing and so notifies the claimant before the end of the initial 45-day period.

A notification with respect to an extension will indicate the special circumstances requiring an extension of the time period for review, and the date by which the final determination will be made.

In the event Guardian denies the appeal of an adverse benefit determination, it will:

- Provide the specific reason or reasons why the appeal was denied;
- Refer to the specific provisions in the Policy, Certificate, plan, or other documents on which the benefit determination is based;
- Provide a statement that the claimant is entitled to receive, upon request and free of charge, reasonably access to, and copies of all documents, records, and other information relevant to the claimant's claim for benefits;
- Provide a statement disclosing any internal rule, guideline, protocol or similar criterion relied on in making the adverse benefit determination (or a statement that such information will be provided free of charge upon request); or a statement that no internal rule, guideline, protocol or similar criterion was relied upon in making the adverse benefit determination;
- If applicable, provide an explanation of the basis of disagreement with or not following the views presented by you, of health care professionals who treated you, and vocational professionals who evaluated you;
- If applicable, provide an explanation of the basis for disagreeing with or not following the views of any medical or vocational expert whose advice was obtained on our behalf in connection with the adverse benefit determination, without regard to whether the advice was relied upon in making the determination;
- If applicable, provide an explanation of the basis for disagreeing with or not following a disability determination made by the Social Security Administration that you present to us;

- Provide a statement describing the claimant's right to bring a civil suit under Section 502(a) of the Employee Retirement Income Security Act of 1974 which shall also describe any applicable contractual limitations period that applies the claimant's right to bring such an action, including the calendar date on which the contractual limitations period expires for the claim, and;
- In the event the adverse benefit determination is based on a medical necessity or experimental treatment or similar exclusion or limit, provide either an explanation of the scientific or clinical judgment for the determination, applying the terms of the plan to the claimant's medical circumstances, or a statement that such explanation will be provided free of charge upon request.

**Alternative Dispute Options** The claimant and the plan may have other voluntary alternative dispute resolution options, such as mediation. One way to find out what may be available is to contact the local U.S. Department of Labor Office and the State insurance regulatory agency.

In addition to any legal rights you may have under section 502(a), if you believe that we have violated ERISA's procedural requirements, you may request that we review any claimed violation(s) and we will respond to you within ten days.

B400.0061

## All Options

**Multiple Employment:** If You work for both the Employer and a covered associated company, or for more than one covered associated company, We will treat You as if only one firm employs You. ### Exception to When Coverage Starts

Sometimes a scheduled Eligibility Date is not a regularly scheduled work day. If the scheduled Eligibility Date falls on:

- A holiday;
- A vacation day;
- A non-scheduled work day;
- A day during an approved leave of absence not due to Sickness or Injury, of 90 days or less; or

Your coverage will start on the scheduled Eligibility Date. However, any coverage or part of coverage for which You must elect and pay all or part of the cost, will not start if You are on an approved leave and such coverage or part of coverage was not previously in force for You under a prior plan which this Certificate replaced.

Any part of Your coverage which is subject to Proof of Insurability will not start unless You send such proof to Us, and We approve it in writing. Once We have approved it, that part of Your coverage is scheduled to start on Your approved Eligibility Date.

- You were covered for Short Term Disability under this Certificate on the day before Your coverage ended; and
- You enroll for coverage within 31 days of the date You return to Active Work.

Upon return to Active Work, a new Eligibility Date will be established according to the When Employee Coverage Starts rules above.

Upon returning to Active Work, subject to the limitations noted under the Rehire provision of this Certificate, Employee coverage under this Certificate will be reinstated at the amount of coverage in existence just prior to the coverage ending. Coverage will be re-established on the date You return to Active Work if all of the conditions for resuming coverage stated in the preceding paragraph above are satisfied. However, Employee coverage under this Certificate that is reinstated, will not be subject to the waiting period established by the Employer, if any. For any provisions that require service time, the Employee will be deemed as having coverage under this Certificate on his or her initial Eligibility Date, less the period of time the Employee was not covered under this Certificate.

## SHORT TERM DISABILITY INCOME COVERAGE

---

Terms with special meanings are defined, and are capitalized. See the Definitions section of this Certificate. Other terms with special meanings are defined where they are used.

B400.0138

## All Options

**Maximum Payment Period:** The Maximum Payment Period is shown in the Schedule Of Benefits.

Benefits payable during the Maximum Payment Period will not be affected by the termination of the Certificate, subject to all the terms and conditions of the Certificate that were in effect on the first date of Your Disability. Any change to the Certificate with an Effective Date after the first date of Your Disability will not apply to benefits payable during the Maximum Payment Period.

B400.0145

## All Options

**Recurring Disability:** Benefits from this Certificate end if You cease to be Disabled. But, a later Disability may be treated as a Recurring Disability, if all of the conditions listed below are met:

- You must return to Active Work right after Your benefits end.
- The Disability must recur less than two weeks after You were last entitled to benefits.
- The later Disability must be due to the same or related cause of Your earlier Disability.
- This Certificate must not end during Your return to Active Work.
- You must not become covered under any other similar group income replacement plan during the time You return to Active Work.
- When You return to Active Work after being disabled, You must be covered by this Certificate and all required premium must be paid.
- A subsequent Disability will not be considered a Recurring Disability if Your benefits for the prior Disability ended because Your prior Disability had been paid for the Maximum Payment Period.

If the later Disability is a Recurring Disability, You will not need to satisfy a new Elimination Period. The Recurring Disability will be subject to all the terms of this Certificate in effect on the date the earlier Disability began.

If all of the conditions listed above are not met, the later Disability will be treated as a new period of Disability. You will be required to satisfy a new Elimination Period. The new period of Disability will be subject to all the terms of this Certificate in effect on the date the new period of Disability starts.

B400.0146

**Calculation of Weekly Benefit:** Your benefit is governed by the terms of this Certificate in effect on the date Disability starts. Any changes to this Certificate that take place as follows are inapplicable to, and will not affect, Your benefit:

- While You are Disabled; or
- During a period of Active Work that occurs between an initial period of Disability and a Recurring Disability.

We calculate Your Gross Weekly Benefit according to the Schedule of Benefits.

From Your Gross Weekly Benefit, subtract the amount of any income listed in Other Income Benefits that You receive or are entitled to receive. The result is Your Weekly Benefit.

B400.0148

## All Options

**Redetermination:** This Certificate redetermines Your Insured Earnings on the date a change in Your Insured Earnings occurs. The Employer must report updates to all Employees Insured Earnings as they occur. Changes to Your Insured Earnings are subject to any Proof of Insurability requirements that may apply to this Certificate. As of this Certificate's redetermination date, We use Your Insured Earnings on record with Us to:

- Set rates;
- Project benefit amounts and limits; and
- Calculate premium payable under this Certificate.

You must be Actively at Work on a Full-Time basis on that date. If You are not, We do not do this until the date You return to Active Work on a Full-Time basis. But, changes in earnings will not apply to a Recurring Disability.

B400.0156

## All Options

**Other Income Benefits:** You may receive, or be entitled to receive, income shown in the list below. We will reduce Your Gross Weekly Benefit by such other income benefits to determine Your Weekly Benefit from this Certificate.

- Commissions or monies received, payable but not deferred, or paid after Disability benefits start.

This includes:

- Vested and nonvested renewal commissions;
- Bonuses;
- Royalties; and
- Other distributions.
- Disability benefits from any mandated benefit act or law. This includes all temporary disability or state disability benefits required by law.
- Disability benefits from all group policies or plans of the Employer. This includes payments made by a group life insurance plan due to Your Disability. This does not include payments made from a group life insurance plan's:

- Accelerated death benefit; or
- Like provision that allows payment of such plan's proceeds due to terminal illness.
- Disability benefits from any other group policy or plan; but, if the other group plan was in force prior to this Certificate, and the other group plan also deducts for Disability benefits from any other group plan, We will not deduct these other group Disability benefits.
- Income from sick leave, salary continuance or paid time off, exclusive of vacation time accrued prior to Disability, but only to the extent that such income plus the amount of Your Gross Weekly Benefit is more than 100% of Your Insured Earnings. This applies whether such benefits are sponsored on a formal or informal basis. This includes:
  - Donated;
  - Lump sum; and
  - Recurrent payments of accrued sick leave benefits.

But, if You are Working While Disabled, We will account for such income as described in Adjustment of Weekly Benefit for Disability Earnings.

- Income received from partnership distributions but only to the extent that such income plus the amount of Your Gross Weekly Benefit is more than 100% of Your Insured Earnings.
- Benefits from: The United States Social Security Act; The Railroad Retirement Act; or any other like U.S. or Canadian plan or act.

This includes:

- (a) All Disability benefits for which: (i) You are entitled; and (ii) Your Spouse and children are entitled due to Your Disability;
- (b) All unreduced retirement benefits for which: (i) You are entitled and awarded; and (ii) Your Spouse and children are entitled and awarded due to Your entitlement; and
- (c) All reduced retirement benefits paid to: (i) You; and (ii) Your Spouse and children due to Your receipt of such benefits.

We do not reduce Your Gross Weekly Benefit by the retirement benefits described in (b) and (c) above, to the extent that You and Your dependents were entitled and awarded to receive such income prior to the start of Disability. We will reduce the Gross Weekly Benefit by marginal increases in such income You and Your dependents were entitled and awarded after Disability begins.

We will reduce Your Gross Weekly Benefit by Your dependents' benefits described in (a), (b) and (c) above if: (i) the dependents' benefits are provided to You by the Social Security Administration; (ii) at the time that the Social Security Administration makes its first payment of the dependent benefits described in (a), (b), and (c) above, the dependent child remains a minor dependent or an adult Disabled dependent; and (iii) the dependent benefits You are entitled to are greater than any dependent benefit being received by another person. Under these circumstances, We will reduce Your Gross Weekly Benefit by the difference between the amount the dependent was awarded under the prior recipient and the amount awarded the dependent under Your benefits.

We do not reduce Your Gross Weekly Benefit by the benefits to which You are entitled, as described in (a), (b), and (c) above unless such benefits are greater than any widow/widower benefit You are receiving. And then We reduce Your Gross Weekly Benefit by the difference.

- Income of the type that is included in Your Insured Earnings for purposes of determining Your Gross Weekly Benefit under this Certificate.
- That portion of Retirement Plan retirement benefits which the Employer funds.
- That portion of Retirement Plan Disability benefits which the Employer funds.
- Retirement benefits or Retirement Plan disability benefits, due to Your Disability, from any Government Plan other than those shown above.
- Disability benefits from any:
  - No-Fault Motor Vehicle Coverage;
  - Motor vehicle financial responsibility act; or
  - Like law.
- Payment or settlement, with or without admission of liability, from: A Workers' Compensation law; an occupational disease law; or any other act or law of like intent.

This includes:

- The Jones' Act;
- The Longshoreman's and Harbor Workers' Compensation Act; or
- Any Maritime doctrine of Maintenance, Wages or Cure.

If You receive a payment net of attorney fees approved by the Workers' Compensation Board or similar authority, We reduce Our benefit by the net payment.

- Disability benefits from any third party when Your Disability is the result of the negligence or intentional tort liability of that third party.
- Unemployment compensation benefits.

- Payment from Your Employer as part of a termination or severance agreement.

We reduce Your Gross Weekly Benefit with income shown above that You are entitled to receive without regard to the reason You are entitled to receive it.

Our right to reduce Your benefit by such income shall not be negated by a transfer of claim liability to a third party. Payment by such third party by law, settlement, judgment, waiver or otherwise shall not negate Our right.

B400.0163

## All Options

**Other Income Not Subject to Deduction:** We will not reduce Your Gross Weekly Benefit by any income You receive or are entitled to receive from the list below.

- Deferred compensation arrangements such as 401(k), 403(b) or 457 plans;
- Profit sharing plans;
- Thrift plans;
- Tax sheltered annuities;

**Lump Sum Payments Of Other Income:** Income with which We integrate may be paid in a lump sum. In this case, We take the equivalent weekly rate stated in the award into account when We determine Your Weekly Benefit. If no weekly rate is given, We divide the lump sum payment by the number of calendar days in the period for which it was awarded. This will determine the daily rate. Then, multiply the daily rate by 7. The result is the prorated weekly rate.

**Cost of Living Freeze:** You may receive a cost of living increase in other income with which We integrate. In this case, We do not further reduce Your Weekly Benefit by the amount of such increase.

**Application For Other Income:** You must apply for other income benefits to which You may be entitled. If these benefits are denied, You must appeal until:

- All reasonable appeals have been made; or
- We notify You that no further appeals are required.

If We determine that You are entitled to receive such other income benefits, We will estimate the amount due to You and Your Spouse and children. We will take this estimated amount into account when We determine Your Weekly Benefit. But, We will not estimate the amount due to You if You and We agree in writing in an agreement provided to You by Us that You will:

- Apply for any benefits for which You may be eligible;
- Appeal any denial of such benefits until all reasonable appeals have been made; and
- Repay any amount We overpaid due to an award of such benefits.

If We do reduce Your Gross Weekly Benefit by an estimated amount, We will adjust Your Weekly Benefit when We receive written proof:

- Of the amount awarded; or
- That the other income benefits have been denied, and no further appeals are possible.

If We underpay You, We will pay the full amount of the underpayment in a lump sum.

We will assist You in applying for other income benefits.

- To make You whole; or
- To compensate You in part or in whole for the damages sustained.

This Certificate is not required to participate in or pay court costs or attorney fees to the attorney hired by You to pursue Your damage claim.

This Certificate is entitled to recover from any and all settlements or judgments, even those designated as pain and suffering or non-economic damages only.

You must notify Us within 30 days of the date when any notice is given to any party, including an insurance company or attorney, of Your intention to pursue or investigate a claim to recover damages or obtain compensation due to Injury, Sickness or condition sustained by You. You and Your agents, must provide all information requested by Us or Our representative. You must do nothing:

- To prejudice Our rights as described in this section; or
- To prejudice Our ability to enforce the terms of this section.

This includes, but is not limited to, refraining from making any settlement or recovery that attempts to reduce or exclude the full amount of all benefits paid by this Certificate.

We have the right to conduct an investigation regarding the Injury, Sickness or condition to identify any third party. We reserve the right to notify the third party and his or her agents of Our lien. Agents include, but are not limited to:

- Insurance companies; and

## CERTIFICATE AMENDATORY RIDER

---

This Rider is effective on the Policy Date. If this Rider is added after the Policy Date, the Rider becomes effective on its issue date.

This Rider amends the Certificate by the replacement of the following Benefit Provisions:

**Other Income Benefits:** You may receive, or be entitled to receive, income shown in the list below. We will reduce Your Gross Weekly Benefit by such other income benefits to determine Your Weekly Benefit from this Certificate.

- Commissions or monies received, payable but not deferred, or paid after Disability benefits start.

This includes:

- Vested and nonvested renewal commissions;
- Bonuses;
- Royalties; and
- Other distributions.
- Disability benefits from any mandated benefit act or law. This includes all temporary disability or state disability benefits required by law.
- Disability benefits from all group policies or plans of the Employer. This includes payments made by a group life insurance plan due to Your Disability. This does not include payments made from a group life insurance plan's:
  - Accelerated death benefit; or
  - Like provision that allows payment of such plan's proceeds due to terminal illness.
- Disability benefits from any other group policy or plan; but, if the other group plan was in force prior to this Certificate, and the other group plan also deducts for Disability benefits from any other group plan, We will not deduct these other group Disability benefits.
- Income from sick leave, salary continuance or paid time off, exclusive of vacation time accrued prior to Disability, but only to the extent that such income plus the amount of Your Gross Weekly Benefit is more than 100% of Your Insured Earnings. This applies whether such benefits are sponsored on a formal or informal basis.

This includes:

- Donated;
- Lump sum; and
- Recurrent payments of accrued sick leave benefits.

But, if You are Working While Disabled, We will account for such income as described in Adjustment of Weekly Benefit for Disability Earnings.

- Income received from partnership distributions but only to the extent that such income plus the amount of Your Gross Weekly Benefit is more than 100% of Your Insured Earnings.
- Benefits from: The United States Social Security Act; The Railroad Retirement Act; or any other like U.S. or Canadian plan or act.

This includes:

- (a) All Disability benefits for which: (i) You are entitled; and (ii) Your Spouse and children are entitled due to Your Disability;
- (b) All unreduced retirement benefits for which: (i) You are entitled and awarded; and (ii) Your Spouse and children are entitled and awarded due to Your entitlement; and
- (c) All reduced retirement benefits paid to: (i) You; and (ii) Your Spouse and children due to Your receipt of such benefits.

We do not reduce Your Gross Weekly Benefit by the retirement benefits described in (b) and (c) above, to the extent that You and Your dependents were entitled and awarded to receive such income prior to the start of Disability. We will reduce the Gross Weekly Benefit by marginal increases in such income You and Your dependents were entitled and awarded after Disability begins.

We will reduce Your Gross Weekly Benefit by Your dependent's benefits described in (a), (b) and (c) above if: (i) the dependent's benefits are provided to You by the Social Security Administration; (ii) at the time that the Social Security Administration makes its first payment of the dependent benefits described in (a), (b), and (c) above, the dependent child remains a minor dependent or an adult Disabled dependent; and (iii) the dependent benefits You are entitled to are greater than any dependent benefit being received by another person. Under these circumstances, We will reduce Your Gross Weekly Benefit by the difference between the amount the dependent was awarded under the prior recipient and the amount awarded the dependent under Your benefits.

We do not reduce Your Gross Weekly Benefit by the benefits to which You are entitled, as described in (a), (b), and (c) above unless such benefits are greater than any widow/widower benefit You are receiving. And then We reduce Your Gross Weekly Benefit by the difference.

- Income of the type that is included in Your Insured Earnings for purposes of determining Your Gross Weekly Benefit under this Certificate.
- That portion of Retirement Plan retirement benefits which the Employer funds.
- That portion of Retirement Plan Disability benefits which the Employer funds.
- Retirement benefits or Retirement Plan disability benefits, due to Your Disability, from any Government Plan other than those shown above.

- Disability benefits from any:
  - No-Fault Motor Vehicle Coverage;
  - Motor vehicle financial responsibility act; or
  - Like law.
- Payment or settlement, with or without admission of liability, from: A Workers' Compensation law; an occupational disease law; or any other act or law of like intent.

This includes:

- The Jones' Act;
- The Longshoreman's and Harbor Workers' Compensation Act; or
- Any Maritime doctrine of Maintenance, Wages or Cure.

If You receive a payment net of attorney fees approved by the Workers' Compensation Board or similar authority, We reduce Our benefit by the net payment.

- Disability benefits from any third party when Your Disability is the result of the negligence or intentional tort liability of that third party.
- Unemployment compensation benefits.
- Payment from Your Employer as part of a termination or severance agreement.
- Payments from a paid leave, or a similar plan that pays for an approved leave, but only to the extent that such income plus the amount of Your Gross Weekly Benefit is more than 100% of Your Insured Earnings.

We reduce Your Gross Weekly Benefit with income shown above that You are entitled to receive without regard to the reason You are entitled to receive it.

Our right to reduce Your benefit by such income shall not be negated by a transfer of claim liability to a third party. Payment by such third party by law, settlement, judgment, waiver or otherwise shall not negate Our right.

B440.0031

## All Options

**Other Income Not Subject to Deduction:** We will not reduce Your Gross Weekly Benefit by any income You receive or are entitled to receive from the list below.

**STATEMENT OF ERISA RIGHTS**

---

The Guardian Life Insurance Company of America  
10 Hudson Yards  
New York, New York 10001  
(212) 598-8000

Your group Short Term Disability Income benefits may be covered by the Employee Retirement Income Security Act of 1974 (ERISA). If so, you are entitled to certain rights and protections under ERISA.

ERISA provides that all plan participants shall be entitled to:

**Receive Information  
about Your Plan and  
Benefits**

- (a) Examine, without charge, at the plan administrator's office and at other specified locations, such as worksites and union halls, all documents governing the plan, including insurance contracts and collective bargaining agreements, and a copy of the latest annual report (Form 5500 Series) filed by the plan with the U. S. Department of Labor and available at the Public Disclosure Room of the Employee Benefits Security Administration.
- (b) Obtain, upon written request to the plan administrator, copies of documents governing the operation of the plan, including insurance contracts, collective bargaining agreements and copies of the latest annual report (Form 5500 Series) and updated summary plan description. The administrator may make a reasonable charge for the copies.
- (c) Receive a summary of the plan's annual financial report. The plan administrator is required by law to furnish each participant with a copy of this summary annual report.

**Prudent Actions by  
Plan Fiduciaries**

In addition to creating rights for plan participants, ERISA imposes duties upon the people who are responsible for the operation of the employee benefit plan. The people who operate the plan, called "fiduciaries" of the plan, have a duty to do so prudently and in the interest of plan participants and beneficiaries. No one, including your employer, your union, or any other person may fire you or otherwise discriminate against you in any way to prevent you from obtaining a welfare benefit or exercising your rights under ERISA.

**Enforcement of  
Your Rights**

If your claim for a welfare benefit is denied or ignored, in whole or in part, you have a right to know why this was done, to obtain copies of documents relating to the decision without charge, and to appeal any denial, all within certain time schedules (see Claims Procedures below).

Under ERISA, there are steps you can take to enforce the above rights. For instance, if you request a copy of plan documents or the latest annual report from the plan and do not receive them within 30 days, you may file suit in a state or Federal court. In such a case, the court may require the plan administrator to provide the materials and pay you up to \$110.00 a day until you receive the material, unless the materials were not sent because of reasons beyond the control of the administrator. If you have a claim for benefits which is denied or ignored, in whole or in part, you may file suit in a federal court. If it should happen that plan fiduciaries misuse the plan's money or if you are discriminated against for asserting your rights, you may seek assistance from the U.S. Department of Labor, or you may file suit in a Federal court. The court will decide who should pay court costs and legal fees. If you are successful, the court may order the person you sued to pay these costs and fees. If you lose, the court may order you to pay these costs and fees, for example, if it finds that your claim is frivolous.

**Assistance with Questions** If you have questions about the plan, you should contact the plan administrator. If you have questions about this statement or about your rights under ERISA, or if you need assistance in obtaining documents from the plan administrator, you should contact the nearest office of the Employee Benefits Security Administration, U.S. Department of Labor listed in your telephone directory or the Employee Benefits Security Administration, U.S. Department of Labor, 200 Constitution Avenue N.W., Washington D.C. 20210. You may also obtain certain publications about your rights and responsibilities under ERISA by calling the publications hotline of the Employee Benefits Security Administration.

**Disability Benefits Claims Procedure** If you seek benefits under the plan you should complete, execute and submit a claim form. Claim forms and instructions for filing claims may be obtained from the plan administrator.

The plan administrator is the Claims Fiduciary with discretionary authority to interpret and construe the terms of the Policy, the Certificate, the Schedule of Benefits, and any riders, or other documents or forms that may be attached to the Certificate or the Policy, and any other plan documents. The plan administrator has discretionary authority to determine eligibility for benefits and coverage under those documents. The plan administrator has the right to secure independent professional healthcare advice and to require such other evidence as needed to decide your claim.

In addition to the basic claim procedure explained in your certificate, the plan administrator will also observe the procedures listed below. These procedures are the minimum requirements for benefit claims procedures of employee benefit plans covered by Title 1 of ERISA.

**Definitions** "Adverse determination" means any denial, reduction or termination of a benefit or failure to provide or make payment (in whole or in part) for a benefit.

**Timing for Initial Benefit Determination** The benefit determination period begins when a claim is received. The plan administrator, or its designee will make a benefit determination and notify a claimant within a reasonable period of time, but not later than the maximum time period shown below. A written or electronic notification of any adverse benefit determination must be provided.

The plan administrator, or its designee will provide a benefit determination not later than 45 days from the date of receipt of a claim. This period may be extended by up to 30 days if the plan administrator, or its designee determines that an extension is necessary due to matters beyond the control of the plan, and so notifies the claimant before the end of the initial 45-day period. Such notification will include the reason for the extension and a date by which the determination will be made. If prior to the end of the 30-day period the plan administrator, or its designee determines that an additional extension is necessary due to matters beyond the control of the plan, and so notifies the claimant, the time period for making a benefit determination may be extended for up to an additional period of up to 30 days. Such notification will include the special circumstances requiring the extension and a date by which the final determination will be made.

A notification of an extension to the time period in which a benefit determination will be made will include an explanation of the standards upon which entitlement to a benefit is based, any unresolved issues that prevent a decision of the claim, and the additional information needed to resolve those issues.

If the plan administrator, or its designee extends the time period for making a benefit determination due to a claimant's failure to submit information necessary to decide the claim, the claimant will be given at least 45 days to provide the requested information. The extension period will begin on the date on which the claimant responds to the request for additional information.

B752.0269

**Adverse Benefit  
Determination**

If a claim is denied, the plan administrator, or its designee will provide a notice that will set forth:

- The specific reason(s) for the adverse determination;
- References to the specific provisions in the Policy, Certificate, plan or other documents, on which the determination is based;
- A description of any additional material or information necessary to perfect the claim and an explanation of why such material or information is necessary;
- A description of the plan's claim review procedures which a claimant may follow to have a claim for benefits reviewed and the time limits applicable to such procedures;
- A statement disclosing any internal rule, guideline, protocol or similar criterion relied on in making the adverse benefit determination (or a statement that such information will be provided free of charge upon request); or a statement that no internal rule, guideline, protocol or similar criterion was relied upon in making the adverse benefit determination;
- If applicable, an explanation of the basis of disagreement with or not following the views presented by you, of health care professionals who treated you and vocational professionals who evaluated you;

- If applicable, an explanation of the basis for disagreeing with or not following the views of any medical or vocational expert whose advice was obtained on our behalf in connection with the adverse benefit determination, without regard to whether the advice was relied upon in making the determination;
- If applicable, an explanation of the basis for disagreeing with or not following a disability determination made by the Social Security Administration that you present to us;
- A description of the plan's review procedures and the time limits applicable to such procedures, including a statement of the claimant's right to bring a civil action under ERISA Section 502(a) following an adverse benefit determination on appeal, and;
- In the case of an adverse benefit determination based on medical necessity or experimental treatment, notice will either include an explanation of the scientific or clinical basis for the determination, or a statement that such explanation will be provided free of charge upon request.

**Appeal of Adverse  
Benefit  
Determinations**

If a claim is wholly or partially denied, the claimant will have up to 180 days to make an appeal. The plan administrator, or its designee will conduct a full and fair review of an appeal which includes providing to claimants the following:

- The opportunity to submit written comments, documents, records and other information relating to the claim;
- The opportunity, upon request and free of charge, for reasonable access to, and copies of, all documents, records and other information relevant to the claim; and
- A review that takes into account all comments, documents, records and other information submitted by the claimant relating to the claim, without regard to whether such information was submitted or considered in the initial benefit determination.

In reviewing an appeal, the plan administrator, or its designee will:

- Provide for a review conducted by a named fiduciary who is neither the person who made the initial adverse determination nor that person's subordinate;
- In deciding an appeal based upon a medical judgment, consult with a health care professional who has appropriate training and experience in the field of medicine involved in the medical judgment;
- Identify medical or vocational experts whose advice was obtained in connection with an adverse benefit determination; and
- Ensure that a health care professional engaged for consultation regarding an appeal based upon a medical judgment shall be neither the person who was consulted in connection with the adverse benefit determination, nor that person's subordinate.

The plan administrator, or its designee will notify the claimant of its decision not later than 45 days after receipt of the request for review of the adverse determination. This period may be extended by an additional period of up to 45 days if the plan administrator, or its designee determines that special circumstances require an extension of the time period for processing and so notifies the claimant before the end of the initial 45-day period.

A notification with respect to an extension will indicate the special circumstances requiring an extension of the time period for review, and the date by which the final determination will be made.

In the event the plan administrator, or its designee denies the appeal of an adverse benefit determination, it will:

- Provide the specific reason or reasons why the appeal was denied;
- Refer to the specific provisions in the Policy, Certificate, plan, or other documents on which the benefit determination is based;
- Provide a statement that the claimant is entitled to receive, upon request and free of charge, reasonably access to, and copies of all documents, records, and other information relevant to the claimant's claim for benefits;
- Provide a statement disclosing any internal rule, guideline, protocol or similar criterion relied on in making the adverse benefit determination (or a statement that such information will be provided free of charge upon request); or a statement that no internal rule, guideline, protocol or similar criterion was relied upon in making the adverse benefit determination;
- If applicable, provide an explanation of the basis of disagreement with or not following the views presented by you, of health care professionals who treated you, and vocational professionals who evaluated you;
- If applicable, provide an explanation of the basis for disagreeing with or not following the views of any medical or vocational expert whose advice was obtained on our behalf in connection with the adverse benefit determination, without regard to whether the advice was relied upon in making the determination;
- If applicable, provide an explanation of the basis for disagreeing with or not following a disability determination made by the Social Security Administration that you present to us;
- Provide a statement describing the claimant's right to bring a civil suit under Section 502(a) of the Employee Retirement Income Security Act of 1974 which shall also describe any applicable contractual limitations period that applies the claimant's right to bring such an action, including the calendar date on which the contractual limitations period expires for the claim, and;

- In the event the adverse benefit determination is based on a medical necessity or experimental treatment or similar exclusion or limit, provide either an explanation of the scientific or clinical judgment for the determination, applying the terms of the plan to the claimant's medical circumstances, or a statement that such explanation will be provided free of charge upon request.

B752.0270

**Alternative Dispute Options** The claimant and the plan may have other voluntary alternative dispute resolution options, such as mediation. One way to find out what may be available is to contact the local U.S Department of Labor Office and the State insurance regulatory agency.

In addition to any legal rights you may have under section 502(a), if you believe that we have violated ERISA's procedural requirements, you may request that we review any claimed violation(s) and we will respond to you within ten days.

### **Incontestability**

This Certificate is incontestable after two years from its date of issue, except for non-payment of premiums.

No statement in any application, except a fraudulent statement, made by You will be used to contest the validity of Your insurance or to deny a claim for a loss incurred, or for a disability which starts, after such insurance has been in force for two years during Your lifetime.

If this Certificate replaces a plan Your Employer had with another insurer, We may rescind this Certificate based on misrepresentations or omissions made by the Employer or You in a signed application for up to two years from the Effective Date of the Policy.

---

---

**Conditions Of Eligibility**

---

You are eligible for Long Term Disability if You are:

- In an eligible class of Employees;
- An active Full time Employee;
- Legally working in the United States and/or Canada or working outside of the United States for a United States based Employer in a country or region approved by Us; and
- Working at least the minimum required number of hours of an Employee in Your eligible class at:
  - The Employer's place of business;
  - Some place where the Employer's business requires You to travel; or
  - Any other place You and the Employer have agreed upon for the performance of occupational duties.

B400.0349

All Options

You are **not** eligible for Long Term Disability if You are:

- A temporary or seasonal Employee.

B400.0352

All Options

**Enrollment Requirement:** If You must pay all or part of the cost of Your coverage, We will not cover You until You enroll and agree to make the required payments.

B400.0354

All Options

**Proof of Insurability:** Part or all of Your insurance amounts may be subject to Proof of Insurability. The Schedule Of Benefits explains if and when We require proof. You will not be covered for any amount that requires such proof until You give the proof to Us and We approve that proof in writing.

B400.0355

**All Options**

**The Waiting Period:** If You are in an eligible class, You are eligible for Long Term Disability under this Certificate after You complete the service waiting period, if any, established by the Employer.

B400.0356

**All Options**

**Multiple Employment:** If You work for both the Employer and a covered associated company, or for more than one covered associated company, We will treat You as if only one firm employs You. You will not have multiple Long Term Disability coverage under this Policy. But, if this Policy uses the amount of Your Insured Earnings to set the rates, determine class, figure coverage amounts, or for any other reason, such Insured Earnings will be figured as the sum of Your Insured Earnings from all covered Employers.

B400.0357

**All Options**

---

**When Coverage Starts**

For coverage to start, You must be fully capable of performing the major duties of Your Own Occupation for the Employer and working the minimum required number of hours of an Employee in Your eligible class at 12:01 A.M. Standard Time for Your place of residence on Your scheduled Eligibility Date. And, for coverage to start, You must meet all of the Conditions of Eligibility described above and the conditions shown below which apply to You. If You are not fully capable of performing the major duties of Your Own Occupation on Your scheduled Eligibility Date, We will postpone the start of Your coverage until You are so capable and working the minimum required number of hours of an Employee in Your eligible class for one full day, with the capacity to do so for one full week.

Your coverage is scheduled to start on Your Eligibility Date.

B400.0360

**All Options**

---

**Exception to When Coverage Starts**

Sometimes a scheduled Eligibility Date is not a regularly scheduled work day. If the scheduled Eligibility Date falls on:

- A holiday;
- A vacation day;
- A non-scheduled work day;
- A day during an approved leave of absence not due to Sickness or Injury, of 90 days or less; or

- A day during a period of absence that is less than 7 days in duration;

**and if:**

- You are fully capable of performing the major duties of Your Own Occupation for the Employer for the minimum number of hours of an Employee in Your eligible class at 12:01 AM Standard Time for Your place of residence on the scheduled Eligibility Date; and
- You were performing the major duties of Your Own Occupation and working the minimum number of hours of an Employee in Your eligible class on Your last regularly scheduled work day.

Your coverage will start on the scheduled Eligibility Date. However, any coverage or part of coverage for which You must elect and pay all or part of the cost, will not start if You are on an approved leave, layoff or absence and such coverage or part of coverage was not previously in force for You under a prior plan which this Certificate replaced.

Any part of Your coverage which is subject to Proof of Insurability will not start unless You send such proof to Us, and We approve it in writing. Once We have approved it, that part of Your coverage is scheduled to start on Your approved Eligibility Date.

B400.0364

## All Options

**Transfer Business Exception:** If, due to Sickness or Injury, You are not Actively at Work and not working the minimum required number of hours of an Employee in Your eligible class, on Your scheduled Eligibility Date, You will be insured for Long Term Disability if:

- You were insured under the prior insurer's group Long Term Disability plan with this Employer at the time the prior insurer's group Long Term Disability policy ended and the group Long Term Disability Policy became effective with Us, with no break in group coverage;
- You were a member of an eligible class under the prior carrier's group Long Term Disability plan and are eligible under this Certificate;
- Premiums for You were paid up to date for the prior carrier's group policy and this Certificate;
- You are not receiving or eligible to receive benefits under the prior insurer's group Long Term Disability policy. If you continue to be incapable of performing the major duties of Your Own Occupation for the Employer and subsequently become Disabled, any disability benefit payable will be the lesser of:

- The Long Term Disability benefit payable under this Certificate; or
- The Long Term Disability benefit payable under the prior insurer's group disability policy had it remained in force.

However, if the Pre-Existing Condition provision under the prior carrier's group Long Term Disability policy would apply, and would have resulted in no benefits being payable to You had the prior carrier's group Long Term Disability policy stayed in force, no Long Term Disability benefit will be payable or benefits may be limited.

B400.0371

---

**CONTINUATION OF COVERAGE**

---

---

**Coverage During Disability**

---

You may be Disabled when Your Active Full-Time Work ends. In that case, Your coverage will remain in force during the:

- Elimination Period, subject to payment of required premiums; and
- The period of time for which benefits are payable by this Certificate.

But, in order for Your coverage to continue, the Disability:

- Must be covered by this Certificate;
- And benefits must not be excluded due to this Certificate's Pre-Existing Conditions provision, or any other exclusion.

If You're Disabled when Your Active Full-Time Work ends due to a job-related Injury or Sickness for which benefits are not payable, Your coverage will remain in force until the earlier of the date:

- You are terminated from employment with the Employer; or
- You have been Disabled for 6 Months.

B400.0378

---

---

If Your Active Work ends because You are temporarily laid off, You and Your Employer may agree to continue Your insurance, subject to continued payment of all required premium, until the earlier of:

- The end of the temporary layoff;
- 3 Month(s) following the date the temporary layoff begins; or
- The end of the time period covered under a severance agreement, not to exceed 3 Month(s).

If You become Disabled under this Certificate while Your coverage is being continued during a temporary layoff, Your eligibility for benefits will be governed by all the terms of this Certificate.

- The end of the Employer approved leave of absence; or
- 3 Month(s) following the date the approved leave of absence begins.

If You become Disabled under this Certificate while Your coverage is being continued during a leave of absence, Your eligibility for benefits will be governed by all the terms of this Certificate.

### Rehire

If You were previously covered for Long Term Disability under this Certificate and Your coverage ended, You will be eligible for insurance under this Certificate on the date You return to Active Work, provided:

- You return to Active Work within 1 Months of the date Your coverage ended;
- You were covered for Long Term Disability under this Certificate on the day before Your coverage ended; and
- You enroll for coverage within 31 days of the date You return to Active Work.

Upon return to Active Work, a new Eligibility Date will be established according to the When Coverage Starts rules above. But, You will not be required to meet any part of a Pre-Existing Condition provision under this Certificate that You had met prior to termination of coverage. However, any increase in the Maximum Monthly Benefit in excess of the amount for which You were previously covered will be subject to the Pre-Existing Condition provision.

If You were previously covered for Long Term Disability coverage under this Certificate and such coverage ended due to Disability that was not covered as a Pre-Existing Condition, You will again be covered under this Certificate on the date You return to Active Work, provided:

- You return to Active Work within 1 Months of the date Your coverage ended;
- You were covered for Long Term Disability under this Certificate on the day before Your coverage ended; and

- You enroll for coverage within 31 days of the date You return to Active Work.

On return to Active Work, a new Eligibility Date will be established. But, You will not be required to meet any part of a Pre-Existing Condition provision under this Certificate that You had met prior to termination of coverage.

Upon returning to Active Work, subject to the limitations noted under the Rehire provision of this Certificate, Employee coverage under this Certificate will be reinstated in the amount of coverage in existence just prior to the coverage ending. Coverage will be re-established on the date you return to Active Work if all the conditions for resuming coverage stated above are satisfied. However, Employee coverage under this Certificate that is reinstated, will not be subject to the waiting period established by the Employer, if any. For any provisions that require service time, the Employee will be deemed as having coverage under this Certificate on his or her initial Eligibility Date, less the period of time the employee was not covered under this Certificate.

**Maximum Payment Period:** The Maximum Payment Period is shown in the Schedule Of Benefits. But, it may be less than that shown due to:

- The nature of Your Disability;
- The date You were first treated for the cause of Your Disability; and
- The length of time You have been covered by this Certificate.

B400.0446

## All Options

- You must return to Active Work right after Your benefits end.
- The Disability recurs less than six Months after You were last entitled to benefits.
- The later Disability must be due to the same or related cause of Your earlier Disability.

**Calculation of Monthly Benefit:** Your benefit is governed by the terms of this Certificate in effect on the date Disability starts. Any changes to this Certificate that take place as follows are inapplicable to, and will not affect, Your benefit:

- While You are Disabled; or
- During a period of Active Work that occurs between an initial period of Disability and a Recurring Disability.

We calculate Your Gross Monthly Benefit according to the Schedule of Benefits.

From Your Gross Monthly Benefit, subtract the amount of any income listed in Other Income Benefits that You receive or are entitled to receive. The result is Your Monthly Benefit.

B400.0455

## All Options

**Redetermination:** This Certificate redetermines Your Insured Earnings on each February 1st, the Employer must report current Insured Earnings for all Employees under this Certificate. Changes to Your Insured Earnings are subject to any Proof of Insurability requirements that may apply to this Certificate. As of this Certificate's redetermination date, We use Your Insured Earnings on record with Us to:

- set rates;

- project benefit amounts and limits; and
- calculate premium payable under this Certificate.

You must be actively-at-work on a Full-Time basis on that date. If You are not, We do not do this until the date You return to Active Work on a Full-Time basis. But, changes in earnings will not apply to a Recurring Disability.

B400.0475

## All Options

**Other Income Benefits:** You may receive, or be entitled to receive, income shown in the list below.

We will reduce Your Gross Monthly Benefit by such other income benefits to determine Your Monthly Benefit from this Certificate.

- Commissions or monies received, payable but deferred, or paid after Disability benefits start.

This includes:

- Vested and nonvested renewal commissions;
- Bonuses;
- Royalties; and
- Other distributions.
- Disability benefits from any mandated benefit act or law. This includes all temporary disability or state disability benefits required by law.
- Disability benefits from all group policies or plans of the Employer. This includes payments made by a group life insurance plan due to Your Disability. This does not include payments made from a group life insurance plan's:
  - Accelerated death benefit; or
  - Like provision that allows payment of such plan's proceeds due to terminal illness.
- Disability benefits from any other group policy or plan; but, if the other group plan was in force prior to this Certificate, and the other group plan also deducts for disability benefits from any other group plan, We will not deduct these other group disability benefits.
- Income from sick leave, salary continuance or paid time off, exclusive of vacation time accrued prior to Disability, but only to the extent that such income plus the amount of Your Gross Monthly Benefit is more than 100% of Your Indexed Insured Earnings. This applies whether such benefits are sponsored on a formal or informal basis. This includes:
  - Donated;
  - Lump sum; and

- Recurrent payments of accrued sick leave benefits.

But, if You are working while Disabled, We will account for such income as described in Adjustment of Monthly Benefit for Disability Earnings.

- Income received from partnership distributions but only to the extent that such income plus the amount of Your Gross Monthly Benefit is more than 100% of Your Indexed Insured Earnings.
- Benefits from: The United States Social Security Act; The Railroad Retirement Act; or any other like U.S. or Canadian plan or act.

This includes:

- (a) All disability benefits for which: (i) You are entitled; and (ii) Your spouse and children are entitled due to Your Disability;
- (b) All unreduced retirement benefits for which: (i) You are entitled and awarded; and (ii) Your spouse and children are entitled and awarded due to Your entitlement; and
- (c) All reduced retirement benefits paid to: (i) You; and (ii) Your spouse and children due to Your receipt of such benefits.

We do not reduce Your Gross Monthly Benefit by the retirement benefits described in (b) and (c) above, to the extent that You and Your dependents were entitled and awarded such income prior to the start of Disability. We will reduce the Gross Monthly Benefit by marginal increases in such income You and Your dependents were entitled and awarded after Disability begins.

We will reduce Your Gross Monthly Benefit by Your dependents' benefits described in (a), (b) and (c) above if: (i) the dependents' benefits are provided to You by the Social Security Administration; (ii) at the time that the Social Security Administration makes its first payment of the dependent benefits described in (a), (b), and (c) above, the dependent child remains a minor dependent or an adult Disabled dependent, and (iii) the dependent benefits You are entitled to are greater than any dependent benefit being received by another person. Under these circumstances, We will reduce Your Gross Monthly Benefit by the difference between the amount the dependent was awarded under the prior recipient and the amount awarded the dependent under Your benefits.

We do not reduce Your Gross Monthly Benefit by the benefits to which You are entitled, as described in (a), (b), and (c) above unless such benefits are greater than any widow/widower benefit You are receiving. And then We reduce Your Gross Monthly Benefit by the difference.

- Income of the type that is included in Your Insured Earnings for purposes of determining Your Gross Monthly Benefit under this Certificate.
- That portion of Retirement Plan retirement benefits which the Employer funds.
- That portion of Retirement Plan disability benefits which the Employer funds.

- Retirement benefits or Retirement Plan disability benefits, due to Your Disability, from any Government Plan other than those shown above.
- Disability benefits from any:
  - No-Fault Motor Vehicle Coverage;
  - Motor vehicle financial responsibility act; or
  - Like law.
- Payment or settlement, with or without admission of liability, from: A Workers' Compensation law; an occupational disease law; or any other act or law of like intent.

This includes:

- The Jones' Act;
- The Longshoreman's and Harbor Workers' Compensation Act; or
- Any Maritime doctrine of Maintenance, Wages or Cure.

If You receive a payment net of attorney fees approved by the Workers' Compensation Board or similar authority, We reduce Our benefit by the net payment.

- Disability benefits from any third party when Your Disability is the result of the negligence or intentional tort liability of that third party.
- Unemployment compensation benefits.
- Payment from Your Employer as part of a termination or severance agreement.

We reduce Your Gross Monthly Benefit with income shown above that You are entitled to receive without regard to the reason You are entitled to receive it.

Our right to reduce Your benefit by such income shall not be negated by a transfer of claim liability to a third party. Payment by such third party by law, settlement, judgment, waiver or otherwise shall not negate Our right.

#### All Options

**Lump Sum Payments of Other Income:** Income with which We integrate may be paid in a lump sum. In this case, We take the equivalent Monthly rate stated in the award into account when We determine Your Monthly Benefit.

If no Monthly rate is given, We pro-rate the lump sum over the lesser of:

- 60 months; or
- The expected remaining number of Months for which You would be entitled to benefits from this Certificate based on the proof of loss submitted to Us.

B400.0486

#### All Options

**Cost of Living Freeze:** You may receive a cost of living increase in other income with which We integrate. In this case, We do not further reduce Your Monthly Benefit by the amount of such increase.

B400.0487

#### All Options

**Application For Other Income:** You must apply for other income benefits to which You may be entitled. If these benefits are denied, You must appeal until:

- All reasonable appeals have been made; or

- We notify You that no further appeals are required.

If We determine that You are entitled to receive such other income benefits, We will estimate the amount due to You and Your Spouse and children. We will take this estimated amount into account when We determine Your Monthly Benefit.

But, We will not estimate the amount due to You if You and We agree in writing in an agreement provided to You by Us that You will:

- Apply for any benefits for which You may be eligible;
- Appeal any denial of such benefits until all reasonable appeals have been made; and
- Repay any amount We overpaid due to an award of such benefits.

If We do reduce Your Gross Monthly Benefit by an estimated amount, We will adjust Your Monthly Benefit when We receive written proof:

- Of the amount awarded; or
- That the other income benefits have been denied; and no further appeals are possible.

If We underpay You, We will pay the full amount of the underpayment in a lump sum.

We will assist You in applying for other income benefits.

## All Options

**Adjustment of Monthly Benefit For Disability Earnings:** We adjust the Monthly Benefit for Disability Earnings as follows:

For each of the first 24 Months after the date You first have Disability Earnings, add Your Gross Monthly Benefit and Your Disability Earnings.

- If the sum is not more than 100% of Your Indexed Insured Earnings, We do not reduce Your Monthly Benefit.
- If the sum is more than 100% of Your Indexed Insured Earnings, We reduce Your Monthly Benefit by the amount over 100% of Your Indexed Insured Earnings.

For each Month after that, We pay the greater of the amount calculated under Method 1 or Method 2.

Method 1:

- If Your Disability Earnings are less than 20% of Your Indexed Insured Earnings, We do not reduce Your Monthly Benefit.
- If Your Disability Earnings are 20% or more of Your Indexed Insured Earnings, We reduce Your Monthly Benefit by 50% of Your Disability Earnings.

Method 2:

(1) Subtract Your Disability Earnings from Your Indexed Insured Earnings.

- (2) Divide the result in (1) above by Your Indexed Insured Earnings.
- (3) Multiply the result in (2) above by Your Monthly Benefit. This is the amount We pay.

If Your Disability Earnings fluctuate widely from Month to Month, We may adjust Your Monthly Benefit using an average Disability Earnings amount. The average Disability Earnings amount will be computed using Your most current Month's Disability Earnings and the prior two Months Disability Earnings.

B400.0491

### All Options

**Maximum Allowable Disability Earnings:** This Certificate limits the amount of income You may earn, or may be able to earn, and still be considered Disabled.

If Your Disability Earnings are more than 80% of Your Indexed Insured Earnings, payments from this Certificate will end. Payments from this Certificate will also end if You are able to earn more than 80% of Your Indexed Insured Earnings.

B400.0494

### All Options

**Indexing:** We apply an indexing factor to Your Insured Earnings on the date You have received 12 Monthly payments in a row and each anniversary after that. This factor increases the amount of income You may earn and still be considered Disabled. This adjustment does not increase Your Gross Monthly Benefit, Monthly Benefit, or any other benefit under this Certificate.

To make the first adjustment, We multiply Your Insured Earnings by the indexing factor for that year. To make adjustments in each later year, We multiply the amount of Your last indexed Insured Earnings by the indexing factor.

The indexing factor is the lesser of:

- 10%; or
- One-half of the average CPI-W from the prior calendar year.

## Limitations And Exclusions

---

**Disabilities With A Limited Maximum Payment Period:** We limit the Maximum Payment Period, if You are Disabled due to: a Mental Illness; drug or alcohol abuse. If You have a coexistent condition(s), which is not subject to the limits in this section, and constitutes a Disability in and of itself, We will not limit benefits as described below.

The Maximum Payment Period for all periods of Disability due to: a Mental Illness; drug or alcohol abuse; is 24 Months. This is a combined lifetime maximum for all such conditions and all periods of Disability.

No benefits will be paid for Disability due to a Mental Illness or drug or alcohol abuse if You are not receiving treatment for the cause of the Disability from a provider, or a facility that is:

- Licensed by the state to provide treatment for such condition; and
- Accredited or approved by the Joint Commission on the Accreditation of Health Care Facilities or Medicare.

If payments under this Certificate would otherwise end due to the limits in this section, We may extend such payments if You meet all of the following conditions:

- You must be Disabled due to a condition named above;
- You must be an inpatient in a qualified institution because of Your Disability; and
- You must have been treated as an inpatient for at least 14 days in a row.

In such case, We will extend payments, if You are Disabled and otherwise remain entitled to payments under the Certificate, until the earliest of:

- 90 days from the date of Your discharge, following the date benefits would otherwise have ended;
- The end of this Certificate's Maximum Payment Period; or
- The date Your Disability ends.

As used here, "qualified institution" means a legally operated hospital or other public or private facility licensed to provide inpatient medical care and treatment for the cause of Your Disability.

## All Options

**Pre-Existing Conditions:** A Pre-Existing Condition is an Injury or Sickness, whether diagnosed or misdiagnosed, and any symptoms of it, for which, in the "look back period", You:

- Receive advice or treatment from a Doctor;

- Underwent diagnostic procedures other than routine screening in the absence of symptoms or suspicion of disease process by a Doctor;
- Were prescribed or took prescription drugs; or
- Received other medical care or treatment, including consulting with a Doctor.

The "look back period" is the three Months before the latest of:

- Your Eligibility Date for coverage under this Certificate;
- The Effective Date of a change that increases the benefits payable by this Certificate; or
- The Eligibility Date of a change in Your benefit election that increases the benefit payable by this Certificate.

No benefits are payable for Disability caused by, contributed to, by, or resulting from a Pre-Existing Condition; unless the Disability starts after You complete at least one full day of Active Work after the date You have been covered under this Certificate for 12 Months in a row.

Your Disability caused by, contributed to by or resulting from; a Pre- Existing Condition may begin after:

- A change which provides for an increase in the benefits payable by this Certificate; or
- A change in Your benefit election which increases the benefit payable by this Certificate.

In this case, Your benefit will be limited to the amount that would have been payable had the change not taken place. But, this limit does not apply if Your Disability starts after You complete at least one full day of Active Work after the date the change has been in force for 12 Months in a row.

We do not cover any Disability that starts before Your Eligibility Date for coverage under this Certificate.

**Prior Coverage Credit:** If this Certificate replaces a similar disability income replacement plan the Employer had with another insurer, the Pre-Existing Condition provision may not apply to You, if coverage under this Certificate starts immediately after the termination of coverage under the prior disability income replacement plan. This Certificate must start right after the prior plan ends.

The Pre-Existing Condition provision will be waived for You if You:

- Are Actively Working on the Your Eligibility Date for coverage under this Certificate; and
- Have fulfilled the requirements of any Pre-Existing Condition provision of the prior plan provided by the Employer.

You may have been covered under the prior plan when it ended, but have not met the requirements of any Pre-Existing Condition provision of the prior plan. In that case, We credit any time used to meet the prior plan's Pre-Existing Condition provision toward meeting this Certificate's Pre-Existing Conditions provision. You must:

- Enroll for coverage under this Certificate on or before this Certificate's Effective Date; and
- Be Actively Working on Your Eligibility Date for coverage under this Certificate.

But, We limit Your maximum Monthly Benefit under this Certificate if:

- It is more than the maximum Monthly Benefit for which You were covered under the prior plan provided by the Employer;
- You become Disabled due to a Pre-Existing Condition; and
- This Certificate pays benefits for such Disability because We credit time as explained above.

In this case, We limit the maximum Monthly Benefit to the amount to which You would have been entitled under the prior plan.

We deduct all payments made by the prior plan under an extension provision.

- Your taking part in a riot or civil disorder;
- Your commission of, or attempt to commit a felony. A felony means either:

If You return to the United States and/or a country or region approved by Us within 6 Months of the end of payments, payments may be resumed, provided You have remained continuously Disabled, subject to all the terms and conditions of this Certificate; or
- During which Your loss of earnings is not solely due to Your Disability.

This Certificate does not pay benefits due solely to a risk of relapse or exacerbation of a prior injury or illness in the absence of a current impairment and Disability.

**Social Security Assistance:** If You are Disabled, We require You to apply for Social Security benefits. See Application for Other Income. If We believe You are eligible for such benefits, We may offer to assist You in applying for them. Receiving Social Security benefits will protect Your earnings record for retirement and enable You to qualify for Medicare coverage after 24 Months.

Services We can provide include:

- Help in completing Your application for such benefits, and any related forms;
- Assistance finding suitable legal counsel; and
- Copies of medical and vocational data needed to file Your claim.

We may also provide these and other services if Your benefits are under review for possible termination by the Social Security Administration.

You must apply for all income benefits for which You may be eligible, whether or not You use Our help. Using Our help does not cancel Your duties shown in Application for Other Income.

**Rehabilitation And Case Management:** We will review Your Disability to see if certain services are likely to help You return to Gainful Work. If needed, We may ask for more medical or vocational information.

When Our review is complete, We may offer You a Rehabilitation Program. We have the right to suspend or end Your Monthly Benefit if You do not accept it.

The Rehabilitation Program will start when a written Rehabilitation Agreement is signed by:

- You;
- Us; and
- Your Employer, if needed.

The program may include, but is not limited to:

- Vocational assessment of Your work potential;
- Coordination and transition planning with an Employer for Your return to work;
- Consulting with Your Doctor on Your return to work and need for accommodations;
- Training in job seeking skills and resume preparation; and
- Retraining.

We have the right to determine which services are appropriate.

If You accept the Rehabilitation Agreement, We will pay an enhanced benefit. The enhanced benefit will be 110% of the Monthly Benefit that would otherwise be paid. This enhanced benefit will be payable as of the first Monthly Benefit after the Rehabilitation Program starts.

We stop paying the enhanced benefit on the earliest of:

- The date Your benefits from this Certificate end;
- The date You violate the terms of the Rehabilitation Agreement;
- The date You end the Rehabilitation Program; or
- The date the Rehabilitation Agreement ends.

If You end a Rehabilitation Program without Our consent, You must repay any enhanced benefits paid.

**Dependent Care Expenses:** While You are participating in a Rehabilitation Program, We will pay a dependent care expense benefit, when all of the following conditions are met:

- You incur expense to provide care for a qualified dependent; and
- The care is provided by a licensed provider other than a family member by blood or marriage.

The dependent care expense benefit will be the lesser of:

- \$350.00 per Month per qualified dependent; not to exceed \$1,000.00 per Month for all qualified dependents combined; and
- The actual Monthly day care expense incurred by You.

We will stop paying the dependent care expense benefit on the earlier of the date You are no longer:

- Incurring dependent care expenses for a qualified dependent;
- Participating in a Rehabilitation Program; or
- Entitled to receive a Monthly Benefit from this Certificate.

As used here, "qualified dependent" means a person who is:

- Dependent upon You for main support and maintenance; and
- Under the age of 14; and
- Your biological child, lawfully adopted child, stepchild or any other child who is living with You in a regular parent-child relationship.

The term also means a family member, related by blood or marriage, age 14 or over who is physically or mentally incapable of caring for him or herself and is dependent upon You for main support and maintenance.

**Lien Rights:** We will have a lien to the extent of benefits We paid due to Your Injury, Sickness or condition for which the third party is liable. The lien will be imposed on any recovery, whether by settlement, judgment, or otherwise, including from any insurance coverage, that You receive due to Your Injury, Sickness or condition. - To make You whole; or
- To compensate You in part or in whole for the damages sustained.

This Certificate is not required to participate in or pay court costs or attorney fees to the attorney hired by You to pursue Your damage claim.

**Applicable To All Settlements And Judgments:** We are entitled to full recovery regardless of whether:

- Any liability for payment is admitted by a third party; or

- The settlement or judgment received by You identifies the benefits the Certificate paid.

This Certificate is entitled to recover from any and all settlements or judgments, even those designated as pain and suffering or non-economic damages only.

**Cooperation:** You must fully cooperate with Our efforts to recover the benefits paid under this Certificate. You must notify Us within 30 days of the date when any notice is given to any party, including an insurance company or attorney, of Your intention to pursue or investigate a claim to recover damages or obtain compensation due to Injury, Sickness or condition sustained by You. You and Your agents, must provide all information requested by Us or Our representative. This includes, but is not limited to, completing and submitting any applications or other forms or statements as We may reasonably request. Failure to do this may result in the termination of benefits or the instigation of legal action against You.

You must do nothing:

- To prejudice Our rights as described in this section; or
- To prejudice Our ability to enforce the terms of this section.

This includes, but is not limited to, refraining from making any settlement or recovery that attempts to reduce or exclude the full amount of all benefits paid by this Certificate.

We have the right to conduct an investigation regarding the Injury, Sickness or condition to identify any third party. We reserve the right to notify the third party and his or her agents of Our lien. Agents include, but are not limited to:

- Insurance companies; and

- **For Partners And S Corporation Shareholders:** Insured Earnings means the sum of the amounts listed below, divided by 12.
  - Your compensation as an Employee or S Corporation shareholder, or guaranteed payments as a Partner, as reported on Your Federal Income Tax Return(s), Form 1040, for the prior calendar year, less the gross total of unadjusted Employee business expenses as included on the corresponding Schedule A- Itemized Deductions.

  - Your contributions during the prior calendar year, deposited into a:
    - Cash or deferred compensation plan, or salary reduction plan, qualified under IRC section 401(k), 403(b), 457 or similar plan; and
    - Elective Employee pre-tax deferrals to a Section 125 plan or flexible spending account.

You may not have been a partner or S Corporation shareholder for the full prior calendar year. In that case, Your earnings are based on the Monthly average of the sum of the listed amounts averaged for the full number of Months that You were a partner or S Corporation shareholder during that calendar year.

- **For Sole Proprietors:** Insured Earnings means the sum of the amounts listed below.
  - Your average Monthly net profit as determined from Schedule C - Part II of Your Federal Income Tax Return(s), Form 1040 for the prior calendar year.

Monthly net profit is calculated as gross income less total expenses.

You may not have been a sole proprietor for the prior calendar year. In that case, We calculate average Monthly net profit and average monthly contributions using the full number of Months that You were a sole proprietor during such time.

- **For Employees Who Are Compensated On Less Than A 12 Month Basis:** Insured Earnings means Your average rate of Monthly earnings determined from Your annual contract salary. If You do not have an annual contract salary, Insured Earnings means Your prior calendar year salary divided by twelve. Your annual contract salary will include shift differential.

- **For Employees Whose Income Is Reported On An IRS Form 1099:** Insured Earnings means Your average rate of Monthly earnings as figured from the 1099 form(s) received from the Employer for the prior calendar year. Earnings are calculated as Your earned income as reported on the 1099 form(s) minus business expenses as reported on Schedule C - Part II of Your Federal Income Tax Return(s), Form 1040. Your average rate of monthly earnings is calculated as such earnings divided by 12 or the number of Months You worked for the Employer during such calendar year, if less than 12. The term also includes Your contributions deposited into a:

- Cash or deferred compensation plan, or salary reduction plan, qualified under IRC section 401(k), 403(b), 457 or similar plan; and
- Elective Employee pre-tax deferrals to a Section 125 plan or flexible spending account.

- Contributions to a cash or deferred compensation plan, or a salary reduction plan, qualified under IRC Section: 401(k); 403(b); or 457; as reported on Your W-2 form.

We do not include as earnings:

- Expense accounts and other extra compensation;
- Stock options exercised; or
- Employer contributions to a cash or deferred compensation plan or salary reduction plan.

### CERTIFICATE RIDER

This Rider is effective as of the effective date of the Employee's Certificate. If this Rider is added to an inforce Certificate, the Rider becomes effective on its issue date. This Rider amends the Certificate by the addition of the following:

---

#### **Income Recovery Benefit Rider**

This Rider may pay an Income Recovery Benefit, if Monthly Benefits cease because You are no longer Disabled.

To be eligible for the Income Recovery Benefit, You must be:

- Able to perform the major duties of Your Own Occupation;
- Working in Your Own Occupation, the same number of hours as You did prior to Disability;
- Unable to earn the Certificate's maximum allowable Disability Earnings, due to the Sickness or Injury which caused the prior Disability.

We pay this benefit Monthly, in arrears. We determine the amount We pay in two steps.

In step one, We compute the following: (1) Your Gross Monthly Benefit as of the last month You were Disabled under the terms of the Certificate; less (2) Other Income Benefits.

In step two, We make a current earnings adjustment.

We add:

- Your Gross Monthly Benefit as of the last month You were Disabled under the terms of the Certificate; and
- Your current Disability Earnings.

If such sum exceeds 100% of Your Insured Earnings, We pay the amount in step one less the excess over 100%. If such sum does not exceed 100%, We pay the amount in step one.

We stop paying this benefit on the earliest of:

- The date You are able to earn the Certificate's maximum allowable Disability Earnings;
- The date You become Disabled;
- The date You stop working;
- The date 12 months in a row after the first Income Recovery Benefit is paid; or

- The end of the Maximum Payment Period.

We will not pay more than 12 monthly Income Recovery Benefit payments following any one period of Disability, including any Recurring Disability.

This Rider is a part of the Certificate. Except as stated in this Rider, nothing contained in this Rider changes or affects any other terms of the Certificate.

**What We Pay:** We pay a Survivor Benefit if You die after You:

- Had been Disabled for at least six months in a row; and
- Were entitled to receive at least one full Monthly Benefit prior to Your death.

When We receive proof of Your death, We pay Your Eligible Survivor a lump sum benefit.

But, We first apply such benefit to reduce any overpayment You may owe Us.

If You have no Eligible Survivor, We pay the Survivor Benefit to Your estate.

#### **Accelerated Survivor Benefit**

If You have a terminal illness, We may accelerate payment of this Rider's Survivor Benefit.

For purposes of the accelerated Survivor Benefit, a terminal illness means a medical condition that is expected to result in Your death within 6 months.

## CERTIFICATE AMENDATORY RIDER

---

This Rider is effective on the Policy Date. If this Rider is added after the Policy Date, the Rider becomes effective on its issue date.

This Rider amends the Certificate by the replacement of the following Benefit Provisions:

**Other Income Benefits:** You may receive, or be entitled to receive, income shown in the list below.

We will reduce Your Gross Monthly Benefit by such other income benefits to determine Your Monthly Benefit from this Certificate.

- Commissions or monies received, payable but deferred, or paid after Disability benefits start.

This includes:

- Vested and nonvested renewal commissions;
- Bonuses;
- Royalties; and
- Other distributions.
- Disability benefits from any mandated benefit act or law. This includes all temporary Disability or state Disability benefits required by law.
- Disability benefits from all group policies or plans of the Employer. This includes payments made by a group life insurance plan due to Your Disability. This does not include payments made from a group life insurance plan's:
  - Accelerated death benefit; or
  - Like provision that allows payment of such plan's proceeds due to terminal illness.
- Disability benefits from any other group policy or plan; but, if the other group plan was in force prior to this Certificate, and the other group plan also deducts for Disability benefits from any other group plan, We will not deduct these other group Disability benefits.
- Income from sick leave, salary continuance or paid time off, exclusive of vacation time accrued prior to Disability, but only to the extent that such income plus the amount of Your Gross Monthly Benefit is more than 100% of Your Indexed Insured Earnings. This applies whether such benefits are sponsored on a formal or informal basis. This includes:
  - Donated;
  - Lump sum; and
  - Recurrent payments of accrued sick leave benefits.

But, if You are Working While Disabled, We will account for such income as described in Adjustment of Monthly Benefit for Disability Earnings.

- Income received from partnership distributions but only to the extent that such income plus the amount of Your Gross Monthly Benefit is more than 100% of Your Indexed Insured Earnings.
- Benefits from: The United States Social Security Act; The Railroad Retirement Act; or any other like U.S. or Canadian plan or act.

This includes:

- (a) All Disability benefits for which: (i) You are entitled; and (ii) Your Spouse and children are entitled due to Your Disability;
- (b) All unreduced retirement benefits for which: (i) You are entitled and awarded; and (ii) Your Spouse and children are entitled and awarded due to Your entitlement; and
- (c) All reduced retirement benefits paid to: (i) You; and (ii) Your Spouse and children due to Your receipt of such benefits.

We do not reduce Your Gross Monthly Benefit by the retirement benefits described in (b) and (c) above, to the extent that You and Your dependents were entitled and awarded such income prior to the start of Disability. We will reduce the Gross Monthly Benefit by marginal increases in such income You and Your dependents were entitled and awarded after Disability begins.

We will reduce Your Gross Monthly Benefit by Your dependents' benefits described in (a), (b) and (c) above if: (i) the dependents' benefits are provided to You by the Social Security Administration; (ii) at the time that the Social Security Administration makes its first payment of the dependent benefits described in (a), (b), and (c) above, the dependent child remains a minor dependent or an adult Disabled dependent, and (iii) the dependent benefits You are entitled to are greater than any dependent benefit being received by another person. Under these circumstances, We will reduce Your Gross Monthly Benefit by the difference between the amount the dependent was awarded under the prior recipient and the amount awarded the dependent under Your benefits.

We do not reduce Your Gross Monthly Benefit by the benefits to which You are entitled, as described in (a), (b), and (c) above unless such benefits are greater than any widow/widower benefit You are receiving. And then We reduce Your Gross Monthly Benefit by the difference.

- Income of the type that is included in Your Insured Earnings for purposes of determining Your Gross Monthly Benefit under this Certificate.
- That portion of Retirement Plan retirement benefits which the Employer funds.
- That portion of Retirement Plan Disability benefits which the Employer funds.

- Retirement benefits or Retirement Plan Disability benefits, due to Your Disability, from any Government Plan other than those shown above.
- Disability benefits from any:
  - No-Fault Motor Vehicle Coverage;
  - Motor vehicle financial responsibility act; or
  - Like law.
- Payment or settlement, with or without admission of liability, from: A Workers' Compensation law; an occupational disease law; or any other act or law of like intent.

This includes:

- The Jones' Act;
- The Longshoreman's and Harbor Workers' Compensation Act; or
- Any Maritime doctrine of Maintenance, Wages or Cure.

If You receive a payment net of attorney fees approved by the Workers' Compensation Board or similar authority, We reduce Our benefit by the net payment.

- Disability benefits from any third party when Your Disability is the result of the negligence or intentional tort liability of that third party.
- Unemployment compensation benefits.
- Payment from Your Employer as part of a termination or severance agreement.
- Payments from a paid leave, or a similar plan that pays for an approved leave, but only to the extent that such income plus the amount of Your Gross Monthly Benefit is more than 100% of Your Insured Earnings.

We reduce Your Gross Monthly Benefit with income shown above that You are entitled to receive without regard to the reason You are entitled to receive it.

Our right to reduce Your benefit by such income shall not be negated by a transfer of claim liability to a third party. Payment by such third party by law, settlement, judgment, waiver or otherwise shall not negate Our right.

**STATEMENT OF ERISA RIGHTS**

---

The Guardian Life Insurance Company of America  
10 Hudson Yards  
New York, New York 10001  
(212) 598-8000

Your group Short Term and/or Long Term Disability Income benefits may be covered by the Employee Retirement Income Security Act of 1974 (ERISA). If so, You are entitled to certain rights and protections under ERISA.

ERISA provides that all plan participants shall be entitled to:

**Receive Information about Your Plan and Benefits**

- (a) Examine, without charge, at the plan administrator's office and at other specified locations, such as worksites and union halls, all documents governing the plan, including insurance contracts and collective bargaining agreements, and a copy of the latest annual report (Form 5500 Series) filed by the plan with the U. S. Department of Labor and available at the Public Disclosure Room of the Employee Benefits Security Administration.
- (b) Obtain, upon written request to the plan administrator, copies of documents governing the operation of the plan, including insurance contracts, collective bargaining agreements and copies of the latest annual report (Form 5500 Series) and updated summary plan description. The administrator may make a reasonable charge for the copies.
- (c) Receive a summary of the plan's annual financial report. The plan administrator is required by law to furnish each participant with a copy of this summary annual report.

**Prudent Actions by Plan Fiduciaries**

In addition to creating rights for plan participants, ERISA imposes duties upon the people who are responsible for the operation of the employee benefit plan. The people who operate the plan, called "fiduciaries" of the plan, have a duty to do so prudently and in the interest of plan participants and beneficiaries. No one, including Your employer, Your union, or any other person may fire You or otherwise discriminate against You in any way to prevent You from obtaining a welfare benefit or exercising Your rights under ERISA.

**Enforcement of Your Rights**

If Your claim for a welfare benefit is denied or ignored, in whole or in part, You have a right to know why this was done, to obtain copies of documents relating to the decision without charge, and to appeal any denial, all within certain time schedules (see Claims Procedures below).

Under ERISA, there are steps You can take to enforce the above rights. For instance, if You request a copy of plan documents or the latest annual report from the plan and do not receive them within 30 days, You may file suit in a state or Federal court. In such a case, the court may require the plan administrator to provide the materials and pay You up to \$110.00 a day until You receive the material, unless the materials were not sent because of reasons beyond the control of the administrator. If You have a claim for benefits which is denied or ignored, in whole or in part, You may file suit in a federal court. If it should happen that plan fiduciaries misuse the plan's money or if You are discriminated against for asserting Your rights, You may seek assistance from the U.S. Department of Labor, or You may file suit in a Federal court. The court will decide who should pay court costs and legal fees. If You are successful, the court may order the person You sued to pay these costs and fees. If You lose, the court may order You to pay these costs and fees, for example, if it finds that Your claim is frivolous.

**Assistance with Questions** If You have questions about the plan, You should contact the plan administrator. If You have questions about this statement or about Your rights under ERISA, or if You need assistance in obtaining documents from the plan administrator, You should contact the nearest office of the Employee Benefits Security Administration, U.S. Department of Labor listed in Your telephone directory or the Employee Benefits Security Administration, U.S. Department of Labor, 200 Constitution Avenue N.W., Washington D.C. 20210. You may also obtain certain publications about Your rights and responsibilities under ERISA by calling the publications hotline of the Employee Benefits Security Administration.

**Disability Benefits Claims Procedure** If You seek benefits under the plan You should complete, execute and submit a claim form. Claim forms and instructions for filing claims may be obtained from The Guardian Life Insurance Company of America (hereinafter referenced as Guardian).

Guardian is the Claims Fiduciary with discretionary authority to interpret and construe the terms of the Policy, the Certificate, the Schedule of Benefits, and any riders, or other documents or forms that may be attached to the Certificate or the Policy, and any other plan documents. Guardian has discretionary authority to determine eligibility for benefits and coverage under those documents. Guardian has the right to secure independent professional healthcare advice and to require such other evidence as needed to decide Your claim.

In addition to the basic claim procedure explained in Your certificate, Guardian will also observe the procedures listed below. These procedures are the minimum requirements for benefit claims procedures of employee benefit plans covered by Title 1 of ERISA.

**Definitions** "Adverse determination" means any denial, reduction or termination of a benefit or failure to provide or make payment (in whole or in part) for a benefit.

**Timing for Initial Benefit Determination** The benefit determination period begins when a claim is received. Guardian will make a benefit determination and notify a claimant within a reasonable period of time, but not later than the maximum time period shown below. A written or electronic notification of any adverse benefit determination must be provided.

Guardian will provide a benefit determination not later than 45 days from the date of receipt of a claim. This period may be extended by up to 30 days if Guardian determines that an extension is necessary due to matters beyond the control of the plan, and so notifies the claimant before the end of the initial 45-day period. Such notification will include the reason for the extension and a date by which the determination will be made. If prior to the end of the 30-day period Guardian determines that an additional extension is necessary due to matters beyond the control of the plan, and so notifies the claimant, the time period for making a benefit determination may be extended for up to an additional period of up to 30 days. Such notification will include the special circumstances requiring the extension and a date by which the final determination will be made.

A notification of an extension to the time period in which a benefit determination will be made will include an explanation of the standards upon which entitlement to a benefit is based, any unresolved issues that prevent a decision of the claim, and the additional information needed to resolve those issues.

If Guardian extends the time period for making a benefit determination due to a claimant's failure to submit information necessary to decide the claim, the claimant will be given at least 45 days to provide the requested information. The extension period will begin on the date on which the claimant responds to the request for additional information.

B997.0370

**Adverse Benefit  
Determination**

If a claim is denied, Guardian will provide a notice that will set forth:

- The specific reason(s) for the adverse determination;
- References to the specific provisions in the Policy, Certificate, plan or other documents, on which the determination is based;
- A description of any additional material or information necessary to perfect the claim and an explanation of why such material or information is necessary;
- A description of the plan's claim review procedures which a claimant may follow to have a claim for benefits reviewed and the time limits applicable to such procedures;
- A statement disclosing any internal rule, guideline, protocol or similar criterion relied on in making the adverse benefit determination (or a statement that such information will be provided free of charge upon request); or a statement that no internal rule, guideline, protocol or similar criterion was relied upon in making the adverse benefit determination;
- If applicable, an explanation of the basis of disagreement with or not following the views presented by You, of health care professionals who treated You and vocational professionals who evaluated You;
- If applicable, an explanation of the basis for disagreeing with or not following the views of any medical or vocational expert whose advice was obtained on our behalf in connection with the adverse benefit determination, without regard to whether the advice was relied upon in making the determination;

- If applicable, an explanation of the basis for disagreeing with or not following a Disability determination made by the Social Security Administration that You present to us;
- A description of the plan's review procedures and the time limits applicable to such procedures, including a statement of the claimant's right to bring a civil action under ERISA Section 502(a) following an adverse benefit determination on appeal, and;
- In the case of an adverse benefit determination based on medical necessity or experimental treatment, notice will either include an explanation of the scientific or clinical basis for the determination, or a statement that such explanation will be provided free of charge upon request.

**Appeal of Adverse  
Benefit  
Determinations**

If a claim is wholly or partially denied, the claimant will have up to 180 days to make an appeal. Guardian will conduct a full and fair review of an appeal which includes providing to claimants the following:

- The opportunity to submit written comments, documents, records and other information relating to the claim;
- The opportunity, upon request and free of charge, for reasonable access to, and copies of, all documents, records and other information relevant to the claim; and
- A review that takes into account all comments, documents, records and other information submitted by the claimant relating to the claim, without regard to whether such information was submitted or considered in the initial benefit determination.

In reviewing an appeal, Guardian will:

- Provide for a review conducted by a named fiduciary who is neither the person who made the initial adverse determination nor that person's subordinate;
- In deciding an appeal based upon a medical judgment, consult with a health care professional who has appropriate training and experience in the field of medicine involved in the medical judgment;
- Identify medical or vocational experts whose advice was obtained in connection with an adverse benefit determination; and
- Ensure that a health care professional engaged for consultation regarding an appeal based upon a medical judgment shall be neither the person who was consulted in connection with the adverse benefit determination, nor that person's subordinate.

Guardian will notify the claimant of its decision not later than 45 days after receipt of the request for review of the adverse determination. This period may be extended by an additional period of up to 45 days if Guardian determines that special circumstances require an extension of the time period for processing and so notifies the claimant before the end of the initial 45-day period.

A notification with respect to an extension will indicate the special circumstances requiring an extension of the time period for review, and the date by which the final determination will be made.

In the event Guardian denies the appeal of an adverse benefit determination, it will:

- Provide the specific reason or reasons why the appeal was denied;
- Refer to the specific provisions in the Policy, Certificate, plan, or other documents on which the benefit determination is based;
- Provide a statement that the claimant is entitled to receive, upon request and free of charge, reasonably access to, and copies of all documents, records, and other information relevant to the claimant's claim for benefits;
- Provide a statement disclosing any internal rule, guideline, protocol or similar criterion relied on in making the adverse benefit determination (or a statement that such information will be provided free of charge upon request); or a statement that no internal rule, guideline, protocol or similar criterion was relied upon in making the adverse benefit determination;
- If applicable, provide an explanation of the basis of disagreement with or not following the views presented by You, of health care professionals who treated You, and vocational professionals who evaluated You;
- If applicable, provide an explanation of the basis for disagreeing with or not following the views of any medical or vocational expert whose advice was obtained on our behalf in connection with the adverse benefit determination, without regard to whether the advice was relied upon in making the determination;
- If applicable, provide an explanation of the basis for disagreeing with or not following a Disability determination made by the Social Security Administration that You present to us;
- Provide a statement describing the claimant's right to bring a civil suit under Section 502(a) of the Employee Retirement Income Security Act of 1974 which shall also describe any applicable contractual limitations period that applies the claimant's right to bring such an action, including the calendar date on which the contractual limitations period expires for the claim, and;

- In the event the adverse benefit determination is based on a medical necessity or experimental treatment or similar exclusion or limit, provide either an explanation of the scientific or clinical judgment for the determination, applying the terms of the plan to the claimant's medical circumstances, or a statement that such explanation will be provided free of charge upon request.

**Alternative Dispute Options** The claimant and the plan may have other voluntary alternative dispute resolution options, such as mediation. One way to find out what may be available is to contact the local U.S Department of Labor Office and the State insurance regulatory agency.

In addition to any legal rights You may have under section 502(a), if You believe that we have violated ERISA's procedural requirements, You may request that we review any claimed violation(s) and we will respond to You within ten days.

**You May not be covered by all options in this Certificate.**

This Certificate contains all the benefits and options that are available under the Policy. You are insured only for those benefits and options that you are eligible and enrolled for, and for which the required premium has been paid.

## ELIGIBILITY FOR CRITICAL ILLNESS - EMPLOYEE COVERAGE

---

---

### Eligible Employees

---

Subject to the conditions of eligibility set forth below, and to all of the other conditions of the Plan, You are eligible if You are in an eligible class of Employees and are an active Full-Time Employee.

If You are a partner or proprietor, We will treat You like an Employee if You meet the Plan's conditions of eligibility.

---

### Conditions of Eligibility

---

You are eligible for Critical Illness coverage if You are;

- Legally working in the United States, or working outside of the United States for a United States based employer in a country or region approved by Us; and
- Regularly working at least the number of hours in the normal work week set by the Employer (but not less than 20 hours per week) at: (1) the Employer's place of business; (2) some place where the Employer's business requires You to travel; or (3) any other place You and the Employer have agreed upon for the performance of occupational duties.

You are **not** eligible for Critical Illness coverage if You are a temporary or seasonal Employee.

**Enrollment Requirement:** If You must pay all or part of the cost of Your coverage, We will not cover You until You enroll and agree to make the required payments.

**Proof of Insurability:** If You: (1) do not meet this Plan's enrollment requirement within 31 days after You first become eligible; or (2) enroll after You previously had coverage which ended because You failed to make a required payment, We will ask for Proof of Insurability. And, You will not be covered until We approve that Proof of Insurability in writing.

Part or all of Your insurance amounts may be subject to Proof of Insurability. The Schedule of Benefits explains if and when We require Proof of Insurability. You will not be covered for any amount that requires such Proof of Insurability until You give the Proof of Insurability to Us and We approve that Proof of Insurability in writing.

If Your active Full-Time service ends before You meet any Proof of Insurability requirements that apply You will still have to meet those requirements if You are later re-employed by the Employer or an associated company.

B005.0043

**All Options**

**The Waiting Period** If You are in an eligible class, You are eligible for Critical Illness coverage under this Plan after You complete the service waiting period, if any, established by the Employer.

B005.0045

**All Options**

**Multiple Employment** If You work for both the Employer and a covered associated company, or for more than one covered associated company, We will treat You as if only one firm employs You. You will not have multiple Critical Illness coverages under this plan. But, if this Plan uses the amount of Your earnings to set the rates, determine class, figure coverage amounts, or for any other reason, such earnings will be figured as the sum of Your earnings from all covered Employers.

B005.0046

**All Options**

---

**When Employee Coverage Starts**

Your eligibility date is the date You have met all of the conditions of eligibility.

Whether You must pay all or part of the cost of Your coverage, You must elect to enroll and agree to make the required payments before Your coverage will start. If You do this on or before Your Eligibility Date, Your coverage is scheduled to start on Your Eligibility Date. If You do this within 31 days after Your Eligibility Date, Your coverage is scheduled to start on Your Eligibility Date. If You elect to enroll and agree to make the required payments more than 31 days after Your Eligibility Date, Your coverage will not be scheduled to start until You send Us Proof of Insurability. Once We have approved such Proof of Insurability, Your coverage is scheduled to start on the effective date shown in the endorsement section of Your evidence of insurability form.

Any part of Your coverage which is subject to Proof of Insurability will not start unless You send such Proof of Insurability to Us, and We approve it in writing. Once We have approved it, that part of Your coverage is scheduled to start on the effective date shown in the endorsement section of Your evidence of insurability form. If Your active service ends before You meet any Proof of Insurability requirements that apply You will still have to meet those requirements if You are later re-employed by the Employer or an associated company.

On the date all or part of Your coverage is scheduled to start, You must be: (1) Actively At Work; (2) fully capable of performing the major duties of Your regular occupation; and (3) working Your regular number of hours. In that case, Your coverage will start at 12:01 A.M. Standard Time for Your place of residence on that date. In any other case, We will postpone the start of Your coverage until the date You: (a) return to Active Work; (b) are working Your regular number of hours; and (c) are fully capable of performing the major duties of Your regular occupation. Sometimes, a scheduled effective date is not a regularly scheduled work day. If the scheduled effective date falls: on a holiday; on a vacation day; on a non-scheduled work day; during a layoff of less than 180 days in duration; during an approved leave of absence not due to sickness or injury, of 90 days or less; or on a day during a period of absence that is less than 7 days in duration; and if: (a) You were fully capable of performing the major duties of Your regular occupation for the Employer on a full-time basis at 12:01 AM Standard Time for Your place of residence on the scheduled effective date; and (b) You were performing the major duties of Your regular occupation and working Your regular number of hours on Your last regularly scheduled work day; Your coverage will start on the scheduled effective date.

**Delayed Effective Date For Voluntary Critical Illness Coverage:** If You are not Actively At Work on the date Your Voluntary Critical Illness coverage is scheduled to start due to Sickness or Injury, We will postpone coverage for an otherwise covered loss due to that Sickness or Injury. We will postpone such coverage until You complete ten days in a row without missing a work day due to that Sickness or Injury in which You are: (1) Actively At Work; (2) fully capable of performing the major duties of Your regular occupation; and (3) working Your regular number of hours. ### **Your Right to Continue Critical Illness Coverage During a Family Leave of Absence**

**Important Notice:** This section may not apply to Your Employer's Plan. You must contact Your Employer to find out if he or she must allow for a family leave of absence under federal law. If he or she must allow for such leave, this section applies.

**If Your Coverage Would End:** Your Critical Illness coverage would normally end because You cease work due to an approved leave of absence. But, You may continue Your coverage if the leave has been granted: (1) to allow You to care for a seriously injured or ill spouse, child or parent; (2) after the birth or adoption of a child; (3) due to Your own serious health condition; or (4) because of a serious Injury or illness arising out of the fact that Your spouse, child, parent or next of kin who is a covered service member is on active duty, or has been notified of an impending call or order to active duty, in the Armed Forces in support of a contingency operation. - In any other case, the end of a total leave period of 12 weeks in any 12 month period.
- The date on which Your Employer's Plan is terminated or You are no longer eligible for coverage under this Plan.

Your "unmarried dependent children" include Your legally adopted children, and Your step-children. But, Your step-children must depend on You for most of their support and maintenance. **Dependents Not Eligible**

---

We exclude any dependent who is on active duty in any armed force. And, We exclude any dependent who is covered by this Plan as an Employee.

## Handicapped Children

You may have an unmarried child who is: (a) incapable of self-sustaining employment by reason of a mental or physical handicap or developmental disability; and (b) chiefly dependent upon You for support and maintenance. In that case such a child may remain eligible for dependent benefits past the age limit subject to the conditions shown below.

- He or she became covered for dependent Critical Illness benefits before he or she reached the age limit, and remained continuously covered until he or she reached the age limit.
- He or she stays unmarried and remains: (i) incapable of self-sustaining employment; and (ii) dependent upon You for most of his or her support and maintenance.
- You send Us written proof, and We approve such proof, of the child's disability and dependence within 31 days from the date he or she reaches the age limit. After the two year period following the child's attainment of the age limit, We can ask for periodic proof that the child's condition continues, but We cannot ask for this proof more than once a year.

The child's coverage ends when Your coverage ends.

## Proof of Insurability

We require Proof of Insurability that a dependent is insurable if You: (1) enroll a dependent who was previously declined or would have been considered a late enrollee under a group critical illness coverage plan providing dependent coverage which this Plan replaced; (2) enroll a dependent and agree to make the required payments after the end of the Enrollment Period.

A dependent is not covered by any part of this Plan that requires such Proof of Insurability until You give Us this Proof of Insurability and We approve it in writing.

If Your dependent coverage ends for any reason, including failure to make the required payments, Your dependent will not be covered by this Plan again until You give Us new Proof of Insurability that they are insurable and We approve that Proof of Insurability in writing.

### When Dependent Coverage Starts

---

In order for Your dependent coverage to start, You must already be covered for Employee coverage, or enroll for Employee and dependent coverage at the same time.

Subject to the Exception below and to all of the other terms of this Plan, the date Your dependent coverage starts depends on when You elect to enroll Your Initial Dependents and agree to make any required payments. If You do this on or before Your Eligibility Date, the dependent's coverage is scheduled to start on the later of Your eligibility date and the date you become covered for Employee coverage.

If You do this within the Enrollment Period, the coverage is scheduled to start on the date You become covered for Employee coverage.

If You do this after the Enrollment Period ends, Your dependent coverage is subject to Proof of Insurability and will not start until We approve that Proof of Insurability in writing.

Once You have dependent child coverage for Your Initial Dependent child(ren) any Newly Acquired Dependent children will be covered as of the date he or she is first eligible.

If Proof of Insurability is required for dependent benefits as explained above, those benefits will not be scheduled to start until You give Us Proof of Insurability that the dependent is insurable. Once We have approved that Proof of Insurability, those benefits will be scheduled to start on the effective date shown in the endorsement section of Your application.

In that case, We will postpone the effective date of his or her coverage until the day after the date: (a) of his or her discharge from such facility; (b) his or her home confinement ends; or (c) he or she is no longer requires assistance with two or more Activities of Daily Living. If a dependent was covered under a prior plan at transfer, this language will not apply to the amount of coverage that was in force with the prior plan.

**When Dependent Coverage Ends**

Dependent coverage ends for all of Your dependents when Your Employee coverage ends. Dependent coverage also ends for all of Your dependents when You stop being a member of a class of Employees eligible for such coverage. And, it ends when this Plan ends, or when dependent coverage is dropped from this Plan for all Employees or for Your class.

If You are required to pay all or part of the cost of dependent coverage, and You fail to do so, Your dependent coverage ends. It ends on the last day of the period for which You made the required payments, unless coverage ends earlier for other reasons.

Your dependent's coverage ends when he or she stops being an eligible dependent. This happens to a child at 12:01 A.M. on the date the child attains this Plan's age limit, when he or she marries, or when a step-child is no longer dependent on You for support and maintenance. It happens to a spouse: (1) when a marriage ends in legal divorce or annulment; and (2) at 12:01 A.M. on the date the spouse reaches the limiting age, if applicable.

**Critical Illness Benefits**

---

This Plan will pay a benefit based on the benefit amount for which a Covered Person is covered. The benefit will be subject to all of the terms of this Plan.

This Plan only pays benefits for the occurrence of the Critical Illnesses listed and defined in the Covered Critical Illnesses section below.

Each Critical Illness must occur while the Covered Person is covered by this Plan. This Plan deems each Critical Illness to occur on the date described for each Critical Illness in the Covered Critical Illnesses section below.

Where one Critical Illness is caused by or contributes to another Critical Illness, only one benefit is payable. We will pay the greater of the benefits payable. If the amount payable for each Critical Illness is the same, You may choose which benefit to receive.

This Plan pays benefits for the First Occurrence of each Critical Illness. The benefit levels are shown in the Schedule of Benefits. We pay no benefits for any occurrences beyond the First Occurrence.

By First Occurrence We mean the first time a Covered Person is Diagnosed with a Critical Illness while insured by this Plan.

However, if a Covered Dependent Child is Diagnosed prior to age 3, We will pay a benefit if the initial Diagnosis occurred while insured by this Plan, and the Diagnosis is confirmed on or after the child reaches age 3 and remains insured by this Plan.

We deem Loss of Hearing to occur on the date on which a licensed audiologist physically examines the Covered Person and certifies that the Covered Person meets the definition above.

**Major Organ Failure** We pay a benefit if a Covered Person is Diagnosed with Major Organ Failure. By Major Organ Failure We mean the irreversible failure of both lungs, liver, pancreas, or bone marrow, which requires a human to human transplant determined to be Medically Necessary by a Doctor of the appropriate specialty.

We deem Major Organ Failure to occur on the date the Covered Person is accepted onto the transplant waiting list of a recognized transplant program in the United States. We pay the benefit whether or not the transplant is ever performed. If the Covered Person is too ill for a transplant, but otherwise meets the criteria for being on the waiting list of a recognized transplant program, the waiting list requirement will be waived. In this instance We deem Major Organ Failure to occur on the date a Doctor of appropriate specialty deems the Covered Person is too ill for a transplant, but otherwise meets the criteria for being on a waiting list of a recognized transplant program in the United States.

We don't pay a benefit under both this provision and the Heart Failure provision at the same time.

Effective on the latter of (i) the original effective date of the Policy; or (ii) the effective date of any applicable amendment requested by the Policyholder and approved by the Insurance Company, this rider amends this Plan by the addition of the following:

### PORTABILITY PRIVILEGE

**Definition:** As used in this provision, the terms "port" and "to port" mean to choose a portable certificate of coverage which provides group Critical Illness coverage.

**Portability Conditions:** Portability is subject to all of the Conditions described below.

- You may port if Your coverage under this Plan ends because: (1) You have terminated employment; (2) You stop being a member of an eligible class of Employees; or (3) this Plan ends.
- You may **not** port Your coverage if You have reached Your 70th birthday on the date coverage under this Plan ends.
- You may **not** port coverage for any of Your dependents if he or she has reached his or her 70th birthday on the date coverage under this Plan ends.
- You may **not** port if coverage under this Plan ends due to Your failure to pay any required premium.

**Portability Options:** You may port Your Critical Illness coverage, subject to any benefit amount reductions based on age, less the amount of any Critical Illness benefits paid by this Plan.

You may port Your dependent's Critical Illness coverage, subject to any benefit amount reductions based on Your age, less the amount of any Critical Illness benefits paid by this Plan.

You may port: (1) Your coverage only; (2) Your coverage and coverage of Your covered Spouse; (3) Your coverage and the coverage of all of Your covered dependents; or (4) if You are a single parent, Your coverage and the coverage of all of Your covered dependent children. No other combinations will be allowed.

A dependent must be covered as of the date Your coverage under this Plan ends in order to be eligible for portability.

If You die while covered for dependent Critical Illness coverage, Your Spouse may port Your dependent Critical Illness coverage as described above. Your Spouse and dependent children must be covered under this Plan on the date of Your death. But, this option is not available if: (1) there is no surviving Spouse; or (2) Your surviving Spouse has reached his or her 70th birthday on the date of Your death.

**The Portable Certificate of Coverage:** The portable certificate of coverage provides group Critical Illness. The benefits provided by the portable certificate of coverage are the same as the benefits provided by this Plan. The portable certificate provides seamless coverage. Benefit limits, maximums and timeframes do not reset when someone becomes covered under the portable certificate. The premium for the portable certificate of coverage will be based on: (1) the Covered Person's rate class under this Plan; and (2) Your surviving Spouse's age bracket as shown in the Critical Illness Portability Coverage Premium Notice.

**How to Port:** You or Your surviving Spouse must: (1) apply to Us in writing; and (2) pay the required premium. You or Your surviving Spouse must do this within 31 days from the date Your coverage under this Plan ends. We will not ask for proof that You or Your surviving Spouse are in good health.

## **CERTIFICATE AMENDMENT - ELIGIBILITY FOR CRITICAL ILLNESS COVERAGE**

---

Effective on the latter of (i) the original effective date of the Policy; or (ii) the effective date of any applicable amendment requested by the Policyholder and approved by the Insurance Company, this rider amends this Plan by replacing the following sections:

### **Conditions of Eligibility**

**Proof of Insurability:** Part or all of Your insurance amounts may be subject to Proof of Insurability. The Schedule of Benefits explains if and when We require Proof of Insurability. You will not be covered for any amount that requires such Proof of Insurability until You give the Proof of Insurability to Us and We approve that Proof of Insurability in writing.

If You elect to enroll within 31 days after Your Eligibility Date, coverage is scheduled to start on Your Eligibility Date.

If You do not elect this coverage within 31 days of Your Eligibility Date, You must answer health questions, or wait until the next scheduled group enrollment period. Once each year, during the group enrollment period, You may elect to enroll in this coverage as offered by the Employer. As used here, "group enrollment period" means an annual open enrollment period set by the Employer and agreed to by Us. If You elect to enroll outside of the group open enrollment period, You must provide Proof of Insurability by answering health questions, or wait until the next group enrollment period.

If Proof of Insurability is required, You will not be covered by this Plan until We approve that Proof of Insurability in writing and notify You of Your effective date of coverage.

### **When Employee Coverage Starts**

Your eligibility date is the date You have met all of the conditions of eligibility.

Whether You must pay all or part of the cost of Your coverage, You must elect to enroll and agree to make the required payments before Your coverage will start. If You do this on or before Your Eligibility Date, Your coverage is scheduled to start on Your Eligibility Date. If You do this within 31 days after Your Eligibility Date, Your coverage is scheduled to start on Your Eligibility Date. If You elect to enroll and agree to make the required payments more than 31 days after Your Eligibility Date, Your coverage will not be scheduled to start until You send Us Proof of Insurability or until You enroll during the next group enrollment period. If Proof of Insurability is required, You will not be covered by this Plan until We approve that Proof of Insurability in writing and notify You of Your effective date of coverage.

If Your active service ends before You meet any Proof of Insurability requirements that apply, You will still have to meet those requirements if You are later re-employed by the Employer or an associated company.

On the date all or part of Your coverage is scheduled to start, You must be: (1) Actively At Work; (2) fully capable of performing the major duties of Your regular occupation; and (3) working Your regular number of hours. In that case, Your coverage will start at 12:01 A.M. Standard Time for Your place of residence on that date. In any other case, We will postpone the start of Your coverage until the date You: (a) return to Active Work; (b) are working Your regular number of hours; and (c) are fully capable of performing the major duties of Your regular occupation. Sometimes, a scheduled effective date is not a regularly scheduled work day. If the scheduled effective date falls: on a holiday; on a vacation day; on a non-scheduled work day; during a layoff of less than 180 days in duration; during an approved leave of absence not due to sickness or injury, of 90 days or less; or on a day during a period of absence that is less than 7 days in duration; and if: (a) You were fully capable of performing the major duties of Your regular occupation for the Employer on a full-time basis at 12:01 AM Standard Time for Your place of residence on the scheduled effective date; and (b) You were performing the major duties of Your regular occupation and working Your regular number of hours on Your last regularly scheduled work day; Your coverage will start on the scheduled effective date.

**Delayed Effective Date For Voluntary Critical Illness Coverage:** If You are not Actively At Work on the date Your Voluntary Critical Illness coverage is scheduled to start due to Sickness or Injury, We will postpone coverage for an otherwise covered loss due to that Sickness or Injury. We will postpone such coverage until You complete ten days in a row without missing a work day due to that Sickness or Injury in which You are: (1) Actively At Work; (2) fully capable of performing the major duties of Your regular occupation; and (3) working Your regular number of hours. Coverage for an otherwise covered loss due to all other conditions will start on the date You are: (a) Actively At Work; (b) fully capable of performing the major duties of Your regular occupation; and (c) working Your regular number of hours.

**Exception to When Employee Coverage Starts:** If You are not capable of performing the major duties of Your regular occupation for Your Employer on a full-time basis on the date Your coverage is scheduled to start, You will be insured for Critical Illness insurance if:

1. You were insured under the prior insurer's group critical illness policy at the time of the transfer;
2. You are a member of an eligible class; and
3. premiums for You were paid up to date; and
4. You are not receiving or eligible to receive benefits under the prior insurer's group critical illness policy.

Any Critical Illness benefit payable will be the lesser of:

1. the Critical Illness benefit payable under the Group Policy; or
2. the critical illness benefit payable under the prior insurer's group critical illness policy had it remained in force.

The Critical Illness benefit payable will be reduced by any amount paid by the prior insurer's group critical illness policy.

All other provisions under this Policy will apply under the Exception to When Employee Coverage Starts.

You will remain insured under this provision until the first to occur of:

1. the date You are fully capable of performing the major duties of Your regular occupation for Your Employer on a full-time basis;
2. the date insurance terminates for one of the reasons stated in When Employee Coverage Ends;
3. the last day of a period of 12 consecutive months which begins on the Policy effective date; or
4. the last day You would have been covered under the prior insurer's group critical illness policy, had the prior plan not terminated.

## **DEPENDENT COVERAGE**

### **Proof of Insurability**

Part or all of Your Initial Dependents insurance amounts may be subject to Proof of Insurability. The Schedule of Benefits explains if and when We require Proof of Insurability. Your Initial Dependents will not be covered for any amount that requires such Proof of Insurability until You give the Proof of Insurability to Us and We approve that Proof of Insurability in writing.

If You elect to enroll Your Initial Dependents within 31 days after Your Eligibility Date, coverage is scheduled to start on Your Eligibility Date.

If You do not elect Initial Dependent coverage within 31 days of Your Eligibility Date, Your Initial Dependents must answer health questions, or wait until the next scheduled group enrollment period to enroll. Once each year, during the group enrollment period, You may elect to enroll Initial Dependents in this coverage as offered by the Employer. As used here, "group enrollment period" means an annual open enrollment period set by the Employer and agreed to by Us. If You elect to enroll Your Initial Dependents outside of the group open enrollment period, You must provide Proof of Insurability by answering health questions, or wait until the next group enrollment period.

If Proof of Insurability is required, Your Initial Dependents will not be covered by this Plan until We approve that Proof of Insurability in writing and notify You of Your Initial Dependent's effective date of coverage.

In the case of a Newly Acquired Dependent, other than the first newborn child, You may elect to enroll a Newly Acquired Dependent within 31 days. If You do not elect to enroll a Newly Acquired Dependent within 31 days of his or her Eligibility Date, Your Newly Acquired Dependent(s) may have to answer health questions, or wait until the next scheduled group enrollment period to enroll.

If Your dependent coverage ends for any reason, including failure to make the required payments, Your dependent will not be covered by this Plan again until You give Us new Proof of Insurability that they are insurable and We approve that Proof of Insurability in writing, or wait until the next group enrollment period.

### **When Dependent Coverage Starts**

In order for Your dependent coverage to start, You must already be covered for Employee coverage, or enroll for Employee and dependent coverage at the same time.

If You enroll Your dependents on or before Your Eligibility Date, the dependent's coverage is scheduled to start on the later of the 1st day of the month which coincides with or next follows Your Eligibility Date and the date You become covered for Employee coverage.

If You do this within the group enrollment period, the coverage is scheduled to start on the later of the 1st day of the month which coincides with or next follows the date You sign the enrollment form and the date You become covered for Employee coverage.

If You do this after the group enrollment period ends, Your dependent coverage may be subject to Proof of Insurability and will not start until We approve that Proof of Insurability in writing.

Once You have dependent child coverage for Your Initial Dependent child(ren) any Newly Acquired Dependent children will be covered as of the date he or she is first eligible.

Whether You must pay all or part of the cost of Your coverage, You must elect to enroll and agree to make the required payments before Your coverage will start. If You do this on or before Your Eligibility Date, Your coverage is scheduled to start on Your Eligibility Date. If You do this within 31 days after Your Eligibility Date, Your coverage is scheduled to start on Your Eligibility Date. If You elect to enroll and agree to make the required payments more than 31 days after Your Eligibility Date, Your coverage will not be scheduled to start until You send Us Proof of Insurability or until You enroll during the next group enrollment period. If Proof of Insurability is required, You will not be covered by this Plan until We approve that Proof of Insurability in writing and notify You of Your effective date of coverage.

If Proof of Insurability is required for dependent benefits as explained above, those benefits will not be scheduled to start until You give Us Proof of Insurability that the dependent is insurable. Once We have approved that Proof of Insurability, those benefits will be scheduled to start on the effective date shown in the endorsement section of Your application.

**Exception:** We will postpone the effective date of a dependent's, other than a newborn child's, coverage if, on that date, he or she is: (1) confined to a hospital or other health care facility; (2) home confined; or (3) unable to perform two or more Activities of Daily Living. In that case, We will postpone the effective date of his or her coverage until the day after the date: (a) of his or her discharge from such facility; (b) his or her home confinement ends; or (c) he or she is no longer requires assistance with two or more Activities of Daily Living. If a dependent was covered under a prior plan at transfer, this language will not apply to the amount of coverage that was in force with the prior plan.

**CERTIFICATE AMENDATORY RIDER - Dependent Termination**

---

This Rider amends the Certificate as follows and is effective on its issue date.

The **When Dependent Coverage Ends** provision is replaced in its entirety with the following:

**When Dependent Coverage Ends**

Dependent coverage ends for all of Your dependent(s) as follows:

- When Your Employee coverage ends;
- When You stop being a member of a class of Employees eligible for such coverage;
- When this Certificate ends, or dependent coverage is discontinued for a class of Employees to which You belong;
- On the last day of the period for which required payments are made for Your dependent(s);
- For Your child, on the last day of the month in which he or she attains the age limit or no longer qualifies under Continuing Coverage For Dependent Children Past the Age Limit.
- It also happens at 12:01 A.M. on the date in which Your stepchild is no longer dependent on You for at least 50% of his or her support and maintenance.
- For Your Spouse, at 12:01 A.M. on the date Your marriage is lawfully terminated.
- On the date Your dependent dies.

The **Handicapped Children** provision is replaced in its entirety with the following:

**Continuing Coverage For Dependent Children Past the Age Limit**

An unmarried child that meets all of the conditions below may continue coverage past the child age limit:

- The child must be incapable of living independently due to a mental, physical, or developmental disability;
- The child must be primarily dependent upon You for support and maintenance;
- The child's mental, physical, or developmental disability must have begun before he or she reached the age limit; and
- The child must have been covered by this Certificate, or the prior carrier's group plan that it replaced, before he or she reached the age limit, and remained continuously covered until he or she reached the age limit.

You will have to send us documentation that your child meets these requirements within 31 days of the date the age limit was reached.

After two years has passed from the date the age limit was reached, we may periodically ask for documentation that your child continues to meet these requirements. We won't ask for this more than once a year.

Any coverage provided under this section ends when Your coverage ends, or your child no longer meets the conditions above.

This rider is a part of this Certificate. Except as stated in this rider, nothing contained in this rider changes or affects any other terms of this Certificate.

## All Options

**The following notice applies if Your plan is governed by the Employee Retirement Income Security Act of 1974 and its amendments. This notice is not part of the Guardian plan of insurance or any employer funded benefits, not insured by Guardian.**

---

## STATEMENT OF ERISA RIGHTS

---

As a participant, you are entitled to certain rights and protections under the Employee Retirement Income Security Act of 1974 (ERISA). ERISA provides that all plan participants shall be entitled to:

### **Receive Information About Your Plan and Benefits**

- (a) Examine, without charge, at the plan administrator's office and at other specified locations, such as worksites and union halls, all documents governing the plan, including insurance contracts and collective bargaining agreements, and a copy of the latest annual report (Form 5500 Series) filed by the plan with the U. S. Department of Labor and available at the Public Disclosure Room of the Employee Benefits Security Administration.
- (b) Obtain, upon written request to the plan administrator, copies of documents governing the operation of the plan, including insurance contracts, collective bargaining agreements and copies of the latest annual report (Form 5500 Series) and updated summary plan description. The administrator may make a reasonable charge for the copies.
- (c) Receive a summary of the plan's annual financial report. The plan administrator is required by law to furnish each participant with a copy of this summary annual report.

### **Prudent Actions By Plan Fiduciaries**

In addition to creating rights for plan participants, ERISA imposes duties upon the people who are responsible for the operation of the employee benefit plan. The people who operate the plan, called "fiduciaries" of the plan, have a duty to do so prudently and in the interest of plan participants and beneficiaries. No one, including your employer, your union, or any other person may fire you or otherwise discriminate against you in any way to prevent you from obtaining a welfare benefit or exercising your rights under ERISA.

## Statement of Erisa Rights (Cont.)

---

**Enforcement Of Your Rights** If your claim for a welfare benefit is denied or ignored, in whole or in part, you have a right to know why this was done, to obtain copies of documents relating to the decision without charge, and to appeal any denial, all within certain time schedules.

Under ERISA, there are steps you can take to enforce the above rights. For instance, if you request a copy of plan documents or the latest annual report from the plan and do not receive them within 30 days, you may file suit in a state or Federal court. In such a case, the court may require the plan administrator to provide the materials and pay you up to \$110.00 a day until you receive the material, unless the materials were not sent because of reasons beyond the control of the administrator. If you have a claim for benefits which is denied or ignored, in whole or in part, you may file suit in a federal court. If it should happen that plan fiduciaries misuse the plan's money or if you are discriminated against for asserting your rights, you may seek assistance from the U.S. Department of Labor, or you may file suit in a Federal court. The court will decide who should pay court costs and legal fees. If you are successful, the court may order the person you sued to pay these costs and fees. If you lose, the court may order you to pay these costs and fees, for example, if it finds that your claim is frivolous.

**Assistance with Questions** If you have questions about the plan, you should contact the plan administrator. If you have questions about this statement or about your rights under ERISA, or if you need assistance in obtaining documents from the plan administrator, you should contact the nearest office of the Employee Benefits Security Administration, U.S. Department of Labor listed in your telephone directory or the Employee Benefits Security Administration, U.S. Department of Labor, 200 Constitution Avenue N.W., Washington D.C. 20210. You may also obtain certain publications about your rights and responsibilities under ERISA by calling the publications hotline of the Employee Benefits Security Administration.

## Group Health Benefits Claims Procedure

If you seek benefits under the plan you should complete, execute and submit a claim form. Claim forms and instructions for filing claims may be obtained from the Plan Administrator.

Guardian is the Claims Fiduciary with discretionary authority to determine eligibility for benefits and to construe the terms of the plan with respect to claims. Guardian has the right to secure independent professional healthcare advice and to require such other evidence as needed to decide your claim.

In addition to the basic claim procedure explained in your certificate, Guardian will also observe the procedures listed below. These procedures are the minimum requirements for benefit claims procedures of employee benefit plans covered by Title 1 of the Employee Retirement Income Security Act of 1974 ("ERISA").

**Definitions** "Adverse Benefit Determination" means any denial, reduction or termination of a benefit or failure to provide or make payment (in whole or in part) for a benefit.

"Group Health Benefits" means any accident, cancer, critical illness, specified disease or hospital indemnity coverages which are a part of this plan.

**Timing For Initial Benefit Determination** The benefit determination period begins when a claim is received. Guardian will make a benefit determination and notify a claimant within a reasonable period of time, but not later than the maximum time period shown below. A written or electronic notification of any adverse benefit determination must be provided.

**Claims.** Guardian will provide a benefit determination not later than 30 days after receipt of a claim. If a claimant fails to provide all information needed to make a benefit determination, Guardian will notify the claimant of the specific information that is needed as soon as possible but no later than 30 days after receipt of the claim.

The time period for completing a benefit determination may be extended by up to 15 days if Guardian determines that an extension is necessary due to matters beyond the control of the plan, and so notifies the claimant before the end of the initial 30-day period.

If Guardian extends the time period for making a benefit determination due to a claimant's failure to submit information necessary to decide the claim, the claimant will be given at least 45 days to provide the requested information. The extension period will begin on the date on which the claimant responds to the request for additional information.

**Adverse Benefit Determination** If a claim is denied, Guardian will provide a notice that will set forth:

- the specific reason(s) for the adverse determination;
- reference to the specific plan provision(s) on which the determination is based;

## Group Health Benefits Claims Procedure (Cont.)

---

- a description of any additional material or information necessary to make the claim valid and an explanation of why such material or information is needed;
- a description of the plan's claim review procedures and the time limits applicable to such procedures, including a statement indicating that the claimant has the right to bring a civil action under ERISA Section 502(a) following an adverse benefit determination;
- identification and description of any specific internal rule, guideline or protocol that was relied upon in making an adverse benefit determination, or a statement that a copy of such information will be provided to the claimant free of charge upon request.

### **Appeal of Adverse Benefit Determinations**

If a claim is wholly or partially denied, the claimant will have up to 180 days to make an appeal.

Guardian will conduct a full and fair review of an appeal which includes providing to claimants the following:

- the opportunity to submit written comments, documents, records and other information relating to the claim;
- the opportunity, upon request and free of charge, for reasonable access to, and copies of, all documents, records and other information relating to the claim; and
- a review that takes into account all comments, documents, records and other information submitted by the claimant relating to the claim, without regard to whether such information was submitted or considered in the initial benefit determination.

In reviewing an appeal, Guardian will:

- provide for a review conducted by a named fiduciary who is neither the person who made the initial adverse determination nor that person's subordinate;
- in deciding an appeal based upon a medical judgment, consult with a health care professional who has appropriate training and experience in the field of medicine involved in the medical judgment;
- identify medical or vocational experts whose advice was obtained in connection with an adverse benefit determination; and
- ensure that a health care professional engaged for consultation regarding an appeal based upon a medical judgment shall be neither the person who was consulted in connection with the adverse benefit determination, nor that person's subordinate.

Guardian will notify the claimant of its decision regarding review of an appeal as follows:

## **Group Health Benefits Claims Procedure (Cont.)**

---

**Claims.** Guardian will notify the claimant of its decision not later than 60 days after receipt of the request for review of the adverse benefit determination.

**Alternative Dispute Options** The claimant and the plan may have other voluntary alternative dispute resolution options, such as mediation. One way to find out what may be available is to contact the local U.S Department of Labor Office and the State insurance regulatory agency.

- An active Full-Time Employee; and
- Working at least the minimum required number of hours in Your eligible class at:
  - The Employer's place of business;

**Enrollment:** If You must pay all or part of the cost of Employee coverage, You must enroll and agree to make required payments within 31 days of Your eligibility date. If You fail to do this, You cannot enroll until the plan's next vision open Enrollment Period. "Open Enrollment period" means an annual open enrollment period set up by the Employer and agreed to by Us.

This plan's vision open Enrollment Period occurs from May 1st to June 30th of each year.

Once You enroll in this plan, You cannot drop Your or Your dependent's vision coverage until this plan's next vision open Enrollment Period. Once You drop Your or Your dependent's vision coverage, You will not be permitted to enroll again until the next vision open Enrollment Period which starts after the date coverage is dropped.

If You initially waived vision coverage under this plan because You were covered under another group vision care plan, and You wish to enroll in this plan because Your coverage under the other plan ended, You may do so without waiting until the next vision open Enrollment Period. But, Your coverage under the other plan must have ended due to one of the events listed below:

- Termination of Your Spouse's employment.
- Loss of eligibility under Your Spouse's vision plan.
- Divorce.
- Death of Your Spouse.
- Termination of the other vision plan.

In that case, You must enroll in the vision coverage under this plan within 30 days of the date that any of the events listed above occurs.

**Vision Service Plan (VSP) -  
This Plan's Vision Care Preferred Provider Organization**

---

The Policy is designed to provide high quality vision care while controlling the cost of such care. To do this, the Policy encourages a Covered Person to seek vision care from vision care practitioners and vision care facilities that belong to VSP, a vision care Preferred Provider Organization (PPO).

The vision care PPO is made up of Preferred Providers in a Covered Person's geographic area. When a Covered Person is enrolled in the Policy, he or she will get an enrollment packet. The packet will: (1) explain how to obtain benefits; and (2) contain information about current vision care Preferred Providers. He or she will also receive information on how to obtain a list of VSP Preferred Providers in his or her area.

A Covered Person may receive vision services from any VSP Preferred Provider. If a Preferred Provider ends his or her relationship with VSP for any reason, VSP will be responsible for furnishing vision services to Covered Persons either through that provider or another VSP Preferred Provider.

Use of the vision care PPO is voluntary. A Covered Person may receive vision care from any vision care provider he or she chooses. And he or she is free to change providers at any time. But, the Policy usually pays more in benefits for covered services furnished by a Preferred Provider. Conversely, it usually pays less for covered services not furnished by a vision care Preferred Provider.

What We pay is based on all of the terms of the Policy. Please read this Certificate carefully for specific benefit levels, Copayments, Deductibles, Payment Rates and Payment Limits.

A Covered Person may call VSP should he or she have any questions about the vision coverage.

## How This Plan Works

---

We pay benefits for the covered charges a Covered Person incurs as shown below. The services and supplies covered under this Certificate are explained in Covered Services and Supplies. What We pay is subject to all of the terms of this Certificate. Read the entire Certificate to find out what We limit or exclude.

Covered charges are the Usual and Customary charges for the services and supplies described below. We pay benefits only for covered charges Incurred by a Covered Person while he or she is covered by this Certificate. Charges in excess of any Payment Limits shown in this Certificate are not covered.

If a Covered Person plans to use the services of a Preferred Provider, the Preferred Provider must receive authorization from VSP. See Obtaining Services from a Preferred Provider. If authorization is not received, benefits will be paid as if services and supplies were received from a Non-Preferred Provider.

If a Covered Person receives services or supplies from a Non-Preferred Provider, he or she must submit the itemized bill to VSP for claims payment. Please refer to Vision Claim Provisions in this Certificate.

**Copayments:** A Covered Person must pay a Copayment each time he or she receives a vision examination. And, he or she must pay a Copayment each time he or she receives lenses or a frame or a complete pair of eyeglasses covered by this Certificate. We pay benefits for the covered charges a Covered Person incurs in excess of the Copayment. This Certificate's Copayments are shown in the Schedule Of Benefits.

**Cash Deductibles:** There are separate cash Deductibles for each covered service furnished by a Non-Preferred Provider. These cash Deductibles are shown in the Schedule of Benefits. The Covered Person must have covered charges in excess of the cash Deductible before We pay benefits for the service or supply. The cash Deductible will be subtracted from the reimbursement to the member.

**Payment Limits:** Payment limits, durational or monetary, are shown in the Covered Services and Supplies. When a monetary Payment Limit is set for a pair of materials, the limit is halved if only one item is purchased.

**Payment Rates:** Once a Covered Person has paid any applicable Copayment or Deductible, We pay benefits for covered charges under this Certificate at the Payment Rate shown in the Schedule Of Benefits. What We pay is subject to all of the terms of this Certificate.

**Discounts:** If a Covered Person receives a vision examination and lenses or frames from a Preferred Provider, he or she will receive a discount on the cost to purchase an unlimited number of prescription glasses from the same Preferred Provider. He or she may also receive a discount on the costs to evaluate and fit contact lenses. No discount applies to contact lenses or materials. The discount is available for 12 months after the initial examination from the same Preferred Provider. Discounts may not be available at all locations, check with Your Preferred Provider.

The discounts are:

- For prescription glasses . . . . . 20% off of the Preferred Provider's Usual and Customary fee
- For non-prescription sunglasses . . . . 20% off of the Preferred Provider's Usual and Customary fee
- For contact lens exam (evaluation and fitting) . . . . . 15% off of the Preferred Provider's Usual and Customary fee

## STATEMENT OF ERISA RIGHTS

### The Guardian Life Insurance Company of America

10 Hudson Yards  
New York, New York 10001  
(212) 598-8000

Your group Vision benefits may be covered by the Employee Retirement Income Security Act of 1974 (ERISA). If so, you are entitled to certain rights and protections under ERISA.

ERISA provides that all plan participants shall be entitled to:

#### Receive Information about Your Plan and Benefits

- (a) Examine, without charge, at the plan administrator's office and at other specified locations, such as worksites and union halls, all documents governing the plan, including insurance contracts and collective bargaining agreements, and a copy of the latest annual report (Form 5500 Series) filed by the plan with the U. S. Department of Labor and available at the Public Disclosure Room of the Employee Benefits Security Administration.
- (b) Obtain, upon written request to the plan administrator, copies of documents governing the operation of the plan, including insurance contracts, collective bargaining agreements and copies of the latest annual report (Form 5500 Series) and updated summary plan description. The administrator may make a reasonable charge for the copies.
- (c) Receive a summary of the plan's annual financial report. The plan administrator is required by law to furnish each participant with a copy of this summary annual report.

#### Prudent Actions by Plan Fiduciaries

In addition to creating rights for plan participants, ERISA imposes duties upon the people who are responsible for the operation of the employee benefit plan. The people who operate the plan, called "fiduciaries" of the plan, have a duty to do so prudently and in the interest of plan participants and beneficiaries. No one, including your employer, your union, or any other person may fire you or otherwise discriminate against you in any way to prevent you from obtaining a welfare benefit or exercising your rights under ERISA.

#### Enforcement of Your Rights

If your claim for a welfare benefit is denied or ignored, in whole or in part, you have a right to know why this was done, to obtain copies of documents relating to the decision without charge, and to appeal any denial, all within certain time schedules (see Claims Procedures below).

## Statement of Erisa Rights (Cont.)

---

Under ERISA, there are steps you can take to enforce the above rights. For instance, if you request a copy of plan documents or the latest annual report from the plan and do not receive them within 30 days, you may file suit in a state or Federal court. In such a case, the court may require the plan administrator to provide the materials and pay you up to \$110.00 a day until you receive the material, unless the materials were not sent because of reasons beyond the control of the administrator. If you have a claim for benefits which is denied or ignored, in whole or in part, you may file suit in a federal court. If it should happen that plan fiduciaries misuse the plan's money or if you are discriminated against for asserting your rights, you may seek assistance from the U.S. Department of Labor, or you may file suit in a Federal court. The court will decide who should pay court costs and legal fees. If you are successful, the court may order the person you sued to pay these costs and fees. If you lose, the court may order you to pay these costs and fees, for example, if it finds that your claim is frivolous.

### **Assistance with Questions**

If you have questions about the plan, you should contact the plan administrator. If you have questions about this statement or about your rights under ERISA, or if you need assistance in obtaining documents from the plan administrator, you should contact the nearest office of the Employee Benefits Security Administration, U.S. Department of Labor listed in your telephone directory or the Employee Benefits Security Administration, U.S. Department of Labor, 200 Constitution Avenue N.W., Washington D.C. 20210. You may also obtain certain publications about your rights and responsibilities under ERISA by calling the publications hotline of the Employee Benefits Security Administration.

### **Qualified Medical Child Support Order and Qualified Domestic Relations Order**

Federal law required that group health plans provide medical coverage for a dependent child pursuant to a qualified medical child support order (QMCSO). A dependent child also includes a child for whom You must provide Vision Insurance due to a QMCSO as defined in the ERISA Section 609(a) United States Employee Retirement Income Security Act of 1974, as amended.

You and your beneficiaries can obtain, without charge, from the plan administrator, a copy of any procedures governing Qualified Domestic Relations Orders (QDRO) and QMCSO. You may also obtain this information on the U.S. Department of Labor's website or You may contact them in your telephone directory.

A dependent enrolled due to a QMCSO will not be considered a late enrollee in the plan.

If you have questions about this section, see your plan administrator.

Guardian has discretionary authority to determine eligibility for benefits and coverage under those documents. Guardian has the right to secure independent professional healthcare advice and to require such other evidence as needed to decide your claim.

**Definitions** "Adverse Benefit Determination" means any denial, reduction or termination of a benefit or failure to provide or make payment (in whole or in part) for a benefit.

**Timing for Initial  
Benefit  
Determination** The Benefit Determination period begins when a claim is received. Guardian will make a Benefit Determination and notify a claimant within a reasonable period of time, but not later than the maximum time period shown below. A written or electronic notification of any Adverse Benefit Determination must be provided.

Guardian will provide a Benefit Determination not later than 45 days from the date of receipt of a claim. This period may be extended by up to 30 days if Guardian determines that an extension is necessary due to matters beyond the control of the plan, and so notifies the claimant before the end of the initial 45-day period. Such notification will include the reason for the extension and a date by which the determination will be made. If prior to the end of the 30-day period Guardian determines that an additional extension is necessary due to matters beyond the control of the plan, and so notifies the claimant, the time period for making a Benefit Determination may be extended for up to an additional period of up to 30 days. Such notification will include the special circumstances requiring the extension and a date by which the final determination will be made.

A notification of an extension to the time period in which a Benefit Determination will be made will include an explanation of the standards upon which entitlement to a benefit is based, any unresolved issues that prevent a decision of the claim, and the additional information needed to resolve those issues.

If Guardian extends the time period for making a Benefit Determination due to a claimant's failure to submit information necessary to decide the claim, the claimant will be given at least 45 days to provide the requested information. The extension period will begin on the date on which the claimant responds to the request for additional information.

**Adverse Benefit Determination**

If a claim is denied, Guardian will provide a notice that will set forth:

- The specific reason(s) for the Adverse Benefit Determination;
- References to the specific provisions in the Policy, Certificate, plan or other documents, on which the determination is based;
- A description of any additional material or information necessary to reconsider the claim and an explanation of why such material or information is necessary;
- A description of the plan's claim review procedures which a claimant may follow to have a claim for benefits reviewed and the time limits applicable to such procedures;
- Identification and description of any specific internal rule, guideline or protocol that was relied upon in making an Adverse Benefit Determination, or a statement that a copy of such information will be provided to the claimant free of charge upon request;
- A description of the plan's review procedures and the time limits applicable to such procedures, including a statement of the claimant's right to bring a civil action under ERISA Section 502(a) following an Adverse Benefit Determination on appeal, and;
- In the case of an Adverse Benefit Determination based on medical necessity or experimental treatment, either an explanation of the scientific or clinical basis for the determination, or a statement that such explanation will be provided free of charge upon request.

**Appeal of Adverse Benefit Determinations**

If a claim is wholly or partially denied, the claimant will have up to 180 days to make an appeal. Guardian will conduct a full and fair review of an appeal which includes providing to claimant(s) the following:

- The opportunity to submit written comments, documents, records and other information relating to the claim;
- The opportunity, upon request and free of charge, for reasonable access to, and copies of, all documents, records and other information relevant to the claim; and
- A review that takes into account all comments, documents, records and other information submitted by the claimant relating to the claim, without regard to whether such information was submitted or considered in the initial benefit determination.

In reviewing an appeal, Guardian will:

- Provide for a review conducted by a named fiduciary who is neither the person who made the initial Adverse Benefit Determination nor that person's subordinate;

- In deciding an appeal based upon a vision or medical judgment, consult with a health care professional who has appropriate training and experience in the field of medicine involved in the medical judgment;
- Identify vision or medical experts whose advice was obtained in connection with an Adverse Benefit Determination;
- Ensure that a health care professional engaged for consultation regarding an appeal based upon a professional judgment shall be neither the person who was consulted in connection with the Adverse Benefit Determination, nor that person's subordinate.

Guardian will notify the claimant of its decision not later than 45 days after receipt of the request for review of the Adverse Benefit Determination. This period may be extended by an additional period of up to 45 days if Guardian determines that special circumstances require an extension of the time period for processing and so notifies the claimant before the end of the initial 45-day period.

A notification with respect to an extension will indicate the special circumstances requiring an extension of the time period for review, and the date by which the final determination will be made.

In the event Guardian denies the appeal of an Adverse Benefit Determination, it will:

- Provide the specific reason or reasons why the appeal was denied;
- Refer to the specific provisions in the Policy, Certificate, plan, or other documents on which the benefit determination is based;
- Provide a statement that the claimant is entitled to receive, upon request and free of charge, reasonable access to, and copies of, all documents, records, and other information relevant to the claimant's claim for benefits;
- If applicable, provide the internal rule, guideline, protocol, or other similar criterion relied upon in making the Adverse Benefit Determination, either the specific rule, guideline, protocol, or other similar criterion; or a statement that such rule, guideline, protocol, or other similar criterion was relied upon in making the Adverse Benefit Determination and that a copy of the rule, guideline, protocol, or other similar criterion will be provided free of charge to the claimant upon request.

**Alternative Dispute Options** The claimant and the plan may have other voluntary alternative dispute resolution options, such as mediation. One way to find out what may be available is to contact the local U.S Department of Labor Office and the State insurance regulatory agency.

- The following is added to **How This Plan Works:**

If a Covered Person requires Emergency Care, as defined below, the Covered Persons Payment Rate will be the same for those emergency services provided by a Preferred Provider as those provided by a Non-Preferred Provider. What We pay is based on all of the other terms of this Certificate.

Emergency Care means services or supplies that are provided by a provider that are needed immediately because of an injury or sudden illness and the time required to reach a Preferred Provider can reasonably be expected to result in serious deterioration of, or risk of permanent damage to, the Covered Persons health. These services are considered to be Emergency Care as long as transfer of the Covered Person to a Preferred Provider is precluded because of risk to the Covered Persons health or because transfer would be unreasonable, given the distance involved in the transfer or the nature of the vision condition.

The discount is available for 12 months after the initial examination from the same Preferred Provider.

**Adverse Determination:** This term means a determination by a utilization review agent (URA) that the vision care services provided or proposed to be provided to the Covered Person are not medically necessary or are experimental or investigational.

**Certification:** This term means a determination that the vision care services being provided or proposed to be provided to a Covered Person meet the criteria for medical necessity and appropriateness.

**Emergency Care:** This term means vision care services provided in a hospital emergency facility or comparable facility to evaluate and stabilize medical conditions of a recent onset and severity, including but not limited to severe pain, that would lead a prudent layperson who has an average knowledge of medicine and health to believe that his or her condition, sickness, or injury is of such a nature that failure to get immediate medical care could result in: (a) placing a Covered Person's health in serious jeopardy; (b) serious impairment to bodily functions; (c) serious dysfunction of any bodily organ or part; (d) serious disfigurement; or (e) in the case of a pregnant woman, serious jeopardy to the health of the fetus.

**External Review:** This term means the review of an adverse determination by an independent review organization (IRO).

**Life-Threatening:** This term means a disease or condition for which the likelihood of death is probable unless the course of the disease or condition is interrupted. A life-threatening condition exists if a prudent layperson who has an average knowledge of medicine and health would believe that his or her disease or condition is a life-threatening condition.

**Prospective Review:** This term means a utilization review conducted prior to a course of treatment.

**Retrospective Review:** This term means the utilization review process of reviewing the medical necessity and reasonableness of health care that has been provided to a Covered Person.

**Working Day:** This term means a weekday. It excludes: (a) New Years Day; (b) Memorial Day; (c) Fourth of July; (d) Labor Day; (e) Thanksgiving Day; and (f) Christmas Day.

### **Utilization Review Determinations**

When the initial determination is certification, written notification will be sent to a Covered Person and the Covered Person's provider within two working days of making the determination.

The URA will make an initial determination in a prospective review within three working days of receipt of all information needed to complete the review.

The URA will make an initial determination in a concurrent review within three working days of receipt of all information needed to complete the review.

The URA will make an initial determination in a retrospective review within 30 days of receipt of all information needed to complete the review. This period may be extended once by the URA for a period not to exceed 15 days, if the URA:

- determines that an extension is necessary due to matters beyond the URA's control; and
- notifies the provider of record and the Covered Person before the expiration of the initial 30-day period of the circumstances requiring the extension and the date by which the URA expects to make a determination.

If the extension is required because of the failure of the provider of record or the Covered Person to submit information necessary to reach a determination on the request, the notice of extension must:

- specifically describe the required information necessary to complete the request; and
- give the provider of record and the Covered Person at least 45 days from the date of receipt of the notice of extension to provide the specified information.

If the period for making the determination under this section is extended because of the failure of the provider of record or the Covered Person to submit the information necessary to make the determination, the period for making the determination is tolled from the date on which the URA sends the notification of the extension to the provider of record or the Covered Person until the earlier of:

- the date on which the provider of record or the Covered Person responds to the request for additional information; or
- the date by which the specified information was to have been submitted.

Notice of adverse determination will include:

- the principal reasons for the adverse determination;
- the clinical basis for the adverse determination;
- a description of the source of the screening criteria that were used in making the determination;

- a description of the complaint and appeal process; and
- the independent review notification procedures, and the independent review request form.

For life-threatening conditions, notice of adverse determination will be given within the time frames shown above. In circumstances involving a life-threatening condition, the Covered Person, person acting on the Covered Person's behalf, or the Covered Person's provider of record is entitled to immediate external appeal by independent review and is not required to comply with procedures for reconsideration or internal appeals.

### Internal Appeals

A Covered Person, a person acting on the Covered Person's behalf, or the Covered Person's provider may appeal an adverse determination orally or in writing.

**Standard Appeal:** The request for standard appeal should be made or sent to the URA or to:

**Vision Appeals**

PO Box 2350  
Rancho Cordova, CA 95741

A licensed provider or licensed vision care professional who typically manages the vision condition under review and who did not previously review the case will review the appeal.

A decision will be made within a timeframe appropriate to the vision immediacy of the condition, treatment or procedure under review but in no event later than one working day after receipt of all information required to make the decision.

The request is made by completing the request form and executing the authorization to release medical information and sending them to the URA or to:

**Vision Appeals**

PO Box 2350  
Rancho Cordova, CA 95741

Upon receipt of the request for external review, the Department will be notified of the request. The Department will assign an independent review organization (IRO) within one working day and will notify Guardian and the IRO of the assignment. The Department will notify the Covered Person or a person acting on behalf of the Covered Person and the Covered Person's provider within one working day of making the assignment.

- any relevant portions of the utilization review plan used in making the decision;
- a copy of the written notice of the appeal's denial;
- any documentation and written information submitted by the appealing party in support of the appeal; and
- a list of the names, addresses, and phone numbers of each provider who has provided care to the Covered Person and who may have vision records relevant to the appeal.

The IRO should review the case and render a decision within the time frames shown below.

- If a life-threatening condition exists, the earlier of: (a) five working days of receipt of all information needed to complete the review; and (b) eight working days of receipt of the request for review.
- If a life-threatening condition does not exist, the earlier of: (a) 15 working days of receipt of all information needed to complete the review; and (b) 20 working days of receipt of the request for review.

The IRO should notify the Covered Person or person acting on behalf of the Covered Person and the Covered Person's provider of the decision.

B442.0009

**All Options**

---

**When Employee Coverage Starts**

Whether You must pay all or part of the cost of Your coverage, You must elect to enroll and agree to make the required payments before Your coverage will start. If You do not elect this coverage within 31 days of Your Eligibility Date, You must wait until the next scheduled group enrollment period. Once each year, during the group enrollment period, You may elect to enroll in this coverage as offered by Your Employer. As used here, "group enrollment period" means an annual open enrollment period set by Your Employer and agreed to by Us. During this period, You can choose the Group Accident coverage Your Employer offers. A group enrollment period is usually held once a year and often lasts for 30 days.

B442.0014

Sometimes, a scheduled effective date is not a regularly scheduled work day. If the scheduled effective date falls: on a holiday; on a vacation day; on a non-scheduled work day; during a layoff of less than 90 days in duration; during an approved leave of absence not due to Sickness or Injury, of 90 days or less; or on a day during a period of absence that is less than 7 days in duration; and if: (a) You were fully capable of performing the major duties of Your regular occupation for the Employer on a Full-Time basis at 12:01 AM standard time for Your place of residence on the scheduled effective date; and (b) You were performing the major duties of Your regular occupation and working Your regular number of hours on Your last regularly scheduled work day; Your coverage will start on the scheduled effective date.

This 26 week total leave period applies to all leaves granted to You under this section for all reasons. If You take an additional leave of absence in a subsequent 12 month period, continued coverage will cease at the end of a total leave period of 12 weeks.
- In any other case, the end of a total leave period of 12 weeks in any 12 month period.

**CERTIFICATE RIDER - Rainy Day Fund**

---

This Rider is effective as of the effective date of the Employee's Certificate. If this Rider is added to an inforce Certificate, the Rider becomes effective on its issue date. This Rider amends the Certificate by the addition of the following:

**Rainy Day Fund**

The "Rainy Day Fund" provides a Covered Person with additional benefits when he or she has exhausted a benefit frequency limitation, which applies to a particular benefit, as shown in the Certificate's Schedule of Benefits and/or the Accident Benefits section of the Certificate.

Each Benefit Year, the Rainy Day Fund is available to extend a benefit which the Covered Person has exhausted due to a frequency limitation in that Benefit Year.

We will pay from the Rainy Day Fund, the amounts shown in the Certificate's Schedule of Benefits, for each covered benefit or service. However, We limit what We pay to the amount remaining in the Covered Person's Rainy Day Fund.

**Benefit Amounts**

Initial Rainy Day Fund Amount: \$400.00

Rainy Day Rollover Maximum: \$200.00

Rainy Day Fund Maximum: \$800.00

Each Covered Person starts each Benefit Year with at least the Initial Rainy Day Fund Amount in their Rainy Day Fund. Each Benefit Year, we will use the fund to pay claims until it's exhausted.

If, at the end of a Benefit Year, all available funds are not used to pay claims, the remaining amount is rolled over to the next Benefit Year, subject to the Rainy Day Rollover Maximum. The amount rolled over is added to the greater of the next Benefit Year's Initial Rainy Day Fund Amount or the remaining amount at the end of the Benefit Year. However, we limit the amount in each Covered Person's Rainy Day Fund to the Rainy Day Fund Maximum.

By Covered Person, We mean You, as an Employee covered under this Rider or Your covered dependent Spouse or child.

Benefit Year means a 12 month calendar year.

The Rainy Day Fund does not apply to the following benefits, if these benefits are shown in this Certificate, including any Riders:

- Burn;
- Burn Skin Graft;
- Coma;

- Concussion;
- Concussion Baseline Study;
- Disability;
- Dislocations;

If a Covered Person ports Accident coverage, his or her Rainy Day Fund balance under this Rider is transferred to the ported certificate.

## **CERTIFICATE RIDER - Portability Privilege**

---

This Rider is effective as of the effective date of the Employee's Certificate. If this Rider is added to an inforce Certificate, the Rider becomes effective on its issue date. This Rider amends the Certificate by the addition of the following:

### **Portability Privilege**

As used in this Rider, the terms "Port" and "to Port" mean to choose a Portable Certificate of Coverage which provides Group Accident coverage. Portability is subject to all the conditions described below.

- You may Port Your own coverage, and coverage for any of Your dependents, if coverage under this Policy and Certificate ends because You:
  - Have terminated employment;
  - Stop being a member of an eligible class of Employees; or
  - Have terminated or lost coverage under the Group Accident Policy and Certificate.
- You may not Port Your coverage, or coverage for any of Your dependents, if coverage under this Policy and Certificate ends due to failure to pay any required premium.

### **Portability Options**

You may Port:

- Your coverage only;
- Your coverage and the coverage of your Spouse;
- Your coverage and the coverage of all of Your dependents;
- Your coverage and the coverage of all of Your dependent child(ren), if You are a single parent;

No other combinations will be allowed.

A dependent must be covered as of the date Your coverage under this Policy and Certificate ends in order to be eligible to Port.

If You die while covered for Group Accident coverage, Your Spouse may Port the dependent coverage on behalf of himself or herself, and the dependent child(ren). The Spouse and dependent child(ren) must be covered under this Policy and Certificate on the date of Your death. This option is not available if there is no surviving Spouse.

### **How to Port Coverage**

You or Your surviving Spouse or dependent child(ren) must:

- Apply to Us in writing; and
- Pay the required premium.

You or Your surviving Spouse or dependent child(ren) must do this within 31 days from the date Your coverage under this Policy and Certificate ends.

We will not ask for proof that You or Your surviving Spouse or dependent child(ren) are in good health.

#### **The Portable Certificate of Coverage**

The Portable Certificate of Coverage provides Group Accident coverage. The premium for the Portable Certificate of Coverage will be based on Your rate class under this Policy and Certificate or Your surviving Spouse's rate shown in the Accident Portability Coverage Premium Notice.

This Rider amends the Certificate by replacing the **Doctor Follow-Up Visit** provision in the **Accident Benefits** section as shown below.

**Doctor Follow-Up Visit:** We pay the amount shown in the Schedule of Benefits if a Covered Person requires additional follow up treatments (not including Outpatient Therapies) after initial Emergency Room treatment or Initial Doctor's Office/Urgent Care Facility Treatment. The follow-up treatment must be provided by a Doctor in a Doctor's office, through Telemedicine Services, or in a Hospital on an outpatient basis. **STATEMENT OF ERISA RIGHTS**

**The Guardian Life Insurance Company of America**

10 Hudson Yards  
New York, New York 10001  
(212) 598-8000

Your group accident insurance benefits may be covered by the Employee Retirement Income Security Act of 1974 (ERISA). If so, you are entitled to certain rights and protections under ERISA.

ERISA provides that all plan participants shall be entitled to:

**Receive Information about Your Plan and Benefits**

- (a) Examine, without charge, at the plan administrators office and at other specified locations, such as worksites and union halls, all documents governing the plan, including insurance contracts and collective bargaining agreements, and a copy of the latest annual report (Form 5500 Series) filed by the plan with the U. S. Department of Labor and available at the Public Disclosure Room of the Employee Benefits Security Administration.
- (b) Obtain, upon written request to the plan administrator, copies of documents governing the operation of the plan, including insurance contracts, collective bargaining agreements and copies of the latest annual report (Form 5500 Series) and updated summary plan description. The administrator may make a reasonable charge for the copies.
- (c) Receive a summary of the plan's annual financial report. The plan administrator is required by law to furnish each participant with a copy of this summary annual report.

**Prudent Actions by Plan Fiduciaries**

In addition to creating rights for plan participants, ERISA imposes duties upon the people who are responsible for the operation of the employee benefit plan. The people who operate the plan, called "fiduciaries" of the plan, have a duty to do so prudently and in the interest of plan participants and beneficiaries. No one, including your employer, your union, or any other person may fire you or otherwise discriminate against you in any way to prevent you from obtaining a welfare benefit or exercising your rights under ERISA.

**Enforcement of Your Rights**

If your claim for a welfare benefit is denied or ignored, in whole or in part, you have a right to know why this was done, to obtain copies of documents relating to the decision without charge, and to appeal any denial, all within certain time schedules (see Claims Procedures below).

Under ERISA, there are steps you can take to enforce the above rights. For instance, if you request a copy of plan documents or the latest annual report from the plan and do not receive them within 30 days, you may file suit in Federal court. In such a case, the court may require the plan administrator to provide the materials and pay you up to \$110.00 a day until you receive the material, unless the materials were not sent because of reasons beyond the control of the administrator. If you have a claim for benefits which is denied or ignored, in whole or in part, you may file suit in a state or federal court. If it should happen that plan fiduciaries misuse the plans money or if you are discriminated against for asserting your rights, you may seek assistance from the U.S. Department of Labor, or you may file suit in a Federal court. The court will decide who should pay court costs and legal fees. If you are successful, the court may order the person you sued to pay these costs and fees. If you lose, the court may order you to pay these costs and fees, for example, if it finds that your claim is frivolous.

### **Assistance with Questions**

If you have questions about the plan, you should contact the plan administrator. If you have questions about this statement or about your rights under ERISA, or if you need assistance in obtaining documents from the plan administrator, you should contact the nearest office of the Employee Benefits Security Administration, U.S. Department of Labor listed in your telephone directory or the Employee Benefits Security Administration, U.S. Department of Labor, 200 Constitution Avenue N.W., Washington D.C. 20210. You may also obtain certain publications about your rights and responsibilities under ERISA by calling the publications hotline of the Employee Benefits Security Administration.

B442.0581

### **Accident Insurance Claims Procedure**

If you seek benefits under the plan you should complete, execute and submit a request for claim. Instructions for filing claims may be obtained from The Guardian Life Insurance Company of America (hereinafter referenced as Guardian.)

Guardian is the Claims Fiduciary with the authority to interpret and construe the terms of the Policy, the Certificate, the Schedule of Benefits, and any riders, or other documents or forms that may be attached to the Certificate or the Policy, and any other plan documents. Guardian has the authority to determine eligibility for benefits and coverage under those documents. Guardian has the right to secure independent professional healthcare advice and to require such other evidence as needed to decide your claim.

In addition to the basic claim procedure explained in your Certificate, Guardian will also observe the procedures listed below. These procedures are the minimum requirements for benefit claims procedures of employee benefit plans covered by Title 1 of ERISA.

### **Definitions**

"Adverse determination" means a denial, reduction, or termination of, or a failure to provide or make payment (in whole or in part) for, a benefit, including any such denial, reduction, termination, or failure to provide or make payment that is based on a determination of a participants or beneficiary's eligibility to participate in a plan.

### **Timing for Initial Benefit Determination of Accident Insurance Claims**

The benefit determination period begins when a claim is received. Guardian will make a benefit determination and notify a claimant within a reasonable period of time, but not later than the maximum time period shown below. A written or electronic notification of any adverse benefit determination must be provided.

Guardian will provide a benefit determination not later than 90 days from the date of receipt of a claim. This period may be extended by up to 90 days if Guardian determines that an extension is necessary due to special circumstances, and so notifies the claimant before the end of the initial 90-day period. Such notification will include the reason for the special circumstances requiring the extension and a date by which the determination is expected to be made.

A notification of an extension to the time period in which a benefit determination will be made will include an explanation of the standards upon which entitlement to a benefit is based, any unresolved issues that prevent a decision of the claim, and the additional information needed to resolve those issues.

### **Adverse Benefit Determination of Accident Insurance Claims**

If a claim is denied, Guardian will provide notice that will set forth:

- The specific reason(s) for the adverse determination;
- References to the specific provisions in the Policy, Certificate, plan or other documents, on which the determination is based;
- A description of any additional material or information needed to perfect the claim, and an explanation of why such material or information is necessary;
- A description of the plan's claim review procedures which a claimant may follow to have a claim for benefits reviewed and the time limits applicable to such procedures; and
- A description of the plan's review procedures and the time limits applicable to such procedures, including a statement of the claimant's right to bring a civil action under ERISA Section 502(a) following an adverse benefit determination on review.

B442.0582

### **Appeals of Adverse Determinations of Accident Insurance Claims**

If a claim is wholly or partially denied, you will have up to 60 days to make an appeal. Guardian will conduct a full and fair review of an appeal which includes providing to claimants the following:

- The opportunity to submit written comments, documents, records and other information relating to the claim;
- The opportunity, upon request and free of charge, for reasonable access to, and copies of, all documents, records and other information relevant to the claim; and
- A review that takes into account all comments, documents, records and other information submitted by the claimant relating to the claim, without regard to whether such information was submitted or considered in the initial benefit determination.

In reviewing an appeal, Guardian will notify the claimant of its decision not later than 60 days after receipt of the request for review of the adverse determination. This period may be extended by an additional period of up to 60 days if Guardian determines that special circumstances require an extension of the time period for processing and so notifies the claimant before the end of the initial 60-day period.

A notification with respect to an extension will indicate the special circumstances requiring an extension of the time period for review, and the date by which the final determination will be made. In the event Guardian denies the appeal of an adverse benefit determination, it will:

- Provide the specific reason or reasons why the appeal was denied;
- Refer to the specific provisions in the Policy, Certificate, plan, or other documents on which the benefit determination is based;
- Provide a statement that the claimant is entitled to receive, upon request and free of charge, reasonable access to, and copies of all documents, records, and other information relevant to the claimants claim for benefits.

#### **Alternative Dispute Options**

The claimant and the plan may have other voluntary alternative dispute resolution options, such as mediation. One way to find out what may be available is to contact the local U.S Department of Labor Office and the State insurance regulatory agency.
