Trump Account Contribution Program (TACP)
Employer Contribution Request Form

The purpose of the Trump Account Contribution Program (TACP) is to provide eligible employees of NRP Investments LLC (NRP) with an annual employer matching contribution for eligible dependent children who have an active Trump Account (Account) established in the child's name.

Under the approved program design, NRP will make an annual matching contribution of up to $500 per eligible dependent child (up to a combined total of $2,500 annually), provided the employee satisfies the applicable service, employment, dependent verification, account documentation, employee contribution, and submission requirements. NRP's contribution will be excluded from the employee's gross income. It is the responsibility of the employee to deposit that money into the child's account within that tax year.

Before the Company processes an employer contribution, you must complete the form below, add your dependent in Workday and provide supporting documentation to verify their relationship to you and provide documentation demonstrating that the Trump Account has been established and funded. Please upload documentation from your Trump Account provider showing:

- The account beneficiary/dependent's name;
- The Trump Account number; and
- A contribution to demonstrate that the account has been funded.

Acceptable documentation may include: an account statement, transaction confirmation, contribution confirmation, or other official documentation issued by the Trump Account provider. See the **How to Add a Dependent in Workday** instructions below.

3. Employee Certification

By submitting this form, I certify that:

- The information provided is true and complete to the best of my knowledge.
- The Trump Account identified above belongs to the employee/dependent identified in this request.
- The account has been established and funded.
- The individual identified as my dependent is my eligible dependent for purposes of the Company's TACP.
- I understand that the Company may request additional documentation or information before processing the contribution.
- I understand that the Company will determine the amount and timing of any employer contribution in accordance with the TACP and applicable law.
- I understand that the contribution that the Company makes is excluded from my taxable income and it is my responsibility to deposit the amount into the child's account.
- I understand that the Company may decline or delay a contribution if eligibility, account information, dependent status, documentation, or other required information cannot be verified.
